A Study Guide for Gary Soto's "Mother and Daughter" Gale, Cengage, 2018-09-13 A Study Guide for Gary Soto's *Mother and Daughter* excerpted from Gale's acclaimed *Short Stories for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Short Stories for Students* for all of your research needs. *Teaching Civics in the Library* Renée Critcher Lyons, 2015-11-03 Civics education is on the books in all 50 states yet civic illiteracy is widespread. Only one third of 12th graders are able to explain the significance of the Declaration of Independence and fewer than half of 8th graders know the purpose of the Bill of Rights. This instructional guide explores the foundations of civics education and the reasons for its demise with commentary from civics education leaders and scholars across the nation. Questions for eliciting civics discussion are provided for all grade levels along with detailed civic action and service projects and reading plans. Best practices and grant writing options are included. The author argues for a return to early 20th century civics education and details the traditional and present day role of America's libraries in developing a civic minded populace. School and public librarians are urged to utilize trade books and carefully evaluated websites to integrate civics within educational and youth services offerings. **Put Reading First: the Research Building Blocks for Teaching Children to Read** Bonnie B.

Armbruster, 2010-11 **Bowker's Guide to Characters in Fiction**, 2003 *The Cambridge Companion to Latina/o American Literature* John Morán González, 2016-06-13 The *Cambridge Companion to Latina/o American Literature* provides a thorough yet accessible overview of a literary phenomenon that has been rapidly globalizing over the past two decades. It takes an innovative approach that underscores the importance of understanding Latina/o literature not merely as an ethnic phenomenon in the United States but more broadly as a crucial element of a trans American literary imagination. Leading scholars in the field present critical analyses of key texts, authors, themes, and contexts from the early nineteenth century to the present. They engage with the dynamics of migration, linguistic and cultural translation, and the uneven distribution of resources across the Americas that characterize Latina/o literature. This Companion will be an invaluable resource introducing undergraduate and graduate students to the complexities of the field. *Junior High School Library Catalog*, 1997 **Many Peoples, One Land** Alethea K. Helbig, Agnes Perkins, 2001 Celebrating the wealth of quality multicultural literature recently published for children and young adults, this valuable resource examines the fiction, oral tradition, and poetry from four major ethnic groups in the United States. Each of these genres is considered in turn for the literature dealing with African Americans, Asian Americans, Hispanic Americans, and Native American Indians. Taking up where their earlier volume *This Land is Our Land* left off, Helbig and Perkins have teamed up once again to identify and expertly evaluate more than 500 multicultural books published from 1994 through 1999. Both considered authorities in the field of children's literature, the two of them personally selected, read, and evaluated all the books included here. Their insightful annotations

help readers carefully consider both literary standards such as plot development characterization and style as well as cultural values as they are represented in these cited works Each entry also indicates the suggested age and grade level appropriateness of the work With the proliferation and ever increasing popularity of multicultural literature for children and young adults this sensitively written volume will serve as an invaluable collection development tool Teachers as well as librarians will find the comprehensiveness and organization of this bibliography helpful as a guide in selecting appropriate materials for classroom use Even students will find this book easy to use with its five indexes identifying works by title writer illustrator grade level and subject Public libraries and school media centers will find much use for Many Peoples One Land
