

Sour Howes

better known locally as
Appleshwaite Common

1568

from Troutbeck

Although all maps agree that the summit of this fell is named Sour Howes, the broadest flank, carrying the Garburn Pass Road down to Troutbeck, is far better known as Appleshwaite Common; this flank is traversed also by the pleasant Dubs Road. There is little about the fell to attract walkers, and nothing to justify a detour from the main Ill Bell ridge to the north, for although the views are really good they are better from the main ridge. There is heather on the eastern slopes, and therefore, inevitably, grouse; and therefore, inevitably, shooting birds; one may admire the construction of these birds while deploing their purpose.

The Dawn of Green Harriet Ritvo, 2009-09-16 Located in the heart of England's Lake District the placid waters of Thirlmere seem to be the embodiment of pastoral beauty But

under their calm surface lurks the legacy of a nineteenth century conflict that pitted industrial progress against natural conservation and helped launch the environmental movement as we know it Purchased by the city of Manchester in the 1870s Thirlmere was dammed and converted into a reservoir its water piped one hundred miles south to the burgeoning industrial city and its workforce This feat of civil engineering and of natural resource diversion inspired one of the first environmental struggles of modern times The Dawn of Green re creates the battle for Thirlmere and the clashes between conservationists who wished to preserve the lake and developers eager to supply the needs of a growing urban population Bringing to vivid life the colorful and strong minded characters who populated both sides of the debate noted historian Harriet Ritvo revisits notions of the natural promulgated by romantic poets recreationists resource managers and industrial developers to establish Thirlmere as the template for subsequent and continuing environmental struggles *Woodrow Wilson* John Coppack,2023-04-20 Woodrow Wilson s presidency coincided with the Great War the greatest catastrophic event to descend on Europe since the Black Death and the Paris Peace Conference of 1919 Both these seminal events had far reaching consequences that still haunt our world today The First World War elevated Wilson to a world statesman who reshaped the world map following the defeat of the Central Powers in 1918 Wilson s call to Congress in the Spring of 1917 to declare war against Germany ultimately changed the course of the war a war which Great Britain and France and their allies could well have lost By inheritance Wilson was from Scottish and Irish stock His mother was born in Carlisle in north west England Before he became the 28th president of the United States Wilson spent five summers in Britain mainly the Lake District which he regarded as his second home Wilson was a profoundly emotional man an incurable romantic an idealist Reading William Wordsworth s The Farewell would bring tears to his eyes Wilson was married twice and had three daughters by his first wife He also had a long standing extramarital infatuation with a married woman which brought him close to political disaster The book places a spotlight on the above aspects of Woodrow Wilson s life *The Companion Guide to the Lake District* Frank Welsh,1997 England s Lake District is thoroughly explored in this knowledgeable guide Frank Welsh is the consummate guide and companion writing with wit and intelligence and leaving hardly a stone unturned He covers both the less visited and in his view unappreciated parts of the Lake District as well as those which no visitor will want to miss Back cover **Desert Island Discs: 70 Years of Castaways** Sean Magee,2012-09-13 For seventy years now Desert Island Discs has managed that rare feat to be both enduring and relevant By casting away the biggest names of the day in science business politics showbiz sport and the arts it presents a cross sectional snapshot of the times in which we live As the decades have passed the programme has kept pace never frozen in time yet always somehow comfortingly the same Kirsty Young BBC Radio 4 s Desert Island Discs celebrates its seventieth birthday in 2012 Since the programme s deviser Roy Plomley interviewed comedian Vic Oliver in January 1942 nearly 3 000 distinguished people from all walks of life have been stranded on the mythical island accompanied by only eight records one book and a luxury Here the story of one of BBC Radio

4 s favourite programmes is chronicled through a special selection of castaways Roy Plomley inventor of the programme as well as its presenter for over forty years quizzes the young Cliff Richard about these rather frenzied movements the 1960s pop sensation makes on the stage Robert Maxwell tells Plomley s successor Michael Parkinson that I will have left the world a slightly better place by having lived in it Diana Mosley assures Sue Lawley that Adolf Hitler was extraordinarily fascinating and had mesmeric blue eyes And Johnny Vegas tugs Kirsty Young s heart strings with his account of a childhood so impoverished that family pets were fair game My dad had always claimed that rabbits were livestock but we d never eaten one before Desert Island Discs is much more than a radio programme It is a unique and enduringly popular take on our lives and times and this extensively illustrated book tells in rich detail the colourful and absorbing story of an extraordinary institution

William Wordsworth and the Invention of Tourism, 1820-1900 Saeko Yoshikawa,2016-02-17 In her study of the opening of the English Lake District to mass tourism Saeko Yoshikawa examines William Wordsworth s role in the rise and development of the region as a popular destination For the middle classes on holiday guidebooks not only offered practical

information but they also provided a fresh motive and a new model of appreciation by associating writers with places The nineteenth century saw the invention of Robert Burns's and Walter Scott's Borders Shakespeare's Stratford and the Brontë Country as holiday locales for the middle classes Investigating the international cult of Wordsworthian tourism Yoshikawa shows both how Wordsworth's public celebrity was constructed through the tourist industry and how the cultural identity of the Lake District was influenced by the poet's presence and works Informed by extensive archival work her book provides an original case study of the contributions of Romantic writers to the invention of middle class tourism and the part guidebooks played in promoting the popular reputations of authors
