*Physical Best Activity Guide* Physical Best (Program), 2011 This comprehensive health-related fitness education program is back and better than ever. Developed by top-level physical educators, this third edition will help students gain the knowledge, skills, appreciation, and confidence they need to lead active, healthy lives regardless of physical and mental abilities or disabilities. *Physical Best Activity Guide* Middle and High School Levels has been used with much success across the United States and for good reason. The text contains 70 easy-to-use instructional activities ranging from noncompetitive to competitive and from less demanding to more demanding. It also includes activities that allow for maximum time on task. All the instructional activities address the national physical education standards, dance standards, or health standards. This new edition retains the best activities from previous editions and offers new ones from outstanding teachers throughout the United States. You will learn how to adapt the activities for all students regardless of skill level or disability, and students will learn how to set realistic goals, manage their activity levels, and remain healthy throughout their lives. In addition, this text offers the following features: A Combined Component Training chapter combines aerobic fitness, muscular strength, and endurance and flexibility into single activities. A CD-ROM contains a wealth of reproducibles including charts, posters, signs, station cards, handouts, and worksheets, many of which can be adapted to meet your needs. A section of Internet resources helps you develop your own special events. *Physical Best Activity Guide* Middle and High School Levels developed by the National Association for Sport and Physical Education can stand alone or be used in conjunction with *Physical Education for Lifelong Fitness*. The *Physical Best Teacher's Guide* Third Edition and *Physical Best Activity Guide* Elementary Level Third Edition. It can also be used with Fitnessgram, Activitygram, an activity assessment and computerized reporting system, and the Fitness for Life resources for middle school and high school. Fitness for Life is a comprehensive program promoting lifetime health-related fitness.

how can teachers get more clarity on rigor and foster more meaningful learning in their classrooms In *Rigor by Design Not Chance* veteran educator Karin Hess offers not only a clear vision of what makes learning deep and rigorous but also a systematic and equitable approach for engaging students of all ages in rich learning tasks To that end she outlines five essential teacher moves that foster thinking and learning

- 1 Ask a series of probing questions of increasing complexity
- 2 Build schemas in each content area
- 3 Consider ways to strategically scaffold learning
- 4 Design complex tasks that emphasize transfer and evidence based solutions
- 5 Engage students in metacognition and reflection throughout the learning process

From there Hess details how to create an actionable assessment cycle that will drive learning forward in any classroom This book offers a treasure trove of strategies student look for behaviors and templates to guide teachers in their work as well as an array of rich performance based assessments to engage and challenge students School leaders and instructional coaches can also benefit from the variety of teacher friendly supports to foster rigorous learning in their schools Ultimately *Rigor by Design Not Chance* helps educators empower students to take greater ownership of their own learning
