Wake Up America 00:

Wake up America! Ginny Bache aka VK Lynn,2016-08-09 If you have not been a patient in a hospital or nursing home recently you may not be aware of what is really happening as to the care and costs of healthcare No one bothers until they are presented with a bill they dont understand or receive care that is atrocious It will only get worse unless we take a stand and learn how the government is usurping our rights for quality care when we are the most vulnerable *Wake up America* Robert Allen Hamlett,2012-08-21 The purpose of the book is to identify certain areas of fraud waste and abuse by officials from both the state and federal government These officials have been abusing the trust that the American taxpayers have given to our elected officials For over fifty years the Democratic and the Republican parties have created a system of government that has provided a pot of gold for themselves This book contains examples of the power structure that the Democrats and the Republicans have created The book also contains solutions to solve the economic crisis that looms over America The question is Will the American taxpayer take charge of their own future and the future of their children

Wake Up, America! Louis Bell,1906 **Wake Up America** Eric Bolling,2016-06-28 Wake Up America is a HUGE book It will help to Make America Great Again President Donald J Trump The New York Times USA Today Wall Street Journal and Publishers Weekly Bestseller Grit merit providence individualism thrift and above all pride in our country These qualities among others are the reason that hundreds of millions of people worldwide look to America for hope inspiration and opportunity But it s precisely these virtues that now are under attack by the radical Left of Barack Obama Hillary Clinton Bernie Sanders and their followers America as we know it is eroding before our eyes and becoming what Fox News Channel personality and co host of The Five Eric Bolling calls a politically correct nanny state The rewards for individual achievement and hard work our basic constitutional rights religious faith national identity and capitalism itself are being replaced by a dangerous socialistic ideology that is the polar opposite of what our Founding Fathers intended America to be Wake Up America identifies the nine core virtues of our nation and demonstrates why each one is so important to our history and our future It s time for us to wake up and heed the clear cut warning signs that America is heading in the wrong direction before we re too far gone A celebration of America that is informed by Eric Bolling s personal story Wake Up America is an urgent call to arms for America s citizens to preserve what makes us great **Wake Up, America** Abraham

Rogers, 2009-06 Donna Rogers lives in Florida with her husband Jimmy daughter Kristen and son Dylan God gave her a prophetic word about the impending demise of the United States in 2004 and told her to warn as many people as possible to repent and turn back to God before it is too late for our nation She has actively pursued corresponding with various government officials and the majority of the Christian organizations to encourage them to join forces to help save our country based on the scripture Though one may be overpowered two can defend themselves A cord of three strands is not quickly broken Ecclesiastes 4 12 In addition Donna is the Administrative Director for a local ministry that feeds and clothes the homeless and those less fortunate The intent of her book is twofold First it is to help people realize that no matter what you experienced as a child you can overcome your circumstances and soar to unimaginable new heights with the help of God This is critically important if you have children and have the desire to break the cycle of abuse and dysfunction As a child Donna was abandoned by both parents and suffered rejection verbal physical and sexual abuse She candidly shares her testimony so parents can experience through the eyes of a child how the unwise choices and actions they make can profoundly affect their children for the majority of their lives The cycle repeats itself until someone chooses a better way Second this book is a passionate plea to open your eyes to what has happened to our nation We have the power to change where our nation is headed We must unite and take action now to stop the impending destruction of our nation before it is too late **America Wake up and Play Golf** Peter Edward Baumann, 2016-04-30 Good golf is a state of mind Arnold Palmer This book examines how running golf software on the brain is a powerful tool for living well and succeeding in life An amusing and insightful journey into the world of golf this book explores a simple question What can golf teach us about ourselves and others **Wake Up America!** Ann Marie Hancock, 1993 **America--Wake Up!** Arnold Kontiel, 2004-07 As the Twenty First Century dawns America is shaken by the worst economic depression since 1929 Terrorism unemployment political racial and social unrest pushes the nation to the brink of political collapse Free trade multiculturalism uncontrolled immigration moral decline and cultural decadence have divided the nation and undermined

