Waking With Enemies:

Waking with Enemies Eric Jerome Dickey, 2007 Powerful hit man Gideon struggles to outmaneuver a fellow assassin when his past misdeeds catch up with him an effort that forces him to realize that he can no longer trust anyone Ebony, 2007-08 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine

Sleeping With Strangers Eric Jerome Dickey, 2007-04-10 Eric Jerome Dickey introduces a hit man like no other in this New York Times bestseller the first gritty graphic and amazing Booklist novel in the Gideon series In a wicked world of sex and violence where the wronged demand the ultimate revenge his is the last face the offender sees Gideon is more than a contract killer he s the master of the game Now he s got the job of a lifetime The prize is the woman he desires and a cool million The problem is it s just the kind of hit that can make him more enemies Like the two beautiful strangers on Gideon s tail Are they there to protect him or bring him down There s one way to find out Follow them into an underworld where killers and victims alike thrive on the darker passions of revenge and desire

Catalyst One Robert E. Rushton, 2004 A matrix of Morality wisdom Philosophy insights Diplomatic cynicism Common sense impressions Whimsy freak notions Personal love relations Societal love relations War Guerilla War Assassinations New political terminology and conceptions And much more for you the story maker to ponder extract and catalyze into your very own allergy using your genius to flesh it out in your name a legend of our time Story smiths will delight in the wisdom given in the various sections on love that may be extracted here from and fashion into a story line A refreshing change of outlook on this subject both from society s point of view and from the individual s intuitive instincts The parabolic sections on Front Line War Guerilla War and Assassination will offer the story maker pause for thought on these subjects The story maker s own abstraction and reworking of these new concepts will leave ample scope for metamorphosis into ones own powerful narrative The cynical section on diplomacy takes the subject to new horizons that will lead one from fresh works in this subject thus adding modern scope to those works of Michiavelli The story maker s extraction modification and reapplication of the various other sections of this work may possibly lead to new higher ground in plot constructs This book will both entertain and enlighten you A revolutionary and extraordinary book that crosses the boundaries of religion philosophy and intellectual thought with purity lucidity and protraction laid out in an order that allows full scope of craft a blueprint for your own book in word erection This book of parables venerates the probity of extraordinary events in the life and times of contemporary society and doings It validates and encourages responsibility for creating your own truly insightful work The book requires some effort in understanding fresh ground breaking concepts and thus willingness to learn and grasp new terminology

The Neurocognitive Theory of Dreaming G. William Domhoff, 2022-10-04 A comprehensive neurocognitive theory of dreaming based on the theories methodologies and findings of cognitive neuroscience and the psychological sciences G William Domhoff s neurocognitive theory of dreaming is the only

theory of dreaming that makes full use of the new neuroimaging findings on all forms of spontaneous thought and shows how well they explain the results of rigorous quantitative studies of dream content Domhoff identifies five separate issues neural substrates cognitive processes the psychological meaning of dream content evolutionarily adaptive functions and historically invented cultural uses and then explores how they are intertwined He also discusses the degree to which there is symbolism in dreams the development of dreaming in children and the relative frequency of emotions in the dreams of children and adults During dreaming the neural substrates that support waking sensory input task oriented thinking and movement are relatively deactivated Domhoff presents the conditions that have to be fulfilled before dreaming can occur spontaneously He describes the specific cognitive processes supported by the neural substrate of dreaming and then looks at dream reports of research participants The why of dreaming he says may be the most counterintuitive outcome of empirical dream research Though the question is usually framed in terms of adaptation there is no positive evidence for an adaptive theory of dreaming Research by anthropologists historians and comparative religion scholars however suggests that dreaming has psychological and cultural uses with the most important of these found in religious ceremonies and healing practices Finally he offers suggestions for how future dream studies might take advantage of new technologies including smart phones Village of Curers and Assassins Beryl L.
