The Entrepreneurial Middle Class Routledge Revivals:

The Entrepreneurial Middle Class (Routledge Revivals) Robert Goffee, Richard Scase, 2015-06-03 This book first published in 1982 is a study of the processes that shape the reproduction of the entrepreneurial middle class. It identifies the major dynamics surrounding stages of business growth. More particularly, it focuses upon obstacles and cleavages inherent within the process of small scale capital accumulation. This book is ideal for students of business and economics. *The Entrepreneurial Middle Class* Richard Scase, 1982 *Defendants in the Criminal Process (Routledge Revivals)* A. E.

Bottoms, J. D. McClean, 2013-10-14 First published in 1976, this book examines the practical workings of the English criminal court system, focusing on the defendant's experiences of the system and the decisions he takes as he passes through it. Indeed, the defendant in a criminal case is in a unique position to experience the whole criminal process from the first approaches of the investigating policeman to conviction, sentence, and possible appeal. *Defendants in the Criminal Process* is based upon the close observation of criminal cases and on interviews with defendants. The authors raise several issues and questions to be addressed by those involved in the administration of justice, whether as court administrators, judges, magistrates, or lawyers. They also discuss issues of special importance for academics and others concerned with the explanation of the court process.

Entrepreneurship in Europe (Routledge Revivals) Robert Goffee, Richard Scase, 2015-06-11 The changing character of the economies in Eastern and Western Europe are leading more people to start their own businesses. This volume, first published in 1987, highlights the trends developing over the closing decades of the twentieth century. Although business start-up requires financial and marketing skills, it also demands important psychological and sociological inputs. On the basis of detailed accounts of the relevant social processes, this volume describes the varied experiences of entrepreneurship as they are emerging among various groups in both Eastern and Western Europe, including the unemployed, women, ethnic minorities, and others. This book will be of interest to students of business studies and sociology. *Critical Perspectives on*

Entrepreneurship Caroline Essers, Pascal Dey, Deirdre Tedmanson, Karen Verduyn, 2017-02-17 Entrepreneurship is largely considered to be a positive force driving venture creation and economic growth. *Critical Perspectives on Entrepreneurship* questions the accepted norms and dominant assumptions of scholarship on the matter and reveals how they can actually obscure important questions of identity, ideology, and inequality. The book's distinguished authors and editors explore how entrepreneurship study can privilege certain forms of economic action whilst labelling other, more collective forms of organization and exchange as problematic. Demystifying the archetypal vision of the white male entrepreneur, this book gives voice to other entrepreneurial subjectivities and engages with the tensions, paradoxes, and ambiguities at the heart of the topic. This challenging collection seeks to further the momentum for alternate analyses of the field and to promote the growing voice of critical entrepreneurship studies. It is a useful tool for researchers, advanced students, and policy makers.

The Oxford Handbook of the Eighteenth-Century Novel J. A. Downie, 2016-07-21 Although the emergence of the

English novel is generally regarded as an eighteenth century phenomenon this is the first book to be published professing to cover the eighteenth century English novel in its entirety This Handbook surveys the development of the English novel during the long eighteenth century in other words from the later seventeenth century right through to the first three decades of the nineteenth century when with the publication of the novels of Jane Austen and Walter Scott the novel finally gained critical acceptance and assumed the position of cultural hegemony it enjoyed for over a century By situating the novels of the period which are still read today against the background of the hundreds published between 1660 and 1830 this Handbook not only covers those masters and mistresses of early prose fiction such as Defoe Richardson Fielding Sterne Burney Scott and Austen who are still acknowledged to be seminal figures in the emergence and development of the English novel but also the significant number of recently rediscovered novelists who were popular in their own day At the same time its comprehensive coverage of cultural contexts not considered by any existing study but which are central to the emergence of the novel such as the book trade and the mechanics of book production copyright and censorship the growth of the reading public the economics of culture both in London and in the provinces and the re printing of popular fiction after 1774 offers unique insight into the making of the English novel

Industrial Societies (Routledge Revivals) Richard Scase, 2015-06-03 This book first published in 1989 addresses an issue that stood at the centre of sociological concern the changing character of industrial societies The authors examine the nature of the industrialization process in terms of its impact upon and development within both state socialist and capitalist societies Is industrialism a constant phenomenon within both kinds of society or are distinctive differences apparent In the 1960s it did seem that economic growth and technological change were producing similarities in social structure between the different socio political systems it now appears however that the crisis that have developed during the 1980s how illustrated their contrasts Through the analysis of this trend in the West in Eastern Europe and in China the authors clarify central issues for the student of sociology The changing character of national states organized labour stratification systems and class relationships Processes of social integration cohesion and control The extent to which dominant groups are able to sustain social and economic privileges in different socio economic systems The changing pattern of work and employment relationships The nature of class gender and ethnicity as sources of socio economic division

