McBride, Bestern Kaani, Gad Elbeheri, 2023-07-28 This volume highlights the shortcomings concerning literacy development in Africa and collates the current available literature based on empirical research in various countries in a coherent manner Further emphasized is how the current research can guide practical information to improve the literacy situation in Africa The research studies will encompass various fields such as linguistics neurosciences and education and will provide future research directions and instructional recommendations to improve the literacy situation in Africa

The Emerald Handbook of Research Management and Administration Around the World Simon Kerridge, Susi Poli, Mariko Yang-Yoshihara, 2023-11-29 The ebook edition of this title is Open Access and freely available to read online The most comprehensive book about practitioners working in research management and administration with insights from around the globe and across disciplines to provide a

comprehensive account of RMAs as a profession The Handbook of Social Work and Social Development in Africa Mel Gray, 2016-10-26 All recent books on international social work mention Africa only briefly and few engage with the broader field of development studies This book focuses solely on the unique African context engaging with issues relating to social work and development more broadly thus enabling a deeper examination and more complex and nuanced picture to emerge Unlike most academic works this book highlights multiple practitioner voices with authors or co authors that have recently been or are currently practising social workers As an edited book it draws from both academic research as well as lived practice experience supported by strong theoretical positioning and guidance in introductory chapters drawing on African literature wherever possible Looking at case studies from Lesotho Botswana Kenya Zimbabwe Ethiopia Namibia Uganda Nigeria Kenya South Africa Rwanda Zambia and Tanzania and covering established areas of practice such as child protection working with older people working with people with disabilities mental health and mainstream services targeting women as well as emerging areas of developmental social work practice such as humanitarian assistance in post conflict situations work with immigrants and refugees and the training of community based workers this book takes a future oriented perspective that aims to move beyond well worn critiques to envision constructive and sustainable futures for social work and social development in Africa from a critical perspective **Handbook of Research on Innovative Technology**

Integration in Higher Education Nafukho, Fredrick Muyia, Irby, Beverly J., 2015-02-28 Our increasingly globalized world is driven by shared knowledge and nowhere is that knowledge more important than in education Now more than ever there is a demand for technology that will assist in the spread of knowledge through customized self paced and on demand learning The Handbook of Research on Innovative Technology Integration in Higher Education provides an international perspective on the need for information and communication technology in education and training Highlighting the use of technology in both formal and informal learning this book is an essential reference for academics corporate leaders government agencies profit and non profit organizations policymakers or anyone interested in the use of technology to educate and share information **Handbook on Cyber Hate** Anne Wagner, Sarah Marusek, 2024-08-06 Cyberhate is defined as racist

discriminatory negationist and violent statements made on social network platforms text platforms comment pages and more The Handbook on Cyber Hate the Modern Cyber Evil includes twenty seven chapters from scholars representing over fifteen countries from the Global North and the Global South demonstrating a range of multi faceted perspectives While providing such a focus these papers will also operate with a constantly evolving conceptualization of contemporary societies and their modern cyber evil Indeed modern cyber evil is a global concern and is primarily based on human minds and activities and on deviant uses of modern technologies which may differ ideologically historically and culturally on the global map of modern legal systems This plurality of perspectives which poses a challenge to our future is a strength of this handbook that offers a variety of foundations legal perspectives and popular developments in an effort to suggest measures to combat this modern

