Technical Standards Board Governance Policy Sae International:

Technical Committee Guidelines Executive Standards Committee,1998 These guidelines were written to provide information needed by SAE technical committee members Subject matter covers relations of technical committees to the SAE organization and in broad terms committee operating procedures The guidelines are the outgrowth of the principles and policies of the Society and they reflect the philosophies traditions and methodology that have emerged from years of successful operations of SAE technical committees These guidelines are necessarily brief and presented in an outline form For additional information refer to the latest issue of the SAE Technical Standards Board Governance Policy and appropriate Council Operating Practices **Federal Register** ,2013-11 *Report of Survey Conducted at SAE International and Performance Review Institute, Warrendale PA, February 1997* United States. Department of the Navy (Best Manufacturing Practices Center of Excellence),1997 Driver Distraction Michael A. Regan,John D. Lee,Kristie Young,2008-10-15 Certain activities and events both inside and outside a vehicle can distract drivers and lead to degraded performance New technologies such as entertainment communication and driver assistance systems play a significant role in distraction This unique volume defines driver distraction discusses various causes and explains how to measure acceptable and unacceptable levels of distraction Several chapters address measurement techniques based on performance and epidemiological studies Most importantly the text explores ways to mitigate driver distraction as well as countermeasures including vehicle design and effective legislation **Defense Standardization Program Journal** ,2009 *S.A.E.
