Bioethics Critically Reconsidered H. Tristram

Engelhardt, 2011-11-19 Bioethics developed as an academic and clinical discipline during the later part of the 20th century due to a variety of factors Crucial to this development was the increased secularization of American culture as well as the dissolution of medicine as a quasi guild with its own professional ethics In the context of this moral vacuum bioethics came into existence Its raison d'être was opposition to the alleged paternalism of the medical community and traditional moral frameworks yet at the same time it set itself up as a source of moral authority with respect to biomedical decision making Bioethics serves as biopolitics in so far as it attempts to make determinations about how individuals ought to make medical decisions and then attempts to codify that in law Progressivism and secularism are ultimately the ideology of bioethics

Christian Worldview and the Academic Disciplines Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the differences that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful Downey and Porter present a unique contribution to the perennial question of how faith interacts with the academic disciplines Numerous factors contribute to this book's significance the common conviction that one's Christian beliefs ought to shape the contents of one's teaching the variety of perspectives and opinions and the wide range of academic disciplines

under discussion The essays originating among the excellent faculty of Trinity Western University will deservedly be much used in undergraduate colleges and universities Hans Borsma J I Packer Professor of Theology Regent College Few faculty Christian or otherwise understand what their colleagues in other departments are doing or why This collection of essays is not only an excellent introduction to the whole scope of academic enterprises but to the unique and important relationship between each discipline and the Christian faith An important book not only for the entire range of faculty but for students yearning to understand both their Christian faith and what is being taught in the classroom James W Sirf author of the Universe Next Door and with co author carl Peraino Deepest Differences A Christian Atheist Dialogue Christian Worldview and the Academic Disciplines is a book long overdue It will serve as an outstanding textbook for interdisciplinary courses But this book is more than that Christian Worldview and the Academic Disciplines is a book that everyone concerned with Christian thought especially in the context of the Academy will want to read I highly recommend it Craig A Evans Payment Distinguished Professor of New Testament Acadia Divinity College Nova Scotia One Case - Two Systems: A Comparative View of American and German Criminal Justice Systems Floyd Feeney, Joachim Herrmann, 2021-10-25 Using California as the model for the adversarial system and Germany as the model for the inquisitorial system this innovative work seeks to add a new dimension to the comparative study of criminal justice The basic idea is contained in the title One Case Two Systems Containing the first ever side by side portrayals of full American and German trials the book views a single case through two separate lenses one American one German Returning home unexpectedly from a vacation in the country an elderly man interrupts a night time burglary in his own house and is attacked as the burglar tries to escape By portraying an ordinary crime a burglary that turns into a robbery rather than a dramatic high profile murder the book provides a detailed working picture of the two systems and the contrasts between them Allowing the reader to observe and compare the formal steps that cases go through in the two systems it brings the work of the police the prosecution the defense and the courts to life by giving thoughts and reasons as well as actions Even the most critical documents are included Designed to illustrate the most important differences between the two systems the country chapters first portray the California investigation and prosecution and then take the same case through the German system Often seeing eye to eye but sometimes diverging sharply the two sets of comments focus on the critical issues depicted in the country chapters seeking to explain the similarities differences and peculiarities of the two systems Published under the Transnational Publishers imprint
