Higher Education - Reflections From the Field - Volume 1, 2023-11-02 COVID wrought havoc on the world's economic systems. Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems. Some institutions were prepared for the required transition to online learning. Most were not. Whether prepared or not, educators rose to the challenge. The innovativeness of educators met the challenges as digital learning replaced the face-to-face environment. In fact, some of the distance models proved so engaging that many students no longer desire a return to the face-to-face model. As with all transitions, some things were lost while others were gained. This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century. The book is organized into four sections: The Perspectives of Higher Education, COVID as a Catalyst for Change, Embracing Online Learning as a Response to COVID, and Post-Covid The Way Forward. It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process. These discussions shed light on the impact of the pandemic and the future of higher education post-COVID. Higher education has been forever changed, and higher education as it once was may never return. While many questions arise, the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic.

Student Peer Support Initiatives in Higher Education Xena Cupido, Nelia Frade, Thairie Govender, Subethra Pather, Edgar Samkange, 2022-09-19 This book provides practical examples of how students could be engaged in high-impact practices to support student retention and success. It is a good resource for Higher Education institutions making use of students in peer support initiatives. It aims to provide support for academics and professional units that are involved in student peer support initiatives. It also encourages readers to engage in critical inquiry into holistic student care and development to advance student success and retention.

The Strategic Repositioning of Arts, Culture and Heritage in the 21st Century George Mugovhani, Owen Seda, 2018-06-11 The post-millennium world has been experiencing several recognisable historical milestones with regard to arts, culture, and heritage. One of these has been the resuscitation and revival of creative elements of the arts, culture, and heritage of previously marginalised or disadvantaged communities around the world. Until recently, there had been scant regard and skewed allocation of resources for these, but lately, attempts have been made to promote and sustain them in order to enable the socio-economic aspirations of a multicultural society. The contributions brought together here are the product of papers that were presented during a conference on Strategic Repositioning of Arts, Culture and Heritage in the 21st Century. They cover a broad spectrum of subjects such as indigeneity, music, song, and identity politics, national reconciliation, education, product development, and national development.
