Krueger, 2015-10-01

What do our myths say about us Why do we choose to believe stories that have been disproven David M Krueger takes an in depth look at a legend that held tremendous power in one corner of Minnesota helping to define both a community s and a state s identity for decades In 1898 a Swedish immigrant farmer claimed to have discovered a large rock with writing carved into its surface in a field near Kensington Minnesota The writing told a North American origin story predating Christopher Columbus s exploration in which Viking missionaries reached what is now Minnesota in 1362 only to be massacred by Indians The tale s credibility was quickly challenged and ultimately undermined by experts but the myth took hold Faith in the authenticity of the Kensington Rune Stone was a crucial part of the local Nordic identity Accepted and proclaimed as truth the story of the Rune Stone recast Native Americans as villains The community used the account as the basis for civic celebrations for years and advocates for the stone continue to promote its validity despite the overwhelming evidence that it was a hoax Krueger puts this stubborn conviction in context and shows how confidence in the legitimacy of the stone has

deep implications for a wide variety of Minnesotans who embraced it including Scandinavian immigrants Catholics small town boosters and those who desired to commemorate the white settlers who died in the Dakota War of 1862 Krueger demonstrates how the resilient belief in the Rune Stone is a form of civil religion with aspects that defy logic but illustrate how communities characterize themselves He reveals something unique about America s preoccupation with divine right and its troubled way of coming to terms with the history of the continent s first residents By considering who is included who is left out and how heroes and villains are created in the stories we tell about the past Myths of the Rune Stone offers an enlightening perspective on not just Minnesota but the United States as well *California State Publications* ,2000 *The City Record* New York (N.Y.),1906 Includes Official canvas of votes varies slightly 1878 1943 *Sales Management* Thomas N.
