The Spiritual Journey of the Stations of the Cross D. L. Grant, 2010-03 Artwork provides a beautiful window to the soul The Spiritual Journey of the Stations of the Cross allows the reader to become the artist as we take a spiritual journey to Jerusalem Through the healing power of coloring we walk with Jesus as we meditate on the fourteen Stations of the Cross This workbook appeals to all people young children teens and adults It is a wonderful addition to the classroom days of reflection and catechetical instruction Linda Michalski T O P Chairperson of the Theology Department at Benedictine Academy Elizabeth New Jersey What a wonderful work from illustrator Arlene Sullivan and writer D L Grant This interactive creative and most importantly prayerful way for students to experience the steps leading up to the crucifixion of Jesus offers religious educators and religious group leaders a unique way to involve students in The Stations of the Cross John Ward Religious Educator Author of Things to Remember on Your Deathbed One Good Reason Arlene's beautiful artistry transcends the reader from suffering to new life The designs reveal the theological truths of the Paschal Mystery in simple yet engaging drawings Great for all ages Donna Jo Repetti OSF **Walking Where Jesus Walked** Hillary Kaell, 2014-07-04 Since the 1950s millions of American Christians have traveled to the Holy Land to visit places in Israel and the Palestinian territories associated with Jesus's life and death Why do these pilgrims choose to journey halfway around the world How do they react to what they encounter and how do they understand the trip upon return This book places the answers to these questions into the context of broad historical trends analyzing how the growth of mass market evangelical and Catholic pilgrimage relates to changes in American Christian theology and culture over the last sixty years including shifts in Jewish Christian relations the growth of small group spirituality and the development of a Christian leisure industry Drawing on five years of research with pilgrims before during and after their trips Walking Where Jesus Walked offers a lived religion approach that explores the trip's hybrid nature for pilgrims themselves both ordinary tied to their everyday role as the family's ritual specialists and extraordinary since they leave home in a dramatic way often for the first time Their experiences illuminate key tensions in contemporary US Christianity between material evidence and transcendent divinity commoditization and religious authority domestic relationships and global experience Hillary Kaell crafts the first in depth study of the cultural

and religious significance of American Holy Land pilgrimage after 1948 The result sheds light on how Christian pilgrims especially women make sense of their experience in Israel Palestine offering an important complement to top down approaches in studies of Christian Zionism and foreign policy *Walking the Way of the Cross* Stephen Cottrell ,Paula Gooder,Philip North ,2019-10-30 Found in Common Worship Times and Seasons The Way of the Cross is a series of scripture based devotions for personal or group use in Lent and Holy Week Similar in intent to the traditional Stations of the Cross it focuses wholly on the biblical narrative of the passion death and resurrection of Jesus This seasonal companion provides the sequence of fifteen meditations appears in full including opening and concluding prayers Each is accompanied by three short reflections from different perspectives by three of today s very best spiritual writers Paula Gooder offers reflections on the scriptural narratives Stephen Cottrell considers the story from the perspective of personal discipleship Philip North explores the story s challenge to mission and witness Walking with Jesus to Calvary Angela M. Burrin,2014 A beautiful introduction to the Stations of the Cross this book that will help children understand what really happened on Calvary and just how much Jesus loves them Gorgeous illustrations are accompanied by a simple but moving narration of the events of Jesus passion and death Each station ends with a heartfelt prayer Walking with Jesus to Calvary is a thoughtful gift for Lent Easter or any time of the year For ages five to eleven Prayer intentions for family friends and others are suggested for each station Includes prayers traditionally used for the Stations **A Walk With Jesus on His Journey to Calvary And Beyond** Angela Maria Lush,2005 As the author says of A Walk with Jesus it is really a love story despite the harsh subject matter and if used for meditation hopefully it will transform our lives When people observe the stations of the cross paintings or relief sculptures of Christ s passion and his death on Calvary it s not a question of worshipping images more a series of pauses for thought and prayer Here the author puts the reader in the crowd We sense the heat the noise and the mood of people intent on one thing suffering and execution of a blameless young man With each word picture there are reflections and short prayers relevant to our lives today Could anything be more harrowing than the slow sad steps Jesus took to Calvary burdened by his cross Could anything be more uplifting than these heartfelt reminders of his supreme act of selflessness dying so that we could live **Walking the Stations** Donald Heinz,2025-02-17 In a time when Catholic piety is often fixed on the Good Friday stations of the cross and evangelical piety is associated with an imaginary what would Jesus do and much of Protestant religion has slimmed Jesus down from the fully dimensioned Christology of the Gospels and contemporary Christianity misses a Christ who has moved into the neighborhood John 1 14 and fully engaged the world and its peoples and touring liberals tout how little a Christian actually needs to believe this book chooses fourteen episodes from Jesus entire life and makes them way stations on a pilgrimage on which we gather to meet Jesus in person share him in community and follow him to a fully realized discipleship Such way stations may recall the medieval imitation of Christ or the notion of a Christian pilgrimage during which we make the way by walking Historically pilgrimage is meant to evoke I want to be in that number