Women Entrepreneurs and Business Empowerment in Muslim Countries Minako Sakai, Amelia Fauzia, 2022-09-26 This book analyzes women entrepreneurs in Muslim countries who are using Islamic values to develop and run small businesses As a core case study the authors are using Indonesia as it is the largest Muslim country in the world by population The project examines supportive policies and economic programs in detail and considers their effects on the businesses of several women entrepreneurs Additionally the authors argue that this work life balance is critical for the definition of a successful female Muslim entrepreneur The monograph considers whether this new phenomenon indicates a change in the conception of ideal Muslim womanhood or whether it is a limited phenomenon with few impacts beyond

Indonesia The book will appeal to academic and practitioner audience interested in Islam gender studies Middle Eastern and South Asian politics development anthropology and social policy

Egypt (Routledge Revival) Middle East Research Institute, 2015-07-24 First published in 1985 this study focusing on Egypt looks at the underlying reasons why certain political economic and social events have taken place in the country's history It provides vital analysis of the political and economic issues of the country and those that have affected it as well as providing statistical material on all the key data of the political economy The book was originally published as part of the Middle East Research Institute MERI Reports on the Middle East which quickly established themselves as the most authoritative and up to date information on the state of affairs in the region

The Power of Lies John Kucich, 2018-07-05 Although moral earnestness has long been considered characteristic of the Victorians Kucich maintains that English fiction in the nineteenth century was as interested in lies as in honesty In this important book Kucich explores the fascination with lying in novels by Anthony Trollope Wilkie Collins Elizabeth Gaskell Ellen Wood Thomas Hardy and Sarah Grand

Catholic Shrines in Chennai, India Thomas Charles Nagy, 2016-08-12 Though proportionally small India's Christians are a populous and significant minority Focussing on various Roman Catholic churches and shrines located in Chennai a large city in South India where activities concerning saintal revival and shrinal development have taken place in the recent past this book investigates the phenomenon of Catholic renewal in India The author tracks the changing local significance of St Thomas the Apostle who according to local legend was martyred and buried in Chennai and details the efforts of the Church hierarchy in Chennai to bring about a revival of devotion to St Thomas In doing the book considers Indian Catholic identity Indian Christian indigeneity and Hindu nationalism as well as the marketing of St Thomas and Catholicism within South India

Popular Radicalism D. G. Wright, 2014-06-06 This well argued and richly detailed book concludes that the working class radical movement was never able to prove a serious challenge to the stability of the British state and in fact achieved very little in these years except when operating in conjunction with the political movements and organizations of the middle class

Routledge Handbook of Religions in Asia Bryan Turner, Oscar Salemink, 2014-09-25 The Routledge Handbook of Religions in Asia provides a contemporary and comprehensive overview of religion in contemporary Asia Compiled and introduced by Bryan S Turner and Oscar Salemink the Handbook contains specially written chapters by experts in their respective fields The wide ranging introduction discusses issues surrounding Orientalism and the historical development of the discipline of Religious Studies It conveys how there have been many centuries of interaction between different religious traditions in Asia and discusses the problem of world religions and the range of concepts such as high and low traditions folk and formal religions popular and orthodox developments Individual chapters are presented in the following five sections Asian Origins religious formations Missions States and Religious Competition Reform Movements and Modernity Popular Religions Religion and Globalization social dimensions Striking a balance between offering basic information about religious cultures in Asia and addressing the

