Transforming Universities in South Africa

Transforming Universities in South Africa: Pathways to Higher Education Reform responds to the pressing need to comprehensively review the post-apartheid experience and assess where South Africa's higher education stands across the continent and globally, particularly within the country's efforts to overcome decades of socio-economic imbalances.

Corporate Social Responsibility in the 21st Century

Corporate social responsibility (CSR) is a fundamental part of corporate entities to assist human efforts toward addressing global challenges rather than exacerbating them. CSR helps companies to achieve social, economic, and ecological legitimacy. It also shapes industrial practices by maximizing socio-ecological sustainability. This book provides a practical understanding of CSR arrangements and practices. It demonstrates the significance, commitments, challenges, and benefits of CSR in different parts of the world. It includes convenient chapters that address such topics as sustainability and corporate innovation, CSR in the era of COVID-19, CSR and blockchain technology, CSR in universities, gender diversity in CSR, and much more.

Web-Based Education: Concepts, Methodologies, Tools and Applications

"This comprehensive collection offers a compendium of research on the design, implementation, and evaluation of online learning technologies, addressing the challenges and opportunities associated with the creation and management of Web-based applications and communities, instructional design, personalized learning environments, and effective educational delivery!"--Provided by publisher.

Cross-Border Challenges in Informatics with a Focus on Disease Surveillance and Utilising Big Data

Achieving and maintaining cross-border interoperability of electronic health records systems implies managing the continuous process of change and adaptation of a multitude of elements within and across electronic infrastructures in neighboring countries. _x000D_ This book presents the proceedings of the 11th Special Topics Conference (STC) of the European Federation for Medical Informatics (EFMI), held in Budapest, Hungary in April 2014. The EFMI STC is an important international forum which brings together computer and information sciences, medicine and technology to present results of current scientific work in health informatics processes, systems and technologies. The theme of EFMI STC 2014 is "Cross-border challenges in Informatics with a focus on disease surveillance and utilising big data".

An Electronic Patient Referral Application: A Case Study from Zambia

Electronic medical records (EMRs) benefit health systems, especially in low-income developing countries. EMR systems can give medical personnel access to patients' records and can reduce time needed for data management and record keeping. The report discusses the design, implementation, and results of an installed electronic perinatal patient-referral system supporting health personnel who referred patients through a
