

ACTIVITY 25 Continued

14–18 Work Backward Reinforce the meaning of points on the graph of the hull speed function (length at waterline, hull speed). Students should locate the point where $x = 24$ on the graph to find the speed of a boat with a 24-foot length at the waterline. Students should locate the point where $y = 6$ on the graph to find the length at the waterline of a boat with a hull speed of 6 knots.

Check Your Understanding

Debrief students' answers to these items to ensure that they understand concepts related to interpreting the graph of a square root function.

Answers

19. The hull speed is about 4 knots.
20. The points on the graph are not $(1, 1)$, $(4, 2)$, $(9, 3)$, and so on. This is because the graph has been vertically stretched, which means the equation must include a transformation of some type.

ASSESS

Students' answers to Lesson Practice problems will provide you with a formative assessment of their understanding of the lesson concepts and their ability to apply their learning. See the Activity Practice for additional problems for this lesson. You may assign the problems here or use them as a culmination for the activity.

LESSON 25-1 PRACTICE

21.

ADAPT

Check students' answers to the Lesson Practice to ensure that they understand the graphs of square root functions and their transformations. Additionally, students should understand the connection between the domain and range of the parent function and the domain and range of the transformations of the parent function. As additional practice, provide students with the domain and range of a square root function and have students write a square root function that would match.

ACTIVITY 25

continued

My Notes

Lesson 25-1 Square Root Functions

The graph of the hull speed of a boat H is shown below. You also sketched this graph in Item 1a.

19. Use the graph to estimate the hull speed of a boat that is 24 feet long at the waterline.
The hull speed is about 5.5 knots.
20. Use the graph to estimate the length at the waterline of a boat whose hull speed is 6 knots.
The boat would be about 36 feet long at the waterline.
21. Write an equation that could be solved to determine the length at the waterline of a boat with a hull speed of 6 knots.
 $1.34\sqrt{x} = 6$

Check Your Understanding

19. Use the graph at the top of the page to estimate the hull speed of a boat that is 9 feet long at the waterline.
20. Explain how you can tell from the graph above that the equation relating the hull speed and the length of the boat is not $H(x) = \sqrt{x}$.

LESSON 25-1 PRACTICE

21. Graph $f(x) = \sqrt{x}$ and $g(x) = \frac{1}{2}\sqrt{x}$ on the same axes.
22. Describe $g(x)$ as a transformation of $f(x)$. What are the domain and range of each function?
23. Graph $p(x) = \sqrt{x}$ and $q(x) = \sqrt{x+4} - 2$ on the same axes.
24. Describe $q(x)$ as a transformation of $p(x)$. What are the domain and range of each function?
25. **Reason abstractly.** Write a square root function that has a domain of $x \geq 7$ and a range of $y \geq 2$. Use a graphing calculator to confirm that your function meets the given requirements.
26. The graph of g is a vertical shrink of f by a factor of $\frac{5}{2}$. Both graphs contain the point $(9, 6)$. Domain of both functions: $x \geq 0$; $\{x \mid x \leq 9, x \geq 0\}$; $[0, \infty)$; range of both functions: $y \geq 0$; $\{y \mid y \leq 6, y \geq 0\}$; $[0, \infty)$; domain of g : $x \geq -4$; $\{x \mid x \leq 9, x \geq -4\}$; $[-4, \infty)$; range of g : $y \geq -2$; $\{y \mid y \leq 6, y \geq -2\}$; $[-2, \infty)$; domain and range of g : $x \geq -4$ and $y \geq -2$.
27. $f(x) = a\sqrt{x-7} + 2$ for $x \geq 0$. Answer is acceptable without the a .

Unit 1 Practice Springboard

Daniel F McAuley

Unit 1 Practice Springboard:

Fuel your quest for knowledge with is thought-provoking masterpiece, **Unit 1 Practice Springboard** . This educational ebook, conveniently sized in PDF (PDF Size: *), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Download now and embark on a learning journey that promises to expand your horizons. .

Unit 1 Practice Springboard Introduction

In the digital age, access to information has become easier than ever before. The ability to download Unit 1 Practice Springboard has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Unit 1 Practice Springboard has opened up a world of possibilities. Downloading Unit 1 Practice Springboard provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Unit 1 Practice Springboard has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Unit 1 Practice Springboard. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Unit 1 Practice Springboard. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Unit 1 Practice Springboard, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Unit 1 Practice Springboard has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.

FAQs About Unit 1 Practice Springboard Books

What is a Unit 1 Practice Springboard PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Unit 1 Practice Springboard PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Unit 1 Practice Springboard PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Unit 1 Practice Springboard PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Unit 1 Practice Springboard PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
