

Praise for UNINTENDED CONSEQUENCES

"Magnificent...will terrify and appall jackbooted stormtroopers everywhere, and even more so the whimpering media geeks who squat to lick those boots." --Colorado Springs *Gazette-Telegraph*.

"This is the most disturbing book I have ever read. That said, it ranks only below Holy Scripture as required reading...the most frightening novel ever written about a federal bureaucracy spun totally out of control." --Peter Kokalis, editor of *Fighting Firearms*.

"That rarest of thrillers: a dynamic story with overwhelming national significance which requires no suspension of disbelief... you will not be able to put it down." --The *Special Forces Resister*.

"What Harriet Beecher Stowe did in 1853 [showing the horrors of slavery in *Uncle Tom's Cabin*] John Ross has done for today's struggle for individual freedom...Read it!" --Aaron Zelman, Executive Director, *Jews for the Preservation of Firearms Ownership*.

"A modern novel of liberty to rival Rand's *Atlas Shrugged*...a masterwork." --Vin Suprynowicz, *Las Vegas Review-Journal*.

"The most important work of fiction I have read in over a decade." --Dr. Edgar Suter, Chairman of *Doctors for Integrity in Policy Research*.

"Describes the scenario I've been worrying about for ten years... that damn Ross wrote my book!" --Col. James Jeffries III, the federal prosecutor who unearthed the evidence that forced Spiro Agnew to resign. Jeffries is now in private practice defending Constitutional issues.

Unintended Consequences John Ross:

Unintended Consequences John Ross, 1996 A rising by the pro gun lobby brings the government to its knees The story begins when Henry Bowman a geologist in Iowa fires on federal agents thinking they are terrorists The conflict escalates agents and congressmen die and to bring peace the president agrees to repeal anti gun laws and pardon the rebels *Lone Wolf Terror and the Rise of Leaderless Resistance* George Michael, 2021-04-30 On July 22 2011 Anders Behring Breivik detonated a car bomb in downtown Oslo Norway He didn't stop there traveling several hours from the city to ambush a youth camp while the rest of Norway was distracted by his earlier attack That's where the facts end But what motivated him Did he have help staging the attacks The evidence suggests a startling truth that this was the work of one man pursuing a mission he was convinced was just If Breivik did indeed act alone he wouldn't be the first Timothy McVeigh bombed a federal building in Oklahoma City based essentially on his own motivations Eric Robert Rudolph embarked on a campaign of terror over several years including the Centennial Park bombing at the 1996 Olympics Ted Kaczynski was revealed to be the Unabomber that same year And these are only the most notable examples As George Michael demonstrates in *Lone Wolf Terror and the Rise of Leaderless Resistance* they are not isolated cases Rather they represent the new way warfare will be conducted in the twenty first century *Lone Wolf Terror* investigates the motivations of numerous political and ideological elements such as right wing individuals ecoextremists foreign jihadists and even quasi governmental entities In all these cases those carrying out destructive acts operate as lone wolves and small cells with little or no connection to formal organizations Ultimately Michael suggests that leaderless resistance has become the most common tactical approach of political terrorists in the West and elsewhere

Avoiding The Terrorist Trap: Why Respect For Human Rights Is The Key To Defeating Terrorism Thomas David Parker, 2019-06-17 This book makes uncomfortable reading both in its detailed analysis of terrorism and its causes and in the critique of state responses particularly in modern times It is unusual to have such a defence of a human rights framework from a counter terrorism practitioner rather than from within the legal fraternity It is this that

