*Party of One* Chun Han Wong, 2024-05-21 Drawing on his years of first hand reporting across China including insights from scholars and diplomats and analyses of official speeches and documents a Wall Street Journal correspondent provides a broad lucid account of China's leader and how he inspires fear and fervor in his Party his nation and beyond *Breaking the Engagement* David Shambaugh, 2025-05-15 An internationally recognized scholar provides a powerful explanation of the Breaking the Engagement How China Won Lost America between the United States and China For over five decades following the 1972 rapprochement between the United States and China the two countries seemed to be steadily building a sound relationship even accounting for periodic setbacks like the Tiananmen Square massacre The last decade though has seen a sharp increase in tensions and a complete reorientation of American policies toward China from engagement to competition What happened In *Breaking the Engagement How China Won Lost America* esteemed scholar David Shambaugh examines the evolution expansion and disintegration of the American engagement strategy towards China Shambaugh attributes the recent sharp deterioration of relations to a combination of China's actions and American expectations Xi Jinping's increasingly assertive foreign policy and domestic repression has directly challenged American interests More deeply he argues that the real underlying cause is America's longstanding paternalistic approach to transform China into a liberal state and society which conforms with the US led global liberal order When China has generally evolved in this direction politically economically socially intellectually and internationally it corresponds with American aspirations and the two could cooperate But when Beijing pushes back against this transformative strategy which Beijing sees as subversion Americans become disillusioned and U S policymakers see China as a malign regime which must be countered By focusing on the role of perceptions and U S expectations in fueling the shift towards competition and rivalry in the last decade Shambaugh provides a unique new perspective on this critical global relationship **Report of the Clerk of the House from ...** United States.
