**Free Culture** Lawrence Lessig, 2004 From the most important thinker on intellectual property in the Internet era The New Yorker a landmark manifesto about the genuine closing of the American mind Lawrence Lessig could be called a cultural environmentalist One of America's most original and influential public intellectuals his focus is the social dimension of creativity how creative work builds on the past and how society encourages or inhibits that building with laws and technologies In his two previous books Code and The Future of Ideas Lessig concentrated on the destruction of much of the original promise of the Internet Now in Free Culture he widens his focus to consider the diminishment of the larger public domain of ideas In this powerful wake up call he shows how short sighted interests blind to the long term damage they are inflicting are poisoning the ecosystem that fosters innovation All creative works books movies records software and so on are a compromise between what can be imagined and what is possible technologically and legally For more than two hundred years laws in America have sought a balance between rewarding creativity and allowing the borrowing from which new creativity springs The original term of copyright set by the Constitution in 1787 was seventeen years Now it is closer to two hundred Thomas Jefferson considered protecting the public against overly long monopolies on creative works an essential government role What did he know that we've forgotten Lawrence Lessig shows us that while new technologies always lead to new laws never before have the big cultural monopolists used the fear created by new technologies specifically the Internet to shrink the public domain of ideas even as the same corporations use the same technologies to control more and more what we can and can't do with culture As more and more culture becomes digitized more and more becomes controllable even as laws are being toughened at the behest of the big media groups What's at stake is our freedom freedom to create freedom to build and ultimately freedom to imagine New York Magazine, 1993-02-01 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted

resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      Popular Mechanics ,2005-04 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle      **Popular Science** ,1992-11 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better      New York Magazine ,1993-05-17 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      **Media Promotion & Marketing for Broadcasting, Cable & the Internet** Susan Tyler Eastman,Douglas A. Ferguson,Robert Klein,2012-11-12 Capture and Retain Your Media Audience      *Global Media Giants* Benjamin Birkinbine,Rodrigo Gomez,Janet Wasko,2016-07-01 Global Media Giants takes an in depth look at how media corporate power works globally regionally and nationally investigating the ways in which the largest and most powerful media corporations in the world wield power Case studies examine not only some of the largest media corporations News Corp The Microsoft Corporation in terms of revenues but also media corporations that hold considerable power within national regional or geolinguistic contexts Televisa The Bertelsmann Group Sony Corporation Each chapter approaches a different corporation through the lens of economy politics and culture giving students and scholars a thoughtful and data driven guide with which to interrogate contemporary media industry power      *Censored* ,2002      *Born to Be Wired* John Malone,2025-09-02 If you ve ever streamed a show on HBO Max seen a Formula One race hummed a tune on SiriusXM bought concert tickets via Ticketmaster or watched an Atlanta Braves game you ve crossed paths with John Malone You just didn t know it John Malone remains a stranger to most people though millions have been touched by the technologies and content he made possible In *Born to Be Wired* this legendary cable cowboy shares stories from behind the scenes of the most transformative deals in media entertainment and technology He recounts the extraordinary saga of how America was wired how a single copper strand evolved from a rural TV antenna service into a high speed backbone powering the internet and clearing the path for Amazon Facebook and Google Malone offers an insider s account of launching television s first cable networks including Discovery TBS QVC and BET and the strategy behind era defining mergers from Warner Bros Discovery to Live Nation Entertainment His Liberty Media ventures including Formula One have delivered long term returns often

compared to Berkshire Hathaway More than a business story this is a personal reflection from a quiet kid with a mechanic s curiosity to a media visionary confronting the costs and consequences of disruption in an industry he helped reshape Trained at the storied Bell Labs and gifted with a mathematical mind Malone saw patterns in complexity Where others saw chaos he saw systems and reconfigured companies with the precision of an engineer unlocking value no one else could see Sweeping revealing and deeply human Born to Be Wired offers a rare glimpse into the logic and the life behind the screen

**Competitive Strategy for Media Firms** Sylvia M. Chan-Olmsted,2006-08-15 Introduces the concepts and analytical frameworks of strategic and brand management and illustrates how they can be adapted according to the characteristics of distinct media products This book provides empirical examinations of broadcast multichannel media enhanced television broadband communications and global media conglomerate markets **Who Owns the Media?** Benjamin M.

Compaine,Douglas Gomery,2000-07-13 This long awaited third edition analyzes corporate ownership of major media including television film on line and print and includes primary influences government s roles and key criteria for evaluating the current state of media ownership **Commercial Culture** Leo Bogart,2017-09-29 American mass media are the world s most diverse rich and free Their dazzling resources variety and influence arouse envy in other countries Their failures are commonly excused on the grounds that they are creatures of the market that they give people what they want Commercial Culture focuses not on the glories of the media but on what is wrong with them and why and how they may be made better This powerful critique of American mass communication highlights four trends that sound an urgent call for reform the blurring of distinctions among traditional media and between individual and mass communication the increasing concentration of media control in a disturbingly small number of powerful organizations the shift from advertisers to consumers as the source of media revenues and the growing confusion of information and entertainment of the real and the imaginary The future direction of the media Leo Bogart contends should not be left to market forces alone He shows how the public s appetite for media differs from other demands the market is left to satisfy because of how profoundly the media shape the public s character and values Bogart concludes that a world of new communications technology requires a coherent national media policy respectful of the American tradition of free expression and subject to vigorous public scrutiny and debate Commercial Culture is a comprehensive analysis of the media as they evolve in a technological age It will appeal to general readers interested in mass communications as well as professionals and scholars studying American mass media

Consuming Environments Mike Budd,Steve Craig,Clayton M. Steinman,1999 This is an exploration of how much TV people watch why they watch too much and what they see The authors argue that while people may have good reasons for watching television they seem to be unaware that such habits might be harmful to their environmental health The book examines how advertising and media companies have shaped the commercial content of most television tracing industry motives and operations and their increasing concentration in fewer hands *Social TV* Mike Proulx,Stacey

Shepatin,2012-01-26 The Internet didn't kill TV. It has become its best friend. Americans are watching more television than ever before and we're engaging online at the same time we're tuning in. Social media has created a new and powerful backchannel fueling the renaissance of live broadcasts. Mobile and tablet devices allow us to watch and experience television whenever and wherever we want. And connected TVs blend web and television content into a unified big screen experience bringing us back into our living rooms. Social TV examines the changing and complex television landscape and helps brands navigate its many emerging and exciting marketing and advertising opportunities. Social TV topics include: Leveraging the second screen to drive synched and deeper brand engagement. Using social ratings analytics tools to find and target lean forward audiences. Aligning brand messaging to content as it travels time shifted across devices. Determining the best strategy to approach marketing via connected TVs. Employing addressable TV advertising to maximize content relevancy. Testing and learning from the most cutting edge emerging TV innovations.
