Means of Transport

People need to move from one place to another.
Goods also need to be moved from place to place.
There are many means of transport.
Transports are very useful to us.
Transports carry people and things easily and quickly.
There are many means of transport.

In old time, people travelled on foot.
Today, we have different means of transport.
There are mainly three types of transport :

a. Land transport

b. Water transport

c. Air transport
