Waiting For Sarah Bruce Mcbay:

Waiting for Sarah Bruce McBay, James Heneghan, 2003-01-01 Mike's parents and sister are dead and his legs are gone. The horrific accident that shattered his life continues to haunt him. When he grudgingly returns to school and a life that he no longer understands, Mike is bitter and unwilling to participate in school life. To avoid one of his classes, Mike agrees to put together a 50th Anniversary history of the school. Looking forward to time alone, he is annoyed when a young girl shows up in the archives on a regular basis. Sarah seems too young to be a student in the school, but her resemblance to Mike's sister and her bubbly personality have him intrigued. She gradually draws him out of his shell and manages to interest him in the archives project and more importantly in life itself. As their relationship grows and changes, Mike slowly becomes convinced that Sarah is more than just another student. When he discovers the shocking secret she is carrying, he sets out to give Sarah the peace that she so desperately needs. *Serving Young Teens and 'Tweens* Sheila B. Anderson, 2006-11-30 Notable teen experts and stellar practitioners from across the country explain why library service to adolescents in this age range is so important and how you can enhance your collection and services to accommodate and win over this important group. Topics range from understanding adolescent informational needs and building and promoting a winning collection to creating programs with tween appeal. Contributors include Sheila B. Anderson, James Rosinia, Deb Taylor, Robyn Lupa, and Kristine Mahood. Brimming with valuable insights and fresh ideas as well as nuts and bolts directions, this is a must read for all librarians who work with young adolescents. If someone is described as a young adult, what image comes to mind? In fact, a young adult can be a twelve year old middle schooler or a high school graduate. Libraries have traditionally offered a variety of programs and services for YAs, and although more emphasis has been given to serving teens in recent years, little has been done to distinguish between groups within the category and meet the specific developmental needs of this broad range of library users. This collection complements Anderson's previous collection *Serving Older Teens* by focusing on the needs of tweens and young teens ages 11-14. This is the age range when many young people stop using the library and lose interest in reading.
