##### Classification of Conductors, Semiconductors And Insulators:-

On the basis of the relative values of their  
conductivity ( $\sigma$ ) or resistivity ( $\rho$ ),  
the solids are broadly classified as

- Conductors:- They possess very low  
resistivity (or high conductivity).  
 $\rho \approx 10^{-8} \text{ to } 10^{-6} \Omega\text{-m}$ ,  $\sigma \approx 10^8 \text{ to } 10^{10} \text{ S/m}$
- Semiconductors:- They have resistivity or  
conductivity intermediate to metals and  
insulators.

Fino, 2017-11 The fielding of automated flight controls and weapons systems in fighter aircraft from 1950 to 1980 challenged the significance ascribed to several of the pilots historical skillsets such as superb hand eye coordination required for aggressive stick and rudder maneuvering and perfect eyesight and crack marksmanship required for long range visual detection and destruction of the enemy Highly automated systems would proponents argued simplify the pilot s tasks while increasing his lethality in the air thereby opening fighter aviation to broader segments of the population However these new systems often required new unique skills which the pilots struggled to identify and develop Moreover the challenges that accompanied these technologies were not restricted to individual fighter cockpits but rather extended across the pilots tactical formations altering the social norms that had governed the fighter pilot profession since its establishment In the end the skills that made a fighter pilot great in 1980 bore little resemblance to those of even thirty years prior despite the precepts embedded within the myth of the fighter pilot As such this history illuminates the rich interaction between human and machine that often accompanies automation in the workplace It is broadly applicable to other enterprises confronting increased automation from remotely piloted aviation to Google cars It should appeal to those interested in the history of technology and automation as well as the general population of military aviation enthusiasts Provided by publisher
