capitalism is itself a beneficent evolutionary adaptation Moreover as essential tenets of Rand s Objectivism individualism observation based rationality and peaceable self interest have been integral to the development of the capitalist ecosystem important aspects of the Objectivism are worthwhile adaptations as well This book shall uphold that position as well as combat critiques by evolutionary psychologists and environmentalists who denounce capitalism as self destructive Instead capitalism is the most sustainable and fairest political model This book argues that of all the philosophies Objectivism is the one that is most fit for humanity Psychiatric & Mental Health Nursing - E-Book Ruth Elder,Debra Nizette,Katie

reversal prompted in part by the racial prejudice they are confronted with as Black individuals As the author notes the novels also illustrate the desire to return to the homeland as a better alternative to the precarious life in the West even though such a move is not without its complications The study is divided into three parts with seven chapters The first two chapters deal with the reasons for the departure of migrants from the continent the next two depict the experiences of migrants in the West and the last three focus on contemplations of the return journey home Collectively the chapters lay out three phases in the migration process departure from home disillusionment in the West and return to the country of origin Within this framework the book uses displacement and dislocation to examine a host of themes social alienation alterity and the precarity of Africans in the diaspora
