Munaweera, 2016-02-16 In the idyllic hill country of Sri Lanka a young girl grows up with her loving family but even in the midst of this paradise terror lurks in the shadows When tragedy strikes she and her mother must seek safety by immigrating to America There the girl reinvents herself as an American teenager to survive with the help of her cousin but even as she assimilates and thrives the secrets and scars of her past follow her into adulthood In this new country of freedom everything she has built begins to crumble around her and her hold on reality becomes more and more tenuous When the past and the present collide she sees only one terrible choice From Nayomi Munaweera the award winning author of *Island of a Thousand Mirrors* comes the confession of a woman driven by the demons of her past to commit a single and possibly unforgivable crime Praise for *Island of a Thousand Mirrors* The paradisiacal landscapes of Sri Lanka are as astonishing as the barbarity of its revolution and Munaweera evokes the power of both in a lyrical debut novel worthy of shelving alongside her countryman Michael Ondaatje or her fellow writer of the multigenerational immigrant experience Jhumpa Lahiri Publishers Weekly The beating heart of *Island of a Thousand Mirrors* is not so much its human characters but Sri Lanka itself and the vivid occasionally incandescent language used to describe this teardrop in the Indian Ocean The New York Times Book Review

Akil,2016-12-22 This book considers the ways in which Muslims view the way they are being viewed not viewed or incorrectly viewed by the West The book underscores a certain will to visibility whereby Muslims Arabs wish just to be seen and to be marked as fellow human beings The author relates the failure to achieve this visibility to a state of desperation that inextricably and symmetrically ties visibility to violence When Syrian and Palestinian refugees recently started refusing to be photographed they clearly ushered the eventual but inevitable collapse of the image and its final futility The photograph has been completely emptied of its last remaining possibility of signification The book attempts to engage with questions about the ways in which images are perceived within cross cultural contexts Why and how do people from different cultural backgrounds view the same image in opposing ways why do cartoon photographs and videos become both the cause and target of bloody political violence as witnessed recently by the deadly attacks against Charlie Hebdo in France and in the swift military response by the US Jordan France and others to videotaped violence by ISIS *The Self-Disclosure of God* William C.
