

■ Setting / Removing Discs

A

How to set discs

- 1** Pulling gently from both ends, open the front panel.

Caution

- Except when setting or removing discs, keep hands out of the changer while open. You could injure yourself if somehow entangled in the internal mechanism.
- Keep cassette tapes away from the magnetic latches.

- 2** Slide the loader carriage to the desired slot No. to insert a disc.

Note

Slot No. 0 (SINGLE) is reserved for single disc play.

- 3** Set the disc on the loader and flip the loader upwards.

Caution

- Do not use 3" (8 cm) discs fitted with expander rings. Expander rings could damage the disc slots.
- Do not use cleaning discs or warped discs. All of these could damage your changer.
- Do not use discs with poorly attached labels or stickers. Adhesive protruding from peeled off stickers can cause the changer to malfunction.
- Do not put anything other than discs in the changer.
- Do not use irregular shape CDs (heart-shape, octagonal, etc.).

- 4** Close the front panel gently.

Note

If you leave the front panel open while a disc is in play, when the disc is over, the changer will stop.

How to remove discs

- 1.** Open the front panel.
- 2.** Slide the loader carriage to the slot you want.
- 3.** Press the eject button on the loader carriage.

Special notes

You can set discs in the slots and remove them too, while playing discs.

- Do not set a disc in the slot of the disc being played (slot flashes). The disc in play is returned to its slot when finished. If two discs somehow jam in a slot, one or both could be damaged. When this happens, the message "TAKE OUT" will appear on the display. Remove the disc that doesn't belong in the slot and press the stop button.
- Do not open the front panel while the changer is changing discs.
- Sometimes the front panel cannot be opened, while a disc is playing. It is a question of time. In such case, wait until you can open it.