complexity of employing a western terminology in societies with radically different traditions this advanced level reference work will be essential reading for students researchers and scholars of Asian Religions Sociology Anthropology Asian Studies and Religious Studies The Origins of Modern English Society Harold Perkin,2003-09-02 Bringing together subjects such as culture religion morals politics economics and mentality Perkin presents and applies a holistic concept of social history in the tradition of great historians of the past In this classic text of social history Harold Perkin explores the emergence of a new form of class society in Victorian England which differed radically from early modern society He locates the origins of the modern English class system in the Industrial Revolution the impact of which went beyond economy and technology and changed the ways of living and perceptions of the English people in many ways Origins of Modern English Society maintains its influence as a comprehensive and integrative survey of a crucial period in the development of English society *Conflict Sociology* Randall Collins,Stephen K. Sanderson,2015-12-03 This new edition is a substantial abridgment and update of Randall Collins s 1975 classic Conflict Sociology The first edition represented the most powerful and comprehensive statement of conflict theory in its time Here Sanderson has retained the core chapters and added discussions on Collins s and others work in recent years An afterword summarizes Collins s latest forays into microsociological theorizing and attempts to demonstrate how his newer microsociology and older macrosociology are connected *Internationalizing Higher Education* Peter Ninnes,Meeri Hellstén,2006-01-20 Globalization is a multifaceted phenomenon and one of its major components is the internationalization of education The increasing pace and complexity of global knowledge flows and the accelerating exchange of educational ideas practices and policies are important drivers of globalization Higher Education is a key site for these flows and exchanges This book casts a critical eye on the internationalization of higher education It peels back taken for granted practices and beliefs explores the gaps and silences in current pedagogy and practices and addresses the ambiguities tensions and contradictions in internationalization In this volume scholars from a range of disciplines and regions critically examine the co modification of higher education teaching and support for international students international partnerships for aid and trade and the impacts on academics work *Making Democracy Safe for Business* Robert Kubinec,2023-07-06 Businesses in the Middle East and North Africa have failed to bring sustainable development despite decades of investment from the private and public sectors Yet we still know little about why the Arab Uprisings failed to usher in more transparent government that could break this enduring cycle of corruption and mismanagement Examining posttransition politics in Egypt and Tunisia Kubinec employs interviews and quantitative surveys to map out the corrupting influence of businesses on politics He argues that businesses must respond to changes in how perks and privileges are distributed after political transitions either by forming political coalitions or creating new informal connections to emerging politicians Employing detailed case studies and original experiments Making Democracy Safe for Business advances our empirical understanding of the study of the durability of corruption in general and the dismal results of the Arab Uprisings in

particular **Guaranteed Pure** Timothy Gloege, 2015-04-27 American evangelicalism has long walked hand in hand with modern consumer capitalism Timothy Gloege shows us why through an engaging story about God and big business at the Moody Bible Institute Founded in Chicago by shoe salesman turned revivalist Dwight Lyman Moody in 1889 the institute became a center of fundamentalism under the guidance of the innovative promoter and president of Quaker Oats Henry Crowell Gloege explores the framework for understanding humanity shared by these business and evangelical leaders whose perspectives clearly differed from those underlying modern scientific theories At the core of their corporate evangelical framework was a modern individualism understood primarily in terms of economic relations Conservative evangelicalism and modern business grew symbiotically transforming the ways that Americans worshipped worked and consumed Gilded Age evangelicals initially understood themselves primarily as new Christian workers employees of God guided by their divine contract the Bible But when these ideas were put to revolutionary ends by Populists corporate evangelicals reimagined themselves as savvy religious consumers and reformulated their beliefs Their consumer oriented orthodoxy displaced traditional creeds and undermined denominational authority forever altering the American religious landscape **Guaranteed pure** of both liberal theology and Populist excesses this was a new form of old time religion not simply compatible with modern consumer capitalism but uniquely dependent on it *Beauty and Business* Philip Scranton, 2014-03-05 Beauty seems simple we know it when we see it But of course our ideas about what is attractive are influenced by a broad range of social and economic factors and in *Beauty and Business* leading historians set out to provide this important cultural context How have retailers shaped popular consciousness about beauty And how in turn have cultural assumptions influenced the commodification of beauty The contributors here look to particular examples in order to address these questions turning their attention to topics ranging from the social role of the African American hair salon and the sexual dynamics of bathing suits and shirtcollars to the deeper meanings of corsets and what the Avon lady tells us about changing American values As a whole these essays force us to reckon with the ways that beauty has been made bought and sold in modern America

Moral Visions and Material Ambitions A. Kristen Foster, 2004-01-01 No single vision for the future of America existed after the Revolution In light of social and economic changes America's scope shifted from community mindedness the very heart of the republican ideal to economic individualism In *Moral Visions and Material Ambitions* A. Kristen Foster describes how eager young entrepreneurs in Philadelphia manipulated America's moral vision of a classical republic to facilitate their own material ambitions fostered by the free market economy that arose between 1776 and 1836 As market developments changed economic relationships in the city men and women used the Revolution's republican language to help explain what was happening to them and in the process they helped redefine class structure in Philadelphia This study explores the ways Philadelphians used the Revolution and its powerful language of liberty and equality to impose meaning on their lives as an expanding market irreversibly changed social and economic relationships in their city and eventually the rest of the country
