How It Works Edgar Rothermich, 2012-05-01 Motion 5 How it Works from the GEM series Graphically Enhanced Manuals explains Apple's popular motion graphics application Motion 5 with rich illustrations and diagrams that are not found in any other manual. This 147 pages letter size book presents this software application in great detail with that easy to understand visual approach. What are Graphically Enhanced Manuals GEM? They're a new type of manual with a visual approach that helps you UNDERSTAND a program not just LEARN it. No need to read through 500 of pages of dry text explanations. Rich graphics and diagrams help you to get that aha effect and make it easy to comprehend difficult concepts. The Graphically Enhanced Manuals help you master a program much faster with a much deeper understanding of concepts, features and workflows in a very intuitive way that is easy to understand.

Test Drive Blender John M. Blain, 2016-12-19 This book will introduce you to the controls and steer you towards understanding what Blender can do. With this program you can create 3D models of objects and characters. The objects and characters can be placed in scenes. The scenes are captured by camera and rendered into digital images. The objects and characters can be animated and then again captured by camera and rendered to video files. Video files can then be compiled into movies. This book will show you how to make the Blender program go through some of its paces and give you an insight into this fantastic world. You will be shown the controls and given operation instructions allowing you to activate a variety of features.
