What We Don't Do Nick Cooney,2025-04-15 A refreshing and necessary reminder on our ability to help those in need Moby When we think about whether we are good people leading a good life we usually think about actions Bad people do bad things that hurt others Good people do good things that help others and they avoid doing bad things Simple But while our actions certainly have consequences today our inactions have far greater and far graver consequences Bad actions can result in the suffering of a few or several dozen others inaction can result in the extreme misery of thousands It wasn't always this way For nearly our entire history as a species we lived in small groups with minimal resources leaving our ability to help others limited and the consequences of inaction modest It is not so today Thanks to massive global populations huge wealth disparities and modern technologies the average person now has more power to improve the lives of others than nearly anyone who has ever lived But the flip side of that great power is the dizzyingly high cost of inaction in which lives can hang in the balance with each dollar and hour of time we spend This is a book about what we don't do It's about our failures to act and the suffering others endure as a result It's also about the incredible good that can be achieved when we cultivate an internal drive to do more Confronts our tendency toward feel good surface level altruism and instead challenges us to embrace discomfort and sacrifice at a level akin to high performing athletes David Goldberg Co Founder and CEO Founders Pledge A deep dive into waters often given only a glancing touch Hopefully this message will spread through and beyond its readers Dr George Church Co Founder Wyss Institute at Harvard University Recruiter Journal ,2007 *House of Music* mcreed,2012-06-29 House of Music takes place on a street in an affluent section of Harlem The play explores the present day complexities of a group of African Americans and a liberal Caucasian resulting from their experiencing the impacts of the Civil Rights struggle and subsequent Affirmative Action programs The play is unique for many reasons First in most literature there is one character that serves as the spokesperson for the author This is not the case in this play The author

believes that in the real world there is no one person who possesses all truth This is especially true when presenting the subject matter of this play Truth is relative it is also a factor of time What was true yesterday may not be true today and the consequence of not being cognizant of this is one of the major issues explored in the play The author then speaks through all the characters because to do so is closer to life's reality The play is a discussion between people concerned on very complex issues and each person's position is respected and considered with the same weight It is up to the audience to decide with whom they agree or it may be that they will agree with more than one character such is life The play is an exploration of myriad issues facing the African American community Some of the issues however are universal and thereby the play has universal appeal It is serious delightful and often funny Finally we have a surprise ending Enjoy