confidence in the two party system while the special interest groups that control the establishment exploit the nation for their own advancement. Onto the national stage steps George Burton a young charismatic self made billionaire and war hero who uses his fortune to build a political movement designed to challenge the powerful political interest groups that control the establishment. Burton's National Association for a Populist America is quickly transformed into the most powerful nationalist movement in American history. Millions of people join the NAPA and help Burton to ignite a Nationalist Revolution. Burton's Americanism becomes a message of hope for a better future the restoration of the American Dream and the rebirth of the American Nation to millions especially the Andersons a typical American family living in Ohio who must struggle to survive in the economic social and moral displacement that has disrupted the lives of millions of Americans like them. **An American History Lesson and a Wake up Call for America** Jack B. Walters, 2013-07-25 These articles and book reports have been written in the hope that readers could believe as I do that the world including our country is in great danger for multiple of reasons 1 The spread of adherents to Islam threaten to engulf all persons of different faiths They are winning through violence but also just by having more babies than every other culture The leaders of Europe and America refuse to accept how evil this belief system is and how they have only one agenda and that is to have dominion over all nations 2 Our Constitution has been destroyed by the administration of President Obama and the Supreme Court He does whatever he wants regardless of the Congress The Court extended the commerce authority to allow the government to force citizens to purchase a service and allowed the corporations to spend anything they want to affect the outcome of elections 3 We are drowning in debt but continue to add costly programs making it even worse without making any attempt to reduce the strain Military adventures continue without end Government handouts to the so called needy have created a permanent underclass of people being supported while not required to put forth effort 4 The government refuses to take the steps needed to become energy efficient which could be accomplished easily thereby freeing us from OPEC For those of you who don't remember in the 50s we exported oil *Wake Up America!* , Wake Up, White America John Parker, 2019-03-01 Wake Up White America comes from the mind of controversial author John Parker Filled with experiences anecdotes statistics and social commentary Parker shines a light on racism and the attitudes he and much of the black population of this country feel white America displays toward this often sensitive and polarizing topic Parker understands that much of white America chooses to reject race as a reason for inequality because it frees them from the reality of guilt even though these same people continue to benefit from said inequality He also draws some very clear patterns of these attitudes and shows why the United States of America if it is to ever evolve into what it can be must first hold itself accountable for the treatment of its own citizens which up to this point it never has This book is a much needed read for everyone regardless of race Parker makes it clear on many levels that it is time for white America to wake up **COVID-19, Are We Awake?: Wake Up America, We Need Our Teachers!** Dr. Judy Murray, 2020-09-16 COVID 19 is ravaging our planet Our teachers are challenged and

possibly left behind on a computer to teach or maybe required to go into an unsafe classroom Some of our teachers are battling mental illness social isolation and an overall lack of physical wellness Now is the time to act on behalf of America s teachers Dr Murray s desire is that this book will awaken the consciousness of every American citizen about the psychological emotional and financial well being of our teachers It is a personal outcry for help from every American If we do not change the way we perceive respect and value our teachers in America they will be Left Behind The once honorable teaching profession so important in its human facility will fade away to baseless technology and advanced software systems Dr Murray is convinced that there will NEVER be a computer program that can mimic the warm voice along with inspirational and encouraging words that students need to hear throughout their academic journey that only can come from a TEACHER

Wake Up, America! Walton H. Rawls, 1988 World War I coincided with a golden age of achievement in the art of poster design and all sides in the conflict employed the best talents to make maximum use of the poster s ability to stir emotions This book tries to re create a more innocent era in which a poster could be used to sell a war While the book is undeniably attractive it covers too much ground and is too unfocused despite the title posters from many countries are illustrated further too many nonposter forms of propaganda are considered Instead of offering insights the text simply rehashes popular World War I history adequately covered elsewhere The general reader will find this sprawling study more confusing than enlightening

From Yugoslavia to America Elisabeth Horvath Dunman, 2010 When it was rumored that the communist partisans planned to destroy Sremska Mitrovica Yugoslavia as the German Military retreated the father persuaded the mother to leave the city for a short time taking the five children and her mother to a safe place until the fighting was over They boarded the over crowded last train going west away from the terror that was imminent They had no idea where they were going nor how long they would have to be away from home The father could not leave the city he was drafted into a home guard and charged with protecting the city The family never returned to Sremska Mitrovica Separated during the war miraculously all family members except for one son were reunited in the American Sector of Austria The second oldest son had been living and working near Berlin Germany as a foreign worker Liberated by the Russians he was sent home to Yugoslavia which was by then behind the iron curtain leaving him with no chance of joining his family in the west They endured fear discrimination and persecution during the post war years in a country of which they did not even speak the language The family lived in deplorable conditions in a makeshift Displaced Person s camp commonly known as a D P camp The family survived hunger displacement and many other hardships with patience and courage while relying on their faith
