The Hacked World Order Adam Segal,2016-02-23 For more than three hundred years the world wrestled with conflicts that arose between nation states Nation states wielded military force financial pressure and diplomatic persuasion to create world order Even after the end of the Cold War the elements comprising world order remained essentially unchanged But 2012 marked a transformation in geopolitics and the tactics of both the established powers and smaller entities looking to challenge the international community That year the US government revealed its involvement in Operation Olympic Games a mission aimed at disrupting the Iranian nuclear program through cyberattacks Russia and China conducted massive cyber espionage operations and the world split over the governance of the Internet Cyberspace became a battlefield Cyber conflict is hard to track often delivered by proxies and has outcomes that are hard to gauge It demands that the rules of engagement be completely reworked and all the old niceties of diplomacy be recast Many of the critical resources of statecraft are now in the hands of the private sector giant technology companies in particular In this new world order cybersecurity expert Adam Segal reveals power has been well and truly hacked

If You're in a Dogfight, Become a Cat! Leonard Sherman, 2017-01-10 Businesses often find themselves trapped in a competitive dogfight scratching and clawing for market share with products consumers view as largely undifferentiated Conventional wisdom suggests that dogfights are to be expected as marketplaces mature giving rise to the notion that there are bad industries where it is unlikely that any company can succeed But there are notable exceptions in which enlightened executives have changed the rules to grasp the holy grail of business long term profitable growth Rather than joining the dogfights raging within their industry companies such as Apple FedEx and Starbucks have chosen to become metaphorical cats continuously renewing their distinctive strategies to compete on their own terms In *If You're in a Dogfight Become a Cat* Leonard Sherman draws on four decades of experience in management consulting venture capital and teaching business strategy at Columbia Business School to share practical advice on two of the most vexing issues facing business executives why is it so hard to achieve long term profitable growth and what can companies do to break away from the pack Sherman takes the reader on a provocative journey through the building blocks of business strategy by challenging conventional wisdom on a number of questions that will redefine management best practices What should be the overarching purpose of your business Do you really know what your strategy is Is there such a thing as a bad industry Where do great ideas come from and how do I find them What makes products meaningfully different What makes and breaks great brands How and when should I disrupt my own company What are the imperatives to achieving long term profitable growth Filled with dozens of illustrative examples of inspiring successes and dispiriting falls from grace this book provides deep insights on how to become the cat in a dogfight whether you are a CEO mid level manager aspiring business school student or curious observer interested in achieving sustained profitable growth

Beyond Stereotypes Ari F. Sclar, 2015-04-15 In the decades after the Civil War sports slowly gained a prominent position within American culture This development provided Jews with opportunities to participate in one of the few American cultures not closed off to them Jewish athleticism challenged anti Semitic depictions of Jews supposed physical inferiority while helping to construct a modern American Jewish identity An Americanization narrative emerged that connected Jewish athleticism with full acceptance and integration into American society This acceptance was not without struggle but Jews succeeded and participated in the American sporting culture as athletes coaches owners and fans The diversity of topics in this volume reflect that the field of the history of American Jews and sports is growing and has moved beyond the need to overcome the idea that Jews are simply People of the Book The contributions to this volume paint a broad picture of Jewish participation in sports with essays written by respected historians who have examined specific sports individuals leagues cities and the impact of sport on Judaism Despite the continued belief that Jewish religious or cultural identity remains somehow distinct from the American idea of the athlete the volume demonstrates that American Jews have had a tremendous contribution to American sports and conversely that sports have helped construct American Jewish culture and identity

The Enemy Within Never Did Without Jeffrey L. Littlejohn, Charles H. Ford, 2015-08-17 Camp Huntsville was one of the first and largest POW camps constructed in America during World War II Located roughly eight miles east of Huntsville Texas in Walker County the camp was built in 1942 and opened for prisoners the following year The camp served as a model site for POW installations across the country and set a high standard for the treatment of prisoners Between 1943 and 1945 the camp housed roughly 4 700 German POWs and experienced tense relations between incarcerated Nazi and anti Nazi factions Then during the last months of the war the American military selected Camp Huntsville as the home of its top secret re education program for Japanese POWs The irony of teaching Japanese prisoners about democracy and voting rights was not lost on African Americans in East Texas who faced disenfranchisement and racial segregation Nevertheless the camp did inspire some Japanese prisoners to support democratization of their home country when they returned to Japan after the war Meanwhile in this country the US government sold Camp Huntsville to Sam Houston State Teachers College in 1946 and the

site served as the school's Country Campus through the mid 1950s This long overdue project is one I started working on decades ago but didn't finish It is gratifying to see the book come to fruition through the efforts of these two history professors And what a job they've done Paul Ruffin Director TRP *Emerging Anti-cancer Compounds and Immunomodulators for Pancreatic Cancer Treatment* Stephen Safe, Jennifer M. Bailey-Lundberg, Kathleen E. DelGiorno, 2024-04-29 Pancreatic cancer is a highly lethal gastrointestinal disease that is becoming one of the leading causes of cancer mortality worldwide Despite advances in surgery radiation therapy immuno oncology and therapeutics the 5 year survival rate for pancreatic cancer patients remains around 12% The poor prognosis is mainly due to late diagnosis as pancreatic cancer patients commonly don't exhibit symptoms until an advanced stage that is beyond surgical resection Currently the main treatments for patients with advanced pancreatic cancer are chemotherapy radiotherapy and most recent clinical trials incorporate immunotherapy *CTLA-4: Challenges, limitations, and future perspective in cancer immunotherapy* Sina Taefehshokr, Behzad Baradaran, Nima Taefehshokr, 2023-10-05 *Reconsidering Flannery O'Connor* Alison Arant, Jordan Cofer, 2020-11-24 Contributions by Lindsay Alexander Alison Arant Alicia Matheny Beeson Eric Bennett Gina Caison Jordan Cofer Doug Davis Doreen Fowler Marshall Bruce Gentry Bruce Henderson Monica C Miller William Murray Carol Shloss Alison Staudinger and Rachel Watson The National Endowment for the Humanities has funded two Summer Institutes titled Reconsidering Flannery O'Connor which invited scholars to rethink approaches to Flannery O'Connor's work Drawing largely on research that started as part of the 2014 NEH Institute this collection shares its title and its mission Featuring fourteen new essays Reconsidering Flannery O'Connor disrupts a few commonplace assumptions of O'Connor studies while also circling back to some old questions that are due for new attention The volume opens with New Methodologies which features theoretical approaches not typically associated with O'Connor's fiction in order to gain new insights into her work The second section New Contexts stretches expectations on literary genre on popular archetypes in her stories and on how we should interpret her work The third section lovingly called Strange Bedfellows puts O'Connor in dialogue with overlooked or neglected conversation partners while the final section O'Connor's Legacy reconsiders her personal views on creative writing and her wishes regarding the handling of her estate upon death With these final essays the collection comes full circle attesting to the hazards that come from overly relying on O'Connor's interpretation of her own work but also from ignoring her views and desires Through these reconsiderations some of which draw on previously unpublished archival material the collection attests to and promotes the vitality of scholarship on Flannery O'Connor
