

# Topic C, Essay #3

In the next few years, an important goal that I want to achieve is to be the best mother that I can be. Not everyone in this point of their life thinks about this but I have to. For myself and my child, I plan to do everything a mother should do. First things to being the best mother possible is showing her how much I love her by teaching her, disciplining her, and playing with her.

Things I want to teach my daughter are about life, right from wrong, and good morals. I also want her to know that I will always be her shoulder to cry on. I believe by achieving this goal, I need to teach her what my parents taught me, and things that I believe in, too.

Discipline is also a big part in being a good mother. If I teacher her what I believe is right and wrong, then she'll know what is morally acceptable to me.

By playing with my daughter, I can also achieve a special bond with her that some parents never do.

One more thing that I believe will make me a good mother is that I take care of my own child. So many mothers today do not do this and I don't understand why.

I believe that by teaching, disciplining, and playing with my daughter, I will achieve my goal of being the best mother I can be. I just hope that my daughter thinks so, too.