makes the case even more persuasive All who are involved in counter terrorism strategy should consider carefully the arguments put forward Global Policy Journal For more than 150 years nationalist populist Marxist and religious terrorists have all been remarkably consistent and explicit about their aims provoke states into over reacting to the threat they pose then take advantage of the divisions in society that result Yet state after state falls into the trap that terrorists have set for them Faced with a major terrorist threat governments seem to reach instinctively for the most coercive tools at their disposal and in doing so risk exacerbating the situation This policy response seems to be driven in equal parts by a lack of understanding in the true nature of the threat an exaggerated faith in the use of force and a lack of faith that democratic values are sufficiently flexible to allow for an effective counter terrorism response Drawing on a wealth of data from both historical and contemporary sources Avoiding the Terrorist Trap addresses common misconceptions underpinning flawed counter terrorist policies identifies the core strategies that guide terrorist operations consolidates the latest research on the underlying drivers of terrorist violence and then demonstrates why a counter terrorism strategy grounded in respect for human rights and the rule of law is the most effective approach to defeating terrorism Confronting Right Wing Extremism and Terrorism in the USA George Michael, 2003-09-02 This study draws upon declassified government documents NGO reports and extremist literature to provide a thought provoking account of the extreme right challenge in America It will provide an invaluable resource to students of terrorism political violence and right wing extremism as well as appealing to the general reader with an interest in contemporary American politics Jacket **Unintended Consequences** F. LaMond Tullis, 1995 Right-Wing Extremism in Canada and the United States Barbara Perry, Jeff Gruenewald, Ryan Scrivens, 2022-06-29 This book is the first collection of scholarship featuring both Canadian and American scholarship on the resurgent right wing extremist movement in the two countries It is particularly timely given the recent rise in political populism that has engendered renewed activism from extreme right contingents Trump s right wing populist and white nationalist political campaign has galvanized Canadian and American white supremacist ideologies identities movements and practices Leading Canadian and American scholars are brought together to explore a contemporary array of current dynamics patterns and characteristics associated with the movement in each country Split into four sections it provides an introduction to extremism in the 21st century it examines studying extremism forms of extremist activity and violence and the responses The collection allows comparisons to be drawn out from the distinct treatments of each country It speaks to students as well as scholars in social sciences departments including criminology sociology social justice and terrorism peace and security studies and political violence related programs **The Day It Finally Happens** Mike Pearl, 2020-09-22 From a VICE magazine columnist a deeply entertaining if occasionally horrifying Joshua Piven coauthor of The Worst Case Scenario Survival Handbook look at how humanity is likely to weather such happenings as nuclear war a global internet collapse antibiotics shortages and even immortality If you live on planet Earth you re probably scared of the future How could you not

be Some of the world's most stable democracies are looking pretty shaky Technology is invading personal relationships and taking over jobs Relations among the three superpowers the US China and Russia are growing more complicated and dangerous A person watching the news has to wonder is it safe to go out there or not Taking inspiration from his virally popular VICE column How Scared Should I Be Mike Pearl games out many of the could it really happen scenarios we've all speculated about assigning a probability rating and taking us through how it would unfold He explores what would likely occur in dozens of possible scenarios among them the final failure of antibiotics the loss of the world's marine life a complete ban on guns in the US and even contact with extraterrestrial life and reports back from the future providing a clear picture of how the world would look feel and even smell in each of these instances For fans of such bestsellers as What If and The Worst Case Scenario Survival Handbook The Day It Finally Happens is about taking future events that we don't really understand and getting to know them in close detail Pearl's well researched speculations induce daydreams and nightmares and mark him as one of his generation's most interesting writers Alec Ross New York Times bestselling author

Eco-Warriors, Nihilistic Terrorists, and the Environment Lawrence E. Likar, 2011-04-07 The first book to thoroughly address the topic this volume examines the ideologies tactics and goals of environmental terrorists and offers a security planning methodology to defend against their attacks To counter eco terrorism we must understand why it occurs Eco Warriors Nihilistic Terrorists and the Environment is a comprehensive examination of the vulnerability of the natural environment of its nexus with the strategic goals of terrorists and of a security planning methodology that can prevent or ameliorate environmentally linked attacks The first book to comprehensively address the prevention of environmentally focused terrorism this work looks at the environment and the private and government facilities that impact it as assets to be protected Focusing on the capability of lone wolf terrorists and small self radicalizing cells to commit effective violent acts security expert Lawrence E Likar furnishes personality and operational profiles of both nihilistic and eco warrior terrorists showcasing an essential component of the behavioral science based security planning methodology he promotes Most critically the book addresses the gap in current security planning methodology and literature and it reveals novel intelligence gathering techniques operational procedures and countermeasures designed to defend against attacks

