

Quick Reference Guide **2005 Touareg** **-Getting you started**

New Customer

We are happy to welcome you into the family of Touareg Owners.

This Quick Reference Guide introduces a quick and clear overview of the operation and function of your vehicle. You'll also find described additional functions. Keep in mind that not all vehicle features are described in this Quick Reference Guide.

This Quick Reference Guide is not a substitute for the Owner's Manual. The Owner's Manual contains detailed information about all your vehicle's features plus important warnings about vehicle and passenger safety. Please read it carefully.

We wish you safe, reliable and enjoyable driving!

Volkswagen AG

A. L. King
D. King

Always make sure you follow the Owner's Manual for additional important vehicle safety information and warnings.

*Note: * Always always adjust or deactivate as soon as possible.*

Folding master key with remote control

To fold the key open, press the button A on the key.

- ①
- ②
- ③
- ④
- ⑤
- ⑥

- 1 - Lock button: To lock the vehicle, press the button once.
- 2 - Tailgate button: To unlock the tailgate, press the button and hold for about 3 seconds.
- 3 - Unlock button: To unlock the driver's door only, press the button once. To unlock all the vehicle doors, press the button twice.

Note: If you do not open a door in the tailgate within 30 seconds after having unlocked the vehicle using the remote, the vehicle will automatically re-lock itself.

- 4 - Hold button: To activate the Hold* function (door opens and the vehicle light blink), press the button. To cancel, press again.

Safety belts

All vehicle occupants, including those in the rear, must buckle up – even if it's just a short trip. For the best possible protection by the seat belts and airbags, the seat position must be close to the steering wheel or the instrument panel. Keep the seats in an upright position and make sure that the belts are fixed properly to the height of you and your passengers. Keep your feet on the floor at all times.

Safety belt position/head restraint position

The shoulder belt must rest over the middle of the shoulder. The top portion of the safety belt must fit snugly across the pelvis. Both portions of the safety belt must fit tightly. The upper edge of the head restraint should be at eye level or higher.

Seat position and distance to steering wheel

Always adjust the driver's seat to the steering wheel so that there is a minimum of 10 inches (25 cm) between your kneecaps and the steering wheel. Otherwise, the airbag system cannot protect you properly in the event of an accident and can increase your risk of serious personal injury and death.

Safety belt height adjustment

Make the adjustment up/down to adjust the height. After you've adjusted the safety belt height, pull on the belt one more time to make sure the adjuster is locked into place.

- a. *WARNING: Overweight adults and children (overweight teenagers and older children) should use adult proper adjusted seat and adjuster. Failure to properly use correct number of seats or correct adjusted seats can be fatal.*
- b. *WARNING: Always buckle safety belts before moving off. Always make sure passengers are properly buckled. Children 12 years old and younger must sit in the rear seat and be properly buckled in a separate or in the child's booster. The seating is supplemented and must be adjusted using your child's belt.*
- c. *WARNING: Do not spend too long sitting with your or other children in the front passenger seat. Children are not allowed beyond 12 years old when the seatbelt is being used.*

Power roof

With the ignition on, turn the switch on.

- 1 - Close
- 2 - Open to the constant position
- 3 - Open all the way
- 4 - Full open

a. *WARNING: Always be careful when using roof rack. Check to see that no one is in the way. An object placed before could result*
