Waldie,2008-04-10 How can you begin to live your life joyfully each and every day How can you identify within yourself thoughts and feelings that prevent you from being joyful From the beginning to end this book provides insights into these and other questions These may arise from the present or past and expose the deepest yearnings of your spirit Have you ever wondered Why did I do that or How in the world did I get into this Many of us have asked these questions and many more Through insightful commentary and the sharing of his own spiritual journey the author invites you to examine your own life experiences You will come to understand what the unification of mind body and spirit truly means Along the way you will find reunion with God You will begin living your life in joy through understanding oneness In that life should be a fascinating voyage of discovery the author has long been intrigued by why we seem to respond to lifes circumstances in very similar ways From an early age he sought to find answers to the reasons behind our actions Why did events in many instances come in repetitive cycles Why do many of us emit preprogrammed responses to the simplest of questions we encounter on a daily basis The responses often appeared to be automatic and devoid of conscious thought What was the underlying cause Did people really stop and think about what they said and why Did people really take notice of the world around them or were they just going through a daily routine on automatic pilot Coupled with these questions was the search for spiritual truth His early exposure to spirituality was not gained through organized faith Principles of living that is the way to conduct your life was taught by his family His one experience with organized religion at the age of six is revealed within the narrative as well as the search that followed for many years This culminated in an event at thirty seven that was to change his life Over the next twenty years he gradually began to put together each event that had occurred to form a cohesive picture of all life experiences A series of challenges that followed was the key to unlock the door to a heightened awareness and expanded

consciousness These events reached their climax when he had to face the thing he feared most That was surgery This was another milestone in spiritual growth The experience transformed his life It was as if a door was opened to previously unknown levels of awareness Inspiration flowed The dots were connected Life suddenly made perfect sense not only within himself but on a universal level as well That which he had been searching for all his life became manifested He had come to understand and live oneness Throughout this book the author shares with you the steps that outline and explain the process of awakening as he experienced them They may serve to assist the reader not only to attain an in depth understanding but also to provide a benchmark to help you assess your own spiritual growth This enables the contents to be practically applied in terms of your actual life experiences not just in a theoretical manner It is the authors intent to afford the reader with practical knowledge to accelerate your spiritual advancement along the path to oneness by pointing out the misconceptions he had to work through and their often discomfiting results Perhaps these will be of benefit to you in your own spiritual development If so then the authors intent will have been achieved The following is an excerpt from the book Our purpose throughout these pages is to become aware of who we are why we are here and what we came here to do To understand that no matter what our circumstances in life may be we can live our lives in happiness and joy We reach this level of consciousness by understanding oneness Oneness simply stated is the unification of all life

Happiness and the Christian Moral Life Paul J. Wadell, 2016-05-20 Happiness and the Christian Moral Life introduces students to Christian ethics through the lens of happiness. The book suggests that the heart of ethics is not rules and obligations but our deep desire for happiness and fulfillment. We achieve that happiness when we become people who love the good and seek it in everything we do. The third edition of this reader-friendly text has been revised and updated throughout. It introduces Christian ethics with sensitivity towards readers who may not be Christian themselves. After an overview of basic concepts and key thinkers such as Augustine and Thomas Aquinas, subsequent chapters explore the importance of narrative in Christian ethics, the place of friendship and community in Christian moral life, the role of virtues in our quest for fulfillment, a Christian understanding of the person, a Christian theology of freedom and false steps on the path to happiness. Final chapters discuss the role of conscience and prudence, love and justice. The third edition has been restructured to better meet teaching needs by moving the discussion of narrative earlier in the book. This edition features fresh global examples, revised introductions to key thinkers, discussions of tough contemporary topics such as hookup culture, careful consideration of the words of Pope Francis on themes ranging from consumerism and freedom to love and the environment, and more.

Destined for Greatness Michael Ojugo, Clement Ojugo, 2024-09-17 Deep within all of us is the longing to see our children achieve success in every area of life. This book stemmed from the love of the father for his children to embrace the deepest desires of our hearts and experience life as God intended it to be, with meaning and purpose. Many people, including our children, suffer from depression, anger, and a feeling of being lost without a clear direction in life. This book helps to diagnose and offers the right medicine for both young and old in our society, people who lack self-discovery and may be disillusioned with life. This book is markedly distinct from others with many inclusions and end-of-chapter recaps for reflection and reference. One of the important differences is that the authors lived through many of the experiences and examples shared in the book.

Comments from Readers: After finishing the first chapter of this book, my life has been profoundly impacted. The wisdom and knowledge presented are explained so clearly that the techniques can easily be applied to your daily life. If you're seeking to break old habits and strongholds, your solution is right here. The advice in this book is truly special, as if it's directly from God himself.

Chadwick Davis, actor and movie producer, says: In the book *Destined for Greatness*, the Ojugos combine the lessons learned in life, marked by accomplishment in business with Christian principles, and the teaching of some of the most accomplished motivators in modern times. It is packed full of relevant scripture references, quotes by great theologians and authors, and covers a wide range of topics related to success and prosperity in life.

Michael Barnes, pastor, Community Church, Big Bear, says: In this thought-provoking book, the author encourages readers to find their life purpose while holding God's hand. A purpose that will enrich their own lives and the lives of anyone that comes in contact with them in any way. We are reminded that while finding one's purpose will be filled with obstacles, it is up to us to rise to the challenge with perseverance and determination. Qualities that will be fueled by God's word every step of the way.

Don't Get What You Want) Gina Lake,2014-02-28 We expect that getting what we want will finally make us happy but what we find is that it mostly just leads to wanting more or wanting something different Our desires toss us to and fro until we tire of this and begin to question the value of following our desires Being Happy Even When You Don t Get What You Want will help you understand desire and its purpose in your life It will also help you discriminate between your Heart s desires and the ego s and to relate to the ego s desires in a way that reduces suffering and increases joy By pointing out the myths about desire that keep us tied to our ego s desires and the suffering they cause Being Happy Even When You Don t Get What You Want will help you be happy regardless of your desires and whether you are attaining them So it is also about spiritual freedom or liberation which comes from following the Heart our deepest desires instead of the ego s desires It is about becoming a lover of life rather than a desirer A review from Neale Donald Walsch author of Conversations with God Conversations with God says that happiness is not getting what you want it is wanting what you get Others have made the same observation and in fact this thought seems to be as old as time Still it is good to hear it again to visit it once more to connect with the wisdom yet one more time And few books do as good a job as quickly of reconnecting us with that wisdom than this one by Gina Lake This book had a lasting impact on me I highly recommend it It offers a simple accessible articulate and interesting take on the very human experience of desire and gives us the tools to make clear choices about how we want
