Fever Vision Gene Hayworth,2007 From his birth in rural Kentucky during the Great Depression to his suicide in Manhattan in 1985 Coleman Dowell played many roles He was a songwriter and lyricist for television He was a model He was

a Broadway playwright He served in the U S Army both abroad and at home And most notably he was the author of novels that Edmund White among others has called masterpieces But Dowell was deeply troubled by a depression that hung over him his entire life Pegged as both a Southern writer and a gay writer he loathed such categorization preferring to be judged only by his work Fever Vision describes one of the most tormented talented and inventive writers of recent American literature and shows how his eventful life contributed to the making of his incredible art Derrida, Supplements Jean-Luc Nancy, 2023-09-05 When Jean Luc Nancy first encountered the work of Jacques Derrida in the 1960s he knew he was hearing something new a voice genuinely of its time Thinking with and against each other over the course of their long friendship the two thinkers reshaped the European intellectual landscape Nancy s writings on Derrida collected in this volume reflect on the elements of their shared concerns with politics the arts religion the fate of deconstruction and the future of sense Rather than studies commentaries or interpretations of Derrida s thought they are responses to his presence not exactly a presence to self but a presence in the world **A Comparative Study of Byrd Songs** , 2023-05-02 A comparative anthology of all of the variedly bylined texts in William Byrd s linguistic group with scholarly introductions that solve previously impenetrable literary mysteries This is a comparative anthology of William Byrd s multi bylined verse with scholarly introductions to their biographies borrowings and generic and structural formulas The tested Byrd group includes 30 texts with 29 different bylines Each of these texts is covered in a separate chronologically organized section This anthology includes modernized translations of some of the greatest and the wittiest poetry of the Renaissance Some of these poems are the most famous English poems ever written while others have never been modernized before These poems serve merely as a bridge upon which a very different history of early British poetry and music is reconstructed through the alternative history of the single ghostwriter behind them This history begins with two forgeries that are written in an antique Middle English style while simultaneously imitating Virgil s Eclogues Alexander Barclay s claimed translation of Pope Pius II s Eclogues 1514 and John Skelton s Eclogues 1521 The next attribution mystery solved is how only a single poem assigned to Walter Rawley of the Middle Temple when Raleigh is not known to have been a member of this Inn of Court in The Steal Glass A Satire 1576 has snowballed into entire anthologies of poetry that continue to be assigned to Raleigh as their author Matthew Lownes assigned the Edmund Spenser byline for the first time in 1611 to the previously anonymous Shepherds Calendar 1579 to profit from the popularity of the appended to it Fairy Queen And Thomas Watson has been credited with creating Hekatompathia 1582 when this was his first book length attempt in English and this collection has been described as the first Petrarchan sonnet sequence in English when actually most of these poems have 18 line instead of 14 line stanzas Byrd s self attributed Psalms Sonnets and Songs 1588 includes several lyrics that have since been re assigned erroneously to other bylines in this collection such as My Mind to Me a Kingdom Is being re assigned to Sir Edward Dyer The Byrd chapter also describes the history of his music licensing monopoly The University Wit label is reinterpreted as being applied to those who

completed paper degrees with help from ghostwriters as exemplified in Robert Greene's confession that his Pandosto and Menaphon were so many parricides as if these obscene topics were forced upon him without his participation in the authorial process Philip Sidney's Astrophil and Stella 1591 is showcased as an example of erroneous autobiographical interpretations of minor poetic references for example the line Rich she is in a sonnet that puns repeatedly on the term rich has been erroneously widely claimed by scholars to prove that Sidney had a prolonged love interest in Lady Penelope Devereux Rich Similarly Thomas Lodge's 1592 3 voyage to South America has been used to claim his special predilection for sea studies in works such as Phillis 1593 when adoring descriptions of the sea are common across the Byrd group Alexander Dyce appears to have assigned the anonymous Licia 1593 to Giles Fletcher in a brief note in 1843 using only the evidence of a vague mention of an associated monarch in a text from another member of the Fletcher family One of the few blatantly fictitiously bylined Renaissance texts that have not been re assigned to a famous Author is Henry Willobie's Avisia 1594 that invents a non existent Oxford affiliated editor called Hadrian Dorrell who confesses to have stolen this book without Willobie's permission Even with such blatant evidence of satirical pseudonym usage or potential identity fraud scholars have continued to search for names in Oxford's records that match these bylines John Monday's Songs and Psalms 1594 has been labeled as one of the earliest madrigal collections 1594 was the approximate year when Byrd began specializing in providing ghostwriting services for mostly university educated musicologists who used these publishing credits to obtain music positions at churches such as the Westminster Abbey or at Court An Oxford paper degree helped Thomas Morley become basically the first non priest Gospeller at the Chapel Royal The section on Morley's Ballets 1595 describes the fiscal challenges Morley encountered when the music monopoly temporarily transitioned from Byrd's direct control to his John Dowland's First Book of Songs or Aires 1597 is explained as a tool that helped Dowland obtain an absurdly high 500 daler salary from King Christian IV of Denmark in 1600 and his subsequent equally absurd willingness to settle for a 21 salary in 1612 to become King James I's Lutenist And the seemingly innocuous publication of Michael Cavendish's 14 Aires in Tablature to the Lute 1598 is reinterpreted with previously neglected evidence as actually a book that was more likely to have been published in 1609 as part of the propaganda campaign supporting Lady Arabella Stuart's succession to the British throne the attempt failed and led to Arabella's death during a hunger strike in the Tower and to the closeting of Aires William Shakespeare's The Passionate Pilgrim 1599 has been dismissed by scholars as only containing a few firmly Shakespearean poems in part because nearly all of its 20 poems had appeared under other bylines Passionate's poems 16 17 19 and 20 are included with an explanation of the divergent Ignoto Shakespeare and Marlowe bylines they were instead assigned to in England's Helicon 1600 Scholars have previously been at a loss as to identity of the John Bennet of the Madrigals 1599 and this mystery is solved with the explanation that this byline is referring to Sir John Bennet 1553 1627 whose 20 000 bail was in part sponsored with a 1 200 donation from Sir William Byrd John Farmer's First Set of English Madrigals 1599 is

