The Best VBS Workbook Ever! Lisa Brown, 2017-01-01 Designing a Vacation Bible School program as opposed to choosing one of the many off the shelf packages is a labor of love It considers the unique perspective of children and invests accordingly It s a home cooked meal compared to fast food It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time Well designed VBS programs speak to children with respect love and patience offering opportunity for authentic spiritual growth not to mention an intentional theology that is reflective of the church Finally custom designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts This book provides Christian educators with the tools they need to assess the needs and resources in their congregation and to craft a creative program in response to that assessment The Best VBS Workbook Ever offers direction and suggestions on theme structure logistics program activities staffing and promotion *Small Town VBS* Gennifer Anderson, Sonja Toews, 2012-11 What do you get when you take two moms who love children s ministries and ask them to plan the Vacation Bible School program at their church If you asked Gennifer Anderson and Sonja Toews that question their answer would be this book With more than twenty years of combined experience coordinating the VBS program for their church each summer these two moms decided to write their own VBS programs to meet the needs of their church and offer a different program to their community other than the mainstream VBS programs that every other church in their town was offering The result of their efforts is Small Town VBS This book offers you three programs for less than the price of one manual for most other programs Buy one book and be set for three years Each program contains detailed information about the opening program crafts games food and skit scripts which provide humor and laughter for the closing program while tying the whole theme for the day together The result of their efforts is Small Town VBS This book offers you three programs for less than the price of one manual for most other programs Buy one book and be set for three years Each program contains detailed information about the opening program crafts games food and skit scripts which provide humor and laughter for the closing program while tying the whole theme for the day together The three programs focus on the following themes Celebrations Explores the ceremonies the Israelites celebrated and how each celebration pointed to the future and Christ s mission on earth Short Stories Looks at five of Jesus parables and what those stories mean to us God s Most Wanted Studies the life of David and how God used him as a shepherd boy and king to do great things Share God s love with the children in your church and community by putting together an unforgettable VBS program with the help of two experienced program directors who God has called to teach children about Jesus Little Theologians David M. Csinos, 2020-11-18 Children don t just learn theology They actively create it playing with ideas and drawing together aspects of their own lives to form theological understanding David Csinos offers a groundbreaking exploration of how cultural contexts intersect with the theological meaning making of children