cyber evil infecting communications around the world Editors Anne Wagner and Sarah Marusek offer a unique collection of chapters involving the theoretical foundations legal perspectives and societal perspectives from popular culture of modern cyber evil in order to address and combat racism on the basis of alleged race skin color nationality descent and national or ethnic origin etc discrimination xenophobia on the basis of sex gender sexual orientation religious or philosophical beliefs health status physical characteristics etc hatred violence e predation and e victimization Advance Praise for Handbook on Cyber Hate The Modern Cyber Evil In Handbook on Cyber Hate The Modern Cyber Evil editors Anne Wagner and Sarah Marusek have masterfully created a much needed resource for understanding the complex and ever changing landscape of online hate and cyberbullying This comprehensive handbook delves deep into the murky waters of cyberevil offering insightful semiotic and transdisciplinary perspectives from a wide range of international scholars Each chapter deftly navigates the theoretical legal and societal dimensions of cyberhate shedding light on the complex interplay between technology law and culture The book s exploration of cyber hate is not just academic but a call to action It encourages readers denizens of the digital semiosphere to recognize and combat the insidious nature of online hate equipping them with knowledge and strategies for creating a safer digital world Covering topics from the study of benign exhibitionism the boundaries between speech and action in cyberhate legal intricacies of that speech trolling in social media and hegemonic masculinity to the cinematic portrayal of cyberbullying and the malicious use of memes this handbook is a beacon of hope and guidelines in our increasingly digital society What sets this handbook apart is its holistic approach It not only identifies problems but in many cases inspires solutions fostering a culture of responsible digital citizenship and empathy This is not just a book but a road map for creating a more inclusive and compassionate online community As we face the challenges of the digital age Handbook on Cyber Hate The Modern Cyber Evil is an indispensable handbook for researchers educators policy makers and all who seek to understand and combat the complexities of cyber hate This is a must read for shaping a more respectful and empathetic digital world Kristian Bankov Professor of Semiotics New Bulgarian University In the present time of great confusion caused by the blurring of the lines of distinction between the real and virtual worlds between artificial and human forms of intelligence and even between good and bad technologies representative for expressions of love and hate the Handbook on Cyber Hate The Modern Cyber Evil brings an urgently needed comprehensive and transdisciplinary reflection on the evil sides of human activities in cyberspace Rostam J Neuwirth Professor of Law and Head of Department of Global Legal Studies Faculty of Law University of Macau This is a time critical volume of significance which covers a range of aspects relating to one of the most pernicious social challenges of modern times Any scholar working in the field needs a copy at hand essential reading material in an ever evolving discussion The range of perspectives and discussions offers a unique critical mass from which to evaluate the progress the enduring challenge and the scope for hope in addressing cyberhate Kim Barker Professor of Law Lincoln Law School *Handbook of Research on Social Inequality and*

Education Wisdom, Sherrie, Leavitt, Lynda, Bice, Cynthia, 2019-06-28 In comparing one public school to another discussions frequently include talk concerning the socioeconomics of a school or district which then leads to talk about the advantages that one socioeconomic setting has over another Educators tend to agree that low academic achievement frequently associated with a low socioeconomic status is a characteristic difficult to resolve for a population of school children The Handbook of Research on Social Inequality and Education is a critical reference source that provides insights into social influences on school and educational settings Featuring an array of topics including online learning social mobility and teacher preparation this book is excellent for educational leaders educational researchers teachers academicians administrators instructional designers and teacher preparation programs The Handbook of Security Martin Gill, 2022-06-22 The substantially revised third edition of The Handbook of Security provides the most comprehensive analysis of scholarly security debates and issues to date It reflects the developments in security technology the convergence of the cyber and security worlds and the fact that security management has become even more business focused It covers newer topics like terrorism violence and cybercrime through various offence types such as commercial robbery and bribery This handbook comprises mostly brand new chapters and a few thoroughly revised chapters with discussions of the impact of the pandemic It includes contributions from some of the world's leading scholars from an even broader geographic scale to critique the way security is provided and managed It speaks to professionals working in security and students studying security related courses Chapter 5 is available open access under a Creative Commons Attribution 4.0 International License via link [springer.com](https://www.springer.com) **T&T Clark Handbook of Christian Theology and Climate Change** Hilda P. Koster, Ernst M. Conradie, 2019-12-12 The T these essays are critically engaged by respondents situated in other geographic regions minority communities non Christian traditions or non theological disciplines Structured in seven main parts the handbook explores 1 the need for collaboration with disciplines outside of Christian theology to address climate change 2 the need to find common moral ground for such collaboration 3 the difficulties posed by collaborating with other Christian traditions from within 4 the questions that emerge from such collaboration for understanding the story of God's work and 5 God's identity and character 6 the implications of such collaboration for ecclesial praxis and 7 concluding reflections examining whether this volume does justice to issues of race gender class other animals religious diversity geographical divides and carbon mitigation This rich ecumenical cross cultural conversation provides a comprehensive and in depth engagement with the theological and moral challenges raised by anthropogenic climate change **Handbook of Aging, Health and Public Policy** S. Irudaya Rajan, 2025-09-30 This handbook presents the latest information on all aspects of global aging with a focus on Asia including policies age associated diseases and conditions health services long term care living arrangements income and social security preventing abuse and the impact of migration on the elderly Furthermore the book presents a synthesis of research on population aging social protection policies crimes against the elderly new analyses of trends and discussions of major social

