Boom Kids James A. Onusko, 2021-07-06 The baby boomers and postwar suburbia remain a touchstone. For many there is a belief that it has never been as good for youngsters and their families as it was in the postwar years. Boom Kids explores the triumphs and challenges of childhood and adolescence in Calgary's postwar suburbs. The boomers' impact on fifties and sixties Canadian life is unchallenged. Social and cultural changes were made to meet their needs and desires. While time has passed, this era stands still in time, viewed as an idyllic period when great hopes and relative prosperity went hand in hand for all. Boom Kids is organized thematically with chapters focusing on suburban spaces, the Cold War and its impact on young people, ethnicity, race, and work, the importance of play and recreation, children's bodies, health, and sexuality, and the night resistances and delinquency. Reinforced throughout this manuscript is the fact that children and adolescents were not only affected by their suburban experiences but that they influenced the adult world in which they lived. Oral histories from former community members and archival materials, including school-based publications, form the backbone for a study that demonstrates that suburban life was diverse and filled with rich experiences for youngsters.

Reel Time Robert Morris Seiler, Tamara Palmer Seiler, 2013 In this authoritative work, Seiler and Seiler argue that the establishment and development of moviegoing and movie exhibition in Prairie Canada is best understood in the context of changing late nineteenth century and early twentieth century social, economic, and technological developments. From the first entrepreneurs who attempted to lure customers into movie exhibition halls to the digital revolution and its impact on moviegoing, Reel Time highlights the pivotal role of amusement venues in shaping the leisure activities of working and middle class people across North America. As marketing efforts, the lavish interiors of the movie palace and the romantic view of the local movie theatre concealed a competitive environment in which producers, exhibitors, and distributors tried to monopolize the industry and drive their rivals out of business. The pitched battles and power struggles between national movie theatre chains took place at the same time that movie exhibitors launched campaigns to reassure moviegoers that theatres were no longer the unclean and immoral places of amusement of yesteryear. Under the leadership of impresarios, the movie theatre rose up from these attacks to become an important social and cultural centre, one deemed suitable for women and children. An innovative examination of moviegoing as a social practice and movie exhibition as a commercial enterprise, Reel Time depicts how the industry shaped the development of the Canadian Prairie West and

propelled the region into the modern era