reinterpreted as a byline that appears to have helped Farmer continue collecting on his Organist salary physically appearing for work between a notice of absenteeism in 1597 and 1608 when the next Organist was hired Thomas Weelkes Madrigals 1600 is reframed as part of a fraud that managed to advance Weelkes from a menial laborer 2 salary at Winchester to a 15 Organist salary at Chichester He was hired at Chichester after somehow finding around 30 to attain an Oxford BA in Music in 1602 in a suspicious parallel with the Dean William Thorne of Chichester s degree completion from the same school this climb was followed by one of the most notorious Organist tenures as Weelkes was repeatedly cited for being an absentee drunkard and yet Dean Thorne never fired him Richard Carlton s Madrigals 1601 also appears to be an inoffensive book before the unnoticed by scholars Mus 1291 A is explained as torn out prefacing pages that had initially puffed two schemers that were involved in the conspiracy of Biron in 1602 The British Library describes Hand D in Addition Ilc of Sir Thomas More as Shakespeare s only surviving literary manuscript this section explains Byrd s authorship of verse fragments such as Addition III and Percy s authorship of the overall majority of this censored play the various handwritings and linguistic styles in the More manuscript are fully explained Michael Drayton s Idea 1603 1619 series has been explained as depicting an autobiographical life long obsession with the unnamed in the text Anne Goodere despite Drayton s apparent split interest also in a woman called Matilda 1594 and in male lovers in some sprinkled male pronoun sonnets Michael East s Second Set of Madrigals 1606 is one of a few music books that credit Sir Christopher Hatton as a semi author due to their authorship at his Ely estate the many implications of these references are explored Thomas Ford s Music of Sundry Kinds 1607 serves as a gateway to discuss a group of interrelated Jewish Court musicians included Joseph Lupo a potential though impossible to test ghostwriter behind the Byrd group and open cases of identity fraud such as Ford being paid not only his own salary but also 40 for the deceased John Ballard William Shakespeare s Sonnets 1609 are discussed as one of Byrd s mathematical experiments which blatantly do not adhering to a single English sonnet formula as they include deviations such as poems with 15 lines six couplets and a double rhyme schemes The poems that have been erroneously assigned to Robert Devereux are explained as propaganda to puff his activities as a courtier when he was actually England s top profiteer from selling over 70 000 in patronage knighthoods and various other paper honors Orlando Gibbons or Sir Christopher Hatton s First Set of Madrigals and Motets 1612 describes the lawsuit over William Byrd taking over a Cambridge band leading role previously held by William Gibbons who in retaliated by beating up Byrd and breaking his instrument This dispute contributed to Byrd and Harvey s departure from Cambridge Byrd s peaceful life in academia appears to be the period that Byrd was thinking back to in 1612 as he was reflecting on his approaching death in the elegantly tragic Gibbons First songs Acronyms and Figures Introduction Handwriting Analysis Byrd Group Alexander Barclay s Translation of Pope Pius II s Eclogues 1530 John Skelton s Pithy Pleasant and Profitable Works 1568 Sir Walter Raleigh s Poems Between 1576 and 1604 Edmund Spenser s Shepherds Calendar 1579 Thomas Watson s Hekatompathia or Passionate Century of Love 1582 William Byrd s Psalms

Najemy, 2019-01-15 Between Friends offers the first extended close reading of the most famous epistolary dialogue of the Renaissance the letters exchanged from 1513 to 1515 by Niccolo Machiavelli and Francesco Vettori John Najemy reveals the literary richness and theoretical tensions of the correspondence the crucial importance of the dialogue with Vettori in Machiavelli's emergence as a writer and political theorist and the close but complex relationship between the letters and Machiavelli's major works on politics Unlike previous and mostly fragmentary treatments of the correspondence this book reads the letters as a continuously developing collaborative text in which problems of language and interpretation gradually emerge as the critical issues Najemy argues that Vettori's skeptical reaction to Machiavelli's first letters on politics and provoked Machiavelli into a defense of language's power to represent the world a notion that soon became the underlying assumption of The Prince Later and largely through an apparently whimsical exchange of letters on love and the foibles of eros Vettori led Machiavelli to confront the power of desire in language which opened the way for a different essentially poetic approach to writing about politics that surfaces for the first time in the pages of the Discourses on Livy John M Najemy is Professor of History at Cornell University He is the author of Corporatism and Consensus in Florentine Electoral Politics 1280-1400 North Carolina Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its
