Introduction of the interviewer and interview objective

- Introduction
Hello, welcome to the interview. Thank you for making time to do this interview with me.
- Research objective
I am doing this interview with you because our group wants to find out the image and perception you (25-30, single, working and have been or want to go to Nepal) have of Nepal as holiday/travel destination. We want to know more about your image and perception, because you are apart of our target group.
- Duration
The duration of this interview is going to be around 30-45 minutes, this all depends on how the interview goes. It would be very delightful if you tried to answer my questions with as much detail as possible. Because we can use all the information we get.
- Anonymity
Just to be clear, you are okay with me recording this interview, and me writing down your answers? We need to record our interview so we can listen back to the audio and write down the entire interview.
- Recording
Also, to be clear this information is only for our research and will not be shared anywhere. It is strictly for us and nothing else will be done with it, other than my group using it for our research.
- Questions of respondent
Now, before we begin do you have any questions? Anything you would like to be enlightened about before we start the interview.

Idea-Based Learning Edmund J. Hansen,2023-07-03 Synthesizing the best current thinking about learning course design and promoting student achievement this is a guide to developing college instruction that has clear purpose is well integrated into the curriculum and improves student learning in predictable and measurable ways The process involves developing a transparent course blueprint focused on a limited number of key concepts and ideas related tasks and corresponding performance criteria as well as on frequent practice opportunities and early identification of potential learning barriers Idea based Learning takes as its point of departure the big conceptual ideas of a discipline that give structure and unity to a course and even to the curriculum as opposed to a focus on content that can lead to teaching sequences of loosely related topics and aligns with notions of student centered and outcomes based learning environments Adopting a backwards design model it begins with three parallel processes first identifying the material that is crucial for conceptual understanding second articulating a clear rationale for how to choose learning outcomes based on student needs and intellectual readiness and finally aligning the learning outcomes with the instructional requirements of the authentic performance tasks The resulting syllabi ensure cohesion between sections of the same course as well as between courses within a whole curriculum assuring the progressive development of students skills and knowledge Key elements of IBL include Helping students see the big picture Building courses around one or more authentic performance tasks that illuminate the core concepts of the discipline Clearly identifying performance criteria for all tasks Incorporating practice in the competencies that are deemed important for students success By placing the onus of learning on the student liberating faculty to take on the role of learning coaches Designing tasks that help students unlearn simplistic ideas and replace them with improved understandingsEdmund Hansen expertly guides the reader through the steps of the process providing examples along the way and concluding with a sample course design document and syllabus that illustrate the principles he propounds **Acquisitions and Open Source**

Software Development Michael Vetter,2021-08-10 Participation of firms in Open Source Software OSS development is steadily increasing In fact a substantial part of OSS projects today are developed in informal collaboration between firms and

a community of voluntary contributors As more and more firms are active in OSS acquisitions of firms active in OSS development occur increasingly often Yet despite the economic and practical importance of OSS research has so far overlooked this phenomenon This dissertation explores this phenomenon of acquisitions of firms active in OSS development Michael Vetter examines the role of OSS in the pre acquisition phase and the impact of acquisitions on OSS development in the post acquisition phase Using qualitative and quantitative research methods the author examines acquisition motives acquisition likelihood timing of acquisitions and outcomes of acquisitions and discuss mechanisms behind variations across acquisitions The findings from the studies contribute to research on acquisitions and OSS development while also providing insights into how to leverage OSS in target search selection and evaluation processes as well as how to effectively manage acquisitions of firms active in OSS and the communities around them **Metatheory and Interviewing** Emily J.

Haas, Marifran Mattson, 2014-12-11 *Metatheory and Interviewing Harm Reduction and Motorcycle Safety in Practice* describes and applies a unique approach for advancing harm reduction theory Emily J Haas and Marifran Mattson argue that using harm reduction as a metatheory to guide qualitative interviews strengthens the use and acceptance of harm reduction and the application of constructs within health theories Through analysis of in depth interviews with respective participants at risk motorcyclists which are informed by harm reduction metatheory the authors examine how this unique approach to interviewing can be used to link metatheory theory methodology and ultimately application and translation of research results *Metatheory and Interviewing* culminates with a discussion of how the way we conduct and analyze interviews facilitates a deeper more intimate conversation with research participants by encouraging them to incorporate the same overarching harm reduction framework to provide feedback about changing specific health behaviors Scholars of health communication and research will understand the critical role of a humanistic attitude and pragmatic communication with participants as well as the importance of further extrapolating these strategies to their broader target audience

web bohr s model suggests that the atomic spectra of atoms are produced by electrons gaining energy from some source jumping up to a higher energy level then immediately dropping back to a lower energy level and emitting the energy difference between the two energy levels the existence of the atomic spectra is support for bohr s model of the atom *atomic emission spectra practical science com* - Mar 18 2022

web apr 5 2023 the aim of the experiment is to introduce the spectra emitted by some s block elements when their atoms are excited by heating in a bunsen flame the experiment requires a hand spectroscope a bunsen burner flame test *pdf experiment 6 atomic spectra nas k* - Feb 14 2022

web the observable in a spectroscopy experiment is a spectrum which describes changes in the intensity and energy of light after interaction with the atom or molecule the goal of this experiment is to analyze the emission spectra of one electron and

multi electron atoms and to use spectroscopy to identify unknown metals

[flame colours a demonstration experiment rsc education](#) - Aug 03 2023

web this is a spectacular version of the flame tests experiment that can be used with chemists and non chemists alike it can be extended as an introduction to atomic spectra for post 16 students this experiment must be done as a demonstration it takes about ten minutes if all is prepared in advance

experiment 19 the theory of atomic spectra springerlink - Apr 18 2022

web jan 1 2012 in experiment 19 the theory of atomic spectra we study the emission lines from the hydrogen atom in terms of the bohr theory of the atom the light coming from a hydrogen discharge tube is spread into its constituent wavelengths by a diffraction grating

atomic spectra capstone university of rochester - Apr 30 2023

web experiment sweeping the detector arm through will now record a spectrum of the light from the discharge lamp try different aperture and slit sizes and adjusting the lens locations to record as many of the spectral peaks as possible dim spectral peaks will require careful tuning of the apertures to observe

[atomic spectra experiment ex 5546 products pasco](#) - Jun 20 2022

web the atomic spectra experiment is a complete solution for measuring the wavelengths of the discrete lines of the atomic spectra of various gases using a grating spectrophotometer providing educators worldwide with innovative solutions for teaching science

5 flame tests and atomic spectra experiment - Sep 04 2023

web to observe and understand line emission spectra of atoms using gas discharge tubes to practice writing electron configurations for these and other elements electromagnetic radiation is energy in the form of waves waves are characterized by their wavelength λ and frequency ν

atomic spectra lab experiments pasco - Mar 30 2023

web atomic spectra experiment the complete solution for measuring the wavelengths of the discrete lines of the atomic spectra of various gases using a grating spectrophotometer support many lab activities can be conducted with our wireless pasport or even scienceworkshop sensors and equipment

2 9 flame tests and atomic spectra experiment home version - Jul 02 2023

web what is happening within an atom that causes it to emit light in specific lines in a spectrum why did the different elements have different line emission spectra the radio station jack fm broadcasts at a frequency of 93.5 khz

1 introduction to atomic spectra 2 the theory of atomic - Dec 27 2022

web the field of atomic spectra provides in fact a perfect example of the way in which experiment and theory can react