nationalism pro state terrorism militias and racism Each chapter offers the reader a clear understanding about why particular terror groups form while comparative analysis draws out commonalities and distinctions **We Defy!** Tommy Attaway Jr,2015-12-16 A small group of Texans become frustrated with the loss of liberty in their lives and determine that situation to be no longer tolerable Using the past as a guide they found their own community and proceed to establish a society based on the principles which founded the United States and Texas They decide to ignore unconstitutional edicts of the national government and live as the founders of the United States Intended for free people to live As the community grows the residents are confronted with issues of local government and eventually they come to the attention of federal government authorities Those authorities are determined to enforce the US Code of Federal Regulations and the Texas bid defiance Page 4 of cover **The Phinehas Priesthood** Danny W. Davis,2010-10-06 This book is centered on the words of leaderless resisters men labeled as Phinehas Priests or Army of God Warriors who use force to oppose what they consider unrighteous government or ungodly laws Positioned on America s extreme right they are guerrilla fighters clandestine operators who work in small cells or individually against the government and specific laws such as those that permit abortion Their beliefs and actions are the subject of The Phinehas Priesthood Violent Vanguard of the Christian Identity Movement As the book reveals individuals who follow the Phinehas model determine that there is a higher cause a greater good that negates all or some portion of civil law Based on that determination they resist perceived evil acknowledging only the leadership of their God The first part of this absorbing study examines organizational resistance and religious concepts and theories that drive these insurgents The second part describes the beliefs motivations and actions of selected resisters often using their own words to provide insights into the Christian Identity worldview and the extreme antiabortion movement Individuals such as Walter E Thody Clayton Waagner and James Kopp are quoted at length offering firsthand perspective on the facts and events discussed **The Return of Odin** Richard Rudgley,2018-03-13 A controversial examination of the influence and presence of the Norse god Odin in contemporary history and culture Documents Odin s role in the rise of Nazi Germany the 1960s counterculture revolution nationalist and ecological political movements and the occult revival Examines the spiritual influence of Odin in relation to Jesus Christ Profiles key individuals instrumental in the rise of the modern pagan renaissance Exploring the influence of the Norse god Odin in the modern world Richard Rudgley reveals Odin s central role in the pagan revival and how this has fueled a wide range of cultural movements and phenomena including Nazi Germany the 1960s counterculture revolution the Lord of the Rings the ecology movement and the occult underground Rudgley argues that it is Odin and not Jesus Christ who is the single most important spiritual influence in modern Western civilization He analyzes the Odin archetype first revealed by Carl Jung s famous essay on Wotan in the context of pagan religious history and explains the ancient idea of the Web a cosmic field of energies that encompasses time space and the hidden potentials of humanity the pagan equivalent to the Tao of Eastern tradition The author examines the importance of the concept of wyrd

which corresponds to fate or destiny exploring techniques to read destiny such as the Runes as well as the existence of yoga in prehistoric and pagan Europe which later produced the Norse Utisetia an ancient system of meditation Rudgley documents how the Odin archetype came into play in Nazi Germany with the rise of Hitler and the pagan counterculture of the 1960s He examines how the concept of subterranean and mythic realms such as the Hollow Earth Thule and Agartha and mysterious energies like Vril were manifested in both occult and profane ways and investigates key occult figures like Madame Blavatsky Guido von List and Karl Wiligut He provides pagan analyses of Tolkien and the Lord of the Rings and documents the impact the Odin archetype has had on nationalist and fascist groups in America and Europe Examining pagan groups in Europe and America that use the Norse template Rudgley reveals true paganism as holistic and intimately connected with the forces at work in the life of the planet Showing how this green paganism can be beneficial for dealing with the adverse consequences of globalization and the ongoing ecological crisis he explains how when repressed the Odin archetype is responsible for regressive tendencies and even mass psychosis a reflection of the unprecedented chaos of Ragnarok but if embraced the Odin archetype makes it possible for like minded traditions to work together in the service of life Eco Terrorism Fouad Sabry,2024-05-27 What is Eco Terrorism Eco terrorism is an act of violence which is committed in support of environmental causes against people or property How you will benefit I Insights and validations about the following topics Chapter 1 Eco terrorism Chapter 2 Radical environmentalism Chapter 3 Earth First Chapter 4 Craig Rosebraugh Chapter 5 Rod Coronado Chapter 6 Thermcon Chapter 7 Leaderless resistance Chapter 8 Domestic terrorism in the United States Chapter 9 Tre Arrow Chapter 10 Timeline of Earth Liberation Front actions II Answering the public top questions about eco terrorism Who this book is for Professionals undergraduate and graduate students enthusiasts hobbyists and those who want to go beyond basic knowledge or information for any kind of Eco Terrorism **Virtuous Policing** David G. Bolgiano,2017-08-09 It pulls no punches shuns no controversial topic and glosses over no issues or problems that beset America s law enforcement community in our day For those who may be prone to suspect the motives of these self confessed lovers of cops and warriors the title of this book should be sufficient to allay such concerns John C Hall Supervisory Sp **Lone Wolf and Autonomous Cell Terrorism** Jeffrey Kaplan,Heléne Lööw,Leena Malkki,2017-10-02 President Obama has declared that the greatest terrorist threat which America faces is attacks by lone wolf terrorists This volume expands the lone wolf rubric to include autonomous cells small groups of terrorists who cooperate but operate independently The challenge presented by lone wolves and autonomous cells unlike the threat emanating from established terrorist groups like Al Qaeda has proven intractable because of the difficulty of gathering intelligence on these actors or effectively countering their actions Lone wolves operate under the radar staging deadly attacks such as that at the Boston Marathon and the 2011 attacks in Norway This volume includes Theory and Policy Studies individual case studies and the technological impacts of chemical biological and nuclear weapons as well as the impact of social media in the process of recruitment and radicalization This book was

