reassess how we function as human beings and how we can develop new qualities or abilities confidence and self esteem a higher cognitive ability a new perspective on life and how to reeducate ourselves about what really mattersexiting the herd mentality and creating a wellspring of self empowerment and authenticity in our lives This material is not an academic work it is a manual designed to be studied and then used in a practical fashion It does not give indications or advice that one cannot implement in a practical way A combination of personal experience and useful esoteric wisdom creates a powerful and dynamic crucible of ideas and concepts from which one may distill new meaning and purpose for oneself This volume is exciting because it has been compiled by a person who has used these same principles and ideas in everyday life with great success With this material we can make life our canvas Teach me how to trust my heart my mind my intuition my inner knowing the senses of my body the blessings of my spirit Teach me to trust these things so that I may enter my sacred space and love beyond my fear and thus walk in balance with the passing of each glorious Sun Lakota Indian prayer internet quote
