**Published in India, 1986-87** Susheel Kaur,1988 Overpaid, Oversexed and Over There David Hepworth,2020-09-17 The Beatles landing in New York in February 1964 was the opening shot in a cultural revolution nobody predicted Suddenly the youth of the richest most powerful nation on earth was trying to emulate the music manners and the modes of a rainy island that had recently fallen on hard times The resulting fusion of American can do and British fuck you didn t just lead to rock and roll s most resonant music It ushered in a golden era when a generation of kids born in ration card Britain who had grown up with their nose pressed against the window of America s plenty were invited to wallow in their big neighbour s largesse It deals with a time when everything that was being done from the Beatles playing Shea Stadium to the Rolling Stones at Altamont from the Who performing their rock opera at the Metropolitan Opera House to David Bowie touching down in the USA for the first time with a couple of gowns in his luggage was being done for the very first time Rock and roll would never be quite so exciting again

*The Moral Authority of Government* Henry Barbera, R. Hoxie, 2023-05-31 These new essays prepared to commemorate the centennial of the National Institute of Social Sciences have been carefully crafted to deal with an overriding concern of our time those elements in political rule that go beyond legal rights and responsibilities into the moral requirements of effective governance The principal theme of this book is presidential leadership The presidency personifies government authority including moral authority In the first part of this book most of the essays argue that the moral authority of leaders depends on high personal standards as well as policy outcomes The second segment on the rule of law and character raises considerations not limited to the presidency Character and the authority that derives from it are demonstrated most effectively not by what someone does in his or her personal life but in the moral values of the causes espoused and effectiveness in pursuing them In the realm of international affairs governmental leadership must wrestle with the moral and constitutional guidelines known as reasons of state Under what circumstances is it morally acceptable for a leader or government to practice deception upon the citizenry to overthrow other governments to bomb civilians Many contributors raise the issue of what permits a government to take actions that would be immoral or illegal in individuals or groups The final segment expands and deepens this theme by exploring the work and role of non governmental agencies that influence both leaders and citizens in the public arena In short at a period that brings to a close a period in which the presidency has become more visible as well as more prominent this collective effort sheds new light on classic themes It will

be an invaluable guide as we enter the new century The contributors include an illustrious galaxy of public officials and political scientists including Madeleine K Albright Judith A Best Betty Glad C Lowell Harriss Travis Beal Jacobs Ruth P Morgan Stanley A Renshon Donald L Robinson and William vanden Heuvel
