Vanja tells herself she's wading into the royalty's vicious games only to save the name she made and the loved ones also in jeopardy. But the Order of Prefects has also put their sharpest official on the case, the one who swore he'd always find Vanja until she broke his heart. Journeyman Prefect Emeric Conrad may no longer be the boy Vanja knew, but they'll have to work together one last time to have any chance of surviving the deadly catastrophe coming for them all. With bloody conspiracy, sinister magic, and old adversaries closing in, it will take everything Vanja has to save not just the people she loves but the future she's fought for. In this thrilling final chapter of the Indie Next series *Little Thieves*, New York Times bestselling author Margaret Owen shows us the pain and beauty of choosing which demons to face and which to forgive.

Nature's Last Dance Natalie Kyriacou, 2025-08-26. Amidst the tragedy of wild species extinction lies a hidden world of survival and wonder. Conservationists are embroiled in a high-stakes clash with a drug cartel to save a porpoise. Scientists are fighting to save a flightless bird that romances rocks. Unconventional animals are upending 21st-century beauty standards, and financiers are betting on whale poo to make its debut on Wall Street. This is a story of survival and extinction, of life and death, of curiosity and perversion, of unimaginable joy and harrowing sorrow. Set against the backdrop of a rapidly unfolding mass extinction event, *Nature's Last Dance* takes readers across hunting grounds, through jungles and oceans, inside communities, through trafficking rings and courtrooms, and into the heart of battles to survive against all odds. Award-winning environmentalist Natalie Kyriacou confronts the extinction crisis with courage and curiosity, charting a new course for nature and showing us why it is so worth fighting for.

The Geoengineered Transhuman Elana Freeland, 2025-02-25. Explores how chemicals and nanotechnology are being continuously delivered via chemtrail aerosols by jets, drones, and rockets in the guise of climate change. Examines the public-private partnerships behind transhumanism, including Big Pharma, GMO agribusiness, DARPA, IARPA, corporations, and foundations. Reveals the reality of the secret space program, SSP, and the planetary smart grid of 5G, 6G, the Internet of Things (IoT), and artificial intelligence (AI). What if the degradation of the planet is not just a byproduct of human greed but the explicit intention of government agencies bought off by corporations? What if their intent is to create a post-human global government run by AI, populated by a genetically and electromagnetically altered *Homo sapiens* loaded with nanotechnology and run by 5G, 6G, 7G transceivers from space? Building on decades of research, Elana Freeland offers a comprehensive exposé of the transhumanist agenda: the transformation of humanity into a slave class by means of biotechnology, genetic engineering, molecular nanotechnology, and artificial intelligence. She reveals that weather control is already a global reality thanks to the aerosol chemtrails that maintain the ionized atmosphere needed for a myriad of military and civilian wireless operations. The air we breathe, the soil we grow our food in, and the water we drink have all been altered away from Nature and toward a synthetic metaverse.

Meanwhile Big Pharma injects nano sized hardware and software in vivo that activate a transhumanist brain computer interface with AI The author also examines the public private partnerships behind transhumanism and reveals the reality of the secret space program and the planetary smart grid of 5G 6G The eons old dream of global power seems to be coming of age in this overwhelmingly technological era of domination by the wealthy And yet by exposing the transhumanist agenda and studying the technology being employed to subjugate the human race we have the opportunity to find ways not just to resist becoming machines ourselves but to utilize our technologies for restoring a high civilization in service to the Good the Beautiful and the True
