Business Motivational speech - We must embrace diversity in the workplace - Sample

Summary: This speech is ideal for motivating an audience into believing the bonuses to business of accepting diversity in the workplace. It may be used by a business teacher or by a trade unionist or, in fact, a manager or executive who wants to motivate an audience to share his/her beliefs. It may also be used as a general speech by a member of a group such as Toastmasters.

There is a change in the weather ahead for all businesses. It is one being shaped and swirled by the changing winds and tides of human demographics and markets. It will affect every business - and will threaten the very survival of many. We will, quite literally, need all hands on deck if our businesses are to survive. We've got to face the challenge of embracing diversity. The figures, solid projection borne out by the last few decades, are astounding. Any business hoping to survive and thrive should be listening and acting now.

No one should be in any doubt of the power of minorities to change the status quo. By 2008 projected figures state that women and minorities will represent 70% of the new labour force. By 2010 34% of the US work force will be non Caucasian. In the next decade it is estimated that 75% of new workers will most likely be from Asia. The US and Europe combined will provide only 3% of the world's new labour force. These figures are not just a matter of race or ethnicity, they are a demographic shockwave that is set to revolutionise spending patterns and markets.

We have always taken great comfort from the fact that good business should be like a well-designed ship. The market is its ocean, with all the currents, tides and swells and occasionally the Bermuda triangles. A well designed ship will have everything on board fastened and functioning to the best of its ability. It will navigate well to take advantage of the winds and the elements can offer it. Like a good business it will sail, with the wind, its crew all knowing their function and their duties.

Each individual crew member is an individual, yet they will pull together knowing that their similarities and goals are far more important than their differences. Their pride in their voyage and their skill and their destination and even their journey together is something that they will tell with relish. They will listen to and learn from each other. They know they are not here through luck, but through skill and determination. They understand that any ship not taking full

Short and Scripted - The Art of Writing Videos That Hook in Seconds Reginaldo Osnildo, In today's world where time is one of the most competitive commodities capturing someone's attention for just a few seconds has become a true art. We are living in the era of short videos, reels, TikToks, shorts, and every hundredth of a second counts. If before we had minutes to tell a story, today we have mere moments to capture attention, spark curiosity, and deliver value. In this new scenario, a challenge arises, and with it, an essential skill: writing short scripts that not only work but that impact, engage, and above all, remain in memory. **Short and Scripted: The Art of Writing Videos That Hook in Seconds** was born from this urgency to communicate with precision, speed, and creativity. This is not just a technical manual; it is a deep dive into the universe of audiovisual writing for the fast-paced digital age. Here, you will find more than just ready-made formulas. You will learn to think like a scriptwriter, master structures, rhythms, and emotions, understand audience behavior, and adapt your writing to different platforms and objectives. This book offers a complete journey from the basics of short scriptwriting to the professional practice of those who make a living from creating ideas that fit into 15, 30, or 60 seconds. Each chapter is designed to deliver not only content but also reflection, inspiration, and most importantly, practical application. With examples, provocations, and challenges along the way, this book is for those who want to be more than a creator; they want to be a fast, accurate, and creative storyteller. Whether you're a screenwriter, content creator, advertiser, filmmaker, social media professional, or just someone who loves telling good stories in a compact way, this book was written to help you transform ideas into engaging videos that start with a silent question in the mind of the viewer: What's next? Get ready to learn how to write with focus, soul, and agility. Because in the world of short videos, the script is king, and time is a throne fought over second by second. Yours sincerely, Reginaldo Osnildo.