originally published as a special issue of Terrorism Political Violence **Founders** James Wesley Rawles, 2012-09-25 From the author of the instant New York Times bestseller Survivors comes its follow up another lightning paced thriller about survival in America after an apocalyptic socioeconomic crash

Defining Danger James W Clarke, 2018-02-06 Since 1789 when George Washington became the first president of the United States forty three men have held the nation s highest office Four were killed by assassins and serious attempts were made on the lives of eight others Add to that list the names of Martin Luther King Jr and Malcolm X and it is reasonable to conclude that political prominence in the United States entails grave risks In Defining Danger James W Clarke explores the cultural and psychological linkages that define assassinations and a new era of domestic terrorism in America Clarke notes an upsurge in political violence beginning with the assassination of John F Kennedy in 1963 Since then there have been ten assassination attempts on nationally prominent political leaders That is two more than the eight recorded in the previous 174 years of the nation s presidential history New elements of domestic terror in American life were introduced in the 1990s by Timothy McVeigh the Oklahoma City Bomber Ted Kaczynski the Unabomber and Eric Rudolph the abortion clinic bomber These men were politically motivated their crimes unprecedented These events and the perpetrators behind them are the subjects of this book The volume conveys two central themes The first is that individual acts of violence directed toward America s democratically elected leaders represent a defining element of American politics The second addresses how danger is defined through an analysis of the motives and characteristics of twenty one perpetrators responsible for these acts of political violence where shots were fired or bombs detonated and in most instances victims died The importance and originality of this material have been acknowledged in presentations to and consultations with the U S Secret Service and some of the nation s top independent private investigators It is written in an accessible and engaging style that will appeal to the informed general reader as well as to professionals in a variety of fields especially in the wake of recent events and the specter of future violence that sadly haunts us all

A Rhetoric of Style Barry Brummett, 2008-07-07 Exploring style in a global culture In A Rhetoric of Style Barry Brummett illustrates how style is increasingly a global system of communication as people around the world understand what it means to dress a certain way to dance a certain way to decorate a certain way to speak a certain way He locates style at the heart of popular culture and asserts that it is the basis for social life and politics in the twenty first century Brummett sees style as a system of signification grounded largely in image aesthetics and extrarational modes of thinking He discusses three important aspects of this system its social and commercial structuring its political consequences and its role as the chief rhetorical system of the modern world He argues that aesthetics and style are merging into a major engine of the global economy and that style is becoming a way to construct individual identity as well as social and political structures of alliance and opposition It is through style that we stereotype or make assumptions about others political identities their sexuality their culture and their economic standing To facilitate theoretical and critical analysis Brummett

develops a systematic rhetoric of style and then demonstrates its use through an in depth exploration of gun culture in the United States Armed with an understanding of how this rhetoric of style works methodologically students and scholars alike will have the tools to do their own analyses Written in clear and engaging prose *A Rhetoric of Style* presents a novel discussion of the workings of style and sheds new light on a venerable and sometimes misunderstood rhetorical concept by illustrating how style is the key to constructing a rhetoric for the twenty first century
