THEMES

Nothing Matters

The tragicomedy *Waiting for Godot* was the first truly successful play in the genre called Theatre of the Absurd. Like other absurdist plays, it asks a serious question: Does the human condition have meaning? The conversations of the main characters, Vladimir and Estragon, are ridiculous; their actions pointless. Godot never comes.

Beckett and Nature Charles Clements, Eleanor Green, James Martell, 2025-07-10 New analyses on the insightful ways in which Beckett's work actively engages with contested notions of Nature and the natural developing a radical version of modernism's main questions and insights Beckett and Nature takes its cue from contemporary developments in Beckett scholarship focused on ecocriticism posthumanism and the Anthropocene going beyond them into a questioning of the very concepts of Nature and the natural It examines one of the most unthought ontological dimensions of literature and life that symbolic space deemed natural or part of Nature appears necessary and undeniable and therefore impossible to be deconstructed In doing so the authors show that in fact this space takes on many shapes recognizing three natural dimensions criticized by Beckett bodies worlds and literatures Featuring a wide range of both Beckett's work and Beckett scholars including Jean Michel Rabat and Stanley E Gontarski Beckett and Nature offers contextualized readings of the understandings of nature and the natural throughout his decade spanning oeuvre The volume shows that part of the radicality of Beckett's writing is that through a variety of evolving techniques and strategies it questions what appears in our cultures as the most unquestionable and opens up possibilities for thinking not only what is human literature and philosophy but also gender identity and any attempt at definitions of ourselves or the world at large