policy strategies Written by academics practitioners and policymakers in the field of gerontology the book offers an informative resource for demographers gerontologists economists anthropologists and other social scientists studying various facets of aging as well as students in the social and health sciences *Handbook of African Philosophy* Elvis Imafidon,Mpho Tshivhase,Björn Freter,2023-09-30 This Handbook provides in one volume rich comprehensive and rigorous coverage of specific subject areas and thematic concerns in the ever evolving academic discipline of African philosophy This Handbook is unique in its focus on central and emerging areas within African philosophy such as Afro communitarian philosophy ethics epistemology social and political philosophy existentialism philosophy of religion gender philosophy philosophy of education phenomenology transhumanism African philosophy futures and philosophy of the non human The thirty two chapters in this Handbook explore the rich textual and non textual forms of philosophical knowledge in Africa and adequately represent the broad and diverse scope of African philosophy showing the richness and depth of the philosophical tradition This reference work is indispensable to students and researchers in African philosophy comparative philosophy and world philosophies **Handbook of Research on Theoretical Perspectives on Indigenous Knowledge Systems in Developing Countries** Ngulube, Patrick,2016-09-12 There has been a growth in the use acceptance and popularity of indigenous knowledge High rates of poverty and a widening economic divide is threatening the accessibility to western scientific knowledge in the developing world where many indigenous people live Consequently indigenous knowledge has become a potential source for sustainable development in the developing world The Handbook of Research on Theoretical Perspectives on Indigenous Knowledge Systems in Developing Countries presents interdisciplinary research on knowledge management sharing and transfer among indigenous communities Providing a unique perspective on alternative knowledge systems this publication is a critical resource for sociologists anthropologists researchers and graduate level students in a variety of fields **Philosophical Inquiry with Children** Gilbert Burgh,Simone Thornton,2018-12-07 Philosophy in schools in Australia dates back to the 1980s and is rooted in the Philosophy for Children curriculum and pedagogy Seeing potential for educational change Australian advocates were quick to develop new classroom resources and innovative programs that have proved influential in educational practice throughout Australia and internationally Behind their contributions lie key philosophical and educational discussions and controversies which have shaped attempts to introduce philosophy in schools and embed it in state and national curricula Drawing together a wide range of eminent scholars and practitioners in the field of educational philosophy this anthology the first of its kind provides not only a historical narrative but an opportunity to reflect on the insights and experiences of the authors that have made history The collection is divided into three parts The overarching theme of Part I is the early years of Philosophy for Children in Australia and how they informed the course that the philosophy in schools movement would take Part II focuses on the events and debates surrounding the development and production of new materials including arguments for and against the suitability of the original Philosophy for Children

curriculum In Part III key developments relating to teaching philosophy in schools are analysed This collection of diverse views critical appraisals and different perspectives of historical currents is intended to stimulate thought provoking questions about theory and practice and to increase general awareness both nationally and internationally of the maturation of philosophy in schools in Australia It is also intended to encourage readers to identify emerging ideas and develop strategies for their implementation
