Martina Fuchs,2016-02-11 Putting forward a comprehensive view of knowledge with a specific perspective on place and space this book provides a new perspective on the globalisation of knowledge Crossing disciplinary boundaries the principal agenda of this volume is to open up a perspective beyond knowledge i e beyond the interpretation of knowledge as scientific technical knowledge Author Martina Fuchs introduces further kinds of knowledge and interpretation which influence managements perception of globalisation and therefore the knowledge which is going global She refers to knowledge in the sense of experiences competencies in the production and labour process as well as mutually shared mental constructs which are embedded in a context of understanding and interpretation Exploring beyond the meaning of worldwide knowledge as general open access knowledge this book also discusses barriers to knowledge problems of transfer and the influence of governance and control *Generationally Speaking* Alastair Greener,2025-11-03

For the first time in history eight generations are alive at the same time and four of them are working side by side in today s workplace Whether in our everyday lives or at work we re all interacting across multiple generations and yet bridging the age gap has never been more challenging Generational labels often based on lazy surface level stereotypes can reinforce division and miscommunication Baby Boomers are out of touch Millennials are entitled and Gen Zs are so chronically online they can t talk face to face But these assumptions don t always reflect reality If we look beyond the stereotypes and headlines and start with understanding instead of judgement we can get past this disconnect communicate more effectively and appreciate the strengths each generation brings to our workplaces communities and everyday lives In this fascinating and much needed book Alastair

Greener helps the reader get to know each of the generations providing relevant cultural touchpoints astute observations and a sense of what makes them tick He then uses these insights coupled with his own original research to make sense of how the generations communicate and suggests how best to navigate having multiple generations in the workforce and in our wider society Living in a multigenerational world should be seen an asset not an obstacle as it means that different perspectives can be brought to the table Everybody has something to offer as well as something to learn so let s break down the generational silos and start building bridges Automotive Management Jens Diehlmann,Joachim Häcker,2013-12-09

The authors point out the entire business orientated automotive value chain With regard to the finance perspective the elements of the value chain are scrutinized chapter by chapter Current trends in new mobility concepts cross industry strategic alliances as well as requirements for product launch especially in the BRIC countries are highlighted The book provides the link between science and business practice in the automotive industry It can be used as a textbook Many practitioners might also use it as a guideline in the field of automotive management Britannica Book of the Year ,2017
