Unity of Woman Robert Galloway, Jean Galloway, 2014-12-26 A pictorial catalogue of art and photographs of Dr Galloway as he traveled throughout Africa and a reference for empowerment for women *A Nation Can Rise No Higher Than Its Women* Bayyinah S. Jeffries, 2014-04-04 A Nation Can Rise No Higher Than Its Women African American Muslim Women in the Movement for Black Self Determination 1950 1975 challenges traditional notions and interpretations of African American particularly women who joined the Original Nation of Islam during the Civil Rights Black Power era This book is the first major investigation of the subject that engages a wide scope of women from The Nation and utilizes a wealth of primary documents and personal interviews to reveal the importance of women in this community Jeffries reveals that women were respected in the movement and maintained a very clear and often sought after voice in the advancement of the Original Nation of Islam A Nation Can Rise No Higher Than Its Women replaces the typical portrait of the subservient and irrelevant African American Muslim woman with a far more accurate picture of their integral leadership and substantial contributions to the rise of Islam and black consciousness in the self determination movement in the United States and beyond during the Civil Rights Black Power era **Unity of Woman** Jean Nelson Galloway, Robert E. Galloway, 2011 *Mythologizing Black Women* Brittany C. Slatton, 2015-11-17 In this book Brittany C Slatton uses innovative internet research methods to reveal contemporary prejudices about relationship partners In doing so she thoroughly refutes the popular ideology of a post racial America Slatton examines the deep frame of white men found in opinions and emotional reactions to black women and their body types personalities behaviours and styles of speech Their internet responses to questionnaires shows how they treat as common sense radicalised gendered and classed versions of black women Mythologizing Black Women argues that the internet acts as a backstage setting allowing white men to anonymously express raw feelings about race and sexuality without the fear of reprimand The Feminist Promise Christine Stansell, 2011-05-10 A unique elegant learned sweep through more than two centuries of women s efforts to overcome the most fundamental way that human beings have been wrongly divided into the leaders and the led It s full of surprises from the past and guiding lights for the future Gloria Steinem For more than two centuries the ranks of feminists have included dreamy idealists and conscientious reformers erotic rebels and angry housewives dazzling writers shrewd political strategists and thwarted workingwomen Well known leaders are sketched from new angles by Stansell with her bracing eye for character Mary Wollstonecraft the passionate English writer who in 1792 published the first full scale argument for the rights of women Elizabeth Cady Stanton brilliant and fearless the imperious quarrelsome Betty Friedan But figures from other contexts too appear in an unforgettable new light including Ruth Bader Ginsburg who in the 1970s led a revolution in the constitutional interpretations of women s rights and Toni Morrison whose bittersweet prose gave voice to the modern black female experience Stansell accounts for the failures of feminism as well as the successes She notes significant moments in the struggle for gender equality such as the

emergence in the early 1900s of the dashing New Woman the passing of the Nineteenth Amendment which granted women the right to vote the post World War II collapse of suburban neo Victorianism and the radical feminism of the 1960s all of which led to vast changes in American culture and society The Feminist Promise dramatically updates our understanding of feminism taking the story through the age of Reagan and into the era of international feminist movements that have swept the globe Stansell provocatively insists that the fight for women s rights in developing countries cannot be separated from democracy s survival A soaring work unprecedented in scope historical depth and literary appeal The Feminist Promise is bound to become an authoritative source on this essential subject for decades to come on At once a work of scholarship political observation and personal reflection it is a book that speaks to the demands and challenges individual national and international of the twenty first century Africana Islamic Studies James L. Vision of the Female Body, Mind, and Soul: Historical Context and Contemporary Theory Musingafi, Maxwell Constantine Chando, Mafumbate, Racheal, Khumalo, Thandi Fredah, 2021-04-23 Much of our understanding of the world our societies and ourselves rests on theories and knowledge generated predominantly by men of certain nationalities and economic classes This male dominated and culturally specific theorizing and knowledge have generally resulted in the exclusion of women and other groups from the process of formal theorizing and knowledge building Feminism argues that the male dominated knowledge represents a skewed perception of reality and is only partial knowledge Feminism is a generalized wide ranging system of ideas about social life and human experience developed from a woman centered perspective It treats women as the central subjects in the investigative process and seeks to see the world from the distinctive vantage points of women in the social world The best way to empower women and better the situation for women is to take women s daily experiences and their informal theorizing into account and on this basis adopt feminist approaches to building theory and knowledge

Shujaa, Kenya J. Shujaa, 2015-07-13 The Encyclopedia of African Cultural Heritage in North America provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity **FEATURES** A two volume A to Z work available in a choice of print or electronic formats 350 signed entries each concluding with Cross references and Further Readings 150 figures and photos Front matter consisting of an Introduction and a Reader s Guide organizing entries thematically to more

Resistance and Empowerment in Black Women's Hair Styling Elizabeth Johnson, 2016-04-08 Elizabeth Johnson's *Resistance and Empowerment in Black Women's Hair Styling* develops the argument that one way Black women define themselves and each other is by the way they style groom their hair via endorsement by the media through advertisement idealized identification of Black female celebrities and encouragement by professional celebrity hair stylists who serve as change agents As a result hair becomes a physical manifestation of their self identity revealing a private and personal mindset Her research answers the following questions What is the relationship between Black females choice of hairstyles grooming and transmitted messages of aesthetics by the dominant culture through culturally specific magazines What role do the natural hair blogs vlogs play as a change agent in encouraging or discouraging consumers grooming their hair in its natural state What impact does a globalized consumer market of Black hair care products have on Hispanic Latinas and Bi Racial women Are Black female Generation Y members more likely to receive backlash for failure to conform their hair to dominant standards in their hair adornment in the workplace Johnson thus demonstrates that the major concern from messages sent to Black women about their hair is its impact on Black identity Thus the goal of Black women should be to break with hegemonic modes of seeing thinking and being for full liberation This critical and deep consciousness will debunk the messages told to Black women that their kinky frizzy thick hair is undesirable bad unmanageable and shackling