Yet identifying these stations is fully congruent with contemporary New Testament scholarship whether liberal or historically orthodox The significance of this book is that it sets forth a process of adult Christian education today that is rich with all the dimensions of Jesus life from birth to death and resurrection with all the happenings in between And most important it turns adult Christian education into a compelling Bible study in community and one that attracts participation like walking a labyrinth Through such engagement it recovers for lively practice today the mostly forgotten medieval imitatio Christi and inserts this into the nearly forgotten but once vividly realized practice of pilgrimage overdue today as a way of imprinting the Christian walk onto the culture and onto individual believers and their communities Finally it follows contemporary Gospel scholarship back to the historical Jesus through visionary Holy Land tours or a modern walking the way stations that constitute Jesus own life and our immersion in it that would constitute true discipleship

Stations of the Cross Mary Jane Miller,2019-04-10 The Stations of the Cross became a Christian devotional practice in the thirteenth century This collection of image and text highlights new perspectives on an ancient tradition Miller has used the ritual metaphorically to journey with Jesus Christ from his trial to his entombment The participants use Christian art to meditation on the Biblical story The story of Jesus Christ s final sufferings reveal themselves like a passion play as we walk with Him to Mount Calvary Sacred Art is more than biblical story telling These 15 Stations of the Cross were designed to help navigate through a prescribed set of messages and motif to understand better how we humans fit into Christ s message of love Three times he meets the Women three times he falls and is only helped once He is stripped of his dignity yet is resurrected into light and loving energy The hope is to understand the ritual practice which is no longer limited to only church but speaks of our human capacity to go beyond suffering Stations of the Cross is an ancient prayer form Catholics and most Christians use religious rituals and prayer forms for meditation and reflection The Biblical story of Jesus Christ s final sufferings reveal themselves like a passion play as we walk with Him to Mount Calvary The visual art is a beautiful contemporary compliment

The New Stations of the Cross Megan McKenna, 2007-12-18 One of today's most popular and respected Catholic writers presents the first guide to the new Stations of the Cross reflecting the revisions made by Pope John Paul II A traditional devotion for Catholics for more than four hundred years the Stations of the Cross commemorates the route Jesus traveled from being sentenced to death crucified and then buried in a borrowed tomb on the outskirts of Jerusalem In the past the devotion included a number of stations based on popular stories of piety and devotion but not mentioned in the Gospels Over the past eight years however Pope John Paul II has made substantial changes to the devotion in his Good Friday celebrations of the stations removing those not found in the Bible and replacing them with stations that more accurately follow scriptural accounts of Christ's passion The revised Stations of the Cross focuses on the condemned Jesus and on the community walking the way with him to the cross Unrelieved by stories like Veronica's wiping blood off the face of Jesus and his meeting with his mother this is a story of an execution The new stations deal directly with the pain suffering betrayal and injustice to which Jesus was subjected In explaining his reasons for revising the stations the Pope has said that the alterations are intended to serve as a model for other devotions and to encourage the return to the Scriptures as the source of and inspiration for contemporary worship In this helpful authoritative guide Megan McKenna presents the fourteen new stations with the scriptural passages that Pope John Paul II uses on Good Friday She also provides a basic introduction to the practices and reflections on the importance of the devotion for present day Catholics and Episcopalians
