What Smart Students Know Maximum Grades Optimum Learning Minimum Time:

What Smart Students Know Adam Robinson, 1993-07-27 Argues that smart students have a different attitude about school and learning and offers advice on taking notes studying preparing for tests and writing papers **The Silver Bullet**

Easy Learning System John Jensen, 2007-12-11 Students can change rapidly Just entering a different room they may feel happier and more successful because they respond instantly to changed conditions The same students may be bored and uncooperative and then learn zestfully The most powerful influence available to teachers is students opinion of each other Properly applied it inspires them to do better in all ways with results evident in a couple weeks K 12 They re more cooperative supportive gain firm knowledge hourly and are proud of their accomplishments National legislation ordering schools to change is an unwanted distraction Teachers instead need methods easy to apply that work quickly and obviously With seven key elements and fifty four methods this book explains How current instruction insures superficial learning Easy changes that increase long term mastery How the axiom Practice makes perfect applies to learning How to generate pride with hourly success and turn it into a body of knowledge The absolute fastest way to get mutual support and harmony How to make learning a team sport that includes everyone How to solve the national problem of assessing learning objectively How to discipline without alienating How students remember the most for the longest time **Effective Classroom**

Turnaround John Jensen, 2012-08-31 Effective Classroom Turnaround Practice Makes Permanent the third book in the Practices Makes Permanent series contends that because students learn and behave differently educators must thoughtfully approach them in the classroom in order to affect change Like all humans students respond to conditions around them Regardless of their habits and behaviors at home or in school educators can successfully stimulate them to approach education in a new more positive light Effective Classroom Turnaround offers teachers over fifty ways to generate cooperation enthusiasm and consistent academic success by utilizing principles of learning and motivation that are often ignored or at best underused even in the best schools Embracing the idea that school reform occurs in the classroom and not in the boardroom this guide will effectively connect instruction with students motivation and performance The Moore Method Charles Arthur Coppin, W. Ted Mahavier, E. Lee May, Edgar Parker, 2009 The Moore method is a type of instruction used in advanced mathematics courses that moves away from a teacher oriented experience to a learner centered one This book gives an overview of the Moore Method as practiced by the four authors The authors outline six principles they all have as goals elevating students from recipients to creators of knowledge letting students discover the power of their minds believing every student can and will do mathematics allowing students to discover present and debate mathematics carefully matching problems and materials to the students and having the material cover a significant body of knowledge Topics include establishing a classroom culture grading methods materials development and more Appendices include sample tests notes and diaries of individual courses Super Student Olav Schewe, 2019-10-17 Techniques to Perform Optimally Learn

Adult Learning Disabilities and ADHD: Research-Informed Assessment Robert L. Mapou,2009 What is a disability What is a learning disability Research on learning disabilities in adults Research on ADHD in adults Research informed assessment of learning disabilities and ADHD Client feedback and documentation Accommodations and interventions Case illustrations

Changing Attitudes and Behavior John Jensen,2012-07-20 Changing Attitudes and Behavior Practice Makes Permanent the second of the Practice Makes Permanent series argues that school performance is directly correlated to student motivation If school administrators and teachers adopt Jensen s easy direct and effective ways to help students manage their feelings and focus their attention the results will be two fold schools will foster a cooperative and high performing learning community and students will succeed academically while also mastering important social skills To do so both schools and students must make permanent learning their first priority rather than temporary superficial knowledge so that students can take pride in and ownership of their achievements in the classroom Maintaining this standard will require educators to build learning activities systematically they must understand record organize and deepen knowledge It will also require that they know simple and direct ways to change and improve the thinking that drives students behavior in addition to the points of leverage available to teachers when redirecting even the most distracted or distracting students Although identifying and modifying behavior patterns can be

difficult Jensen provides tried methods that will address student motivation unify class instruction and get teachers and students back on track for their long term permanent learning goals For more information about the author s work please check out his educational blog here <http://johnjensen.edublogs.org>

How to Get Into a Military Service Academy Michael Singer Dobson,2015-10-08 The five United States military service academies are some of the most elite schools in the nation taking the finest high school students and turning them into commissioned officers of the Army Navy Air Force Coast Guard and Merchant Marine Over 60 000 students a year begin the arduous process of applying and about 4 000 get in At West Point alone over 15 000 candidates start the applications process Less than a third of them finish it Some figure out that they aren t going to be competitive some get derailed with specific problems and some get lost and drop out even though they might have gotten in From applications to Congressional nominations from athletics to medical qualifications the process is unlike any other for getting into college This book leads students and their families through the process step by step offering the tools needed for the very best chance of success Covering special issues and concerns like LGBTQ women and minorities criminal records and more the author also discusses whether attending a service academy is RIGHT for the prospective student and what he or she can expect upon acceptance admission and attendance Using his personal experience in helping his son through the applications process Michael Singer Dobson provides all candidates with the ins and outs of the competition for a spot at one of these prestigious schools
