The Expeditionary Culture Field Guides (ECFGs) are pocket size handbooks packed with invaluable cultural information. The guides are designed to help US forces achieve mission success in culturally complex environments. Each guide complements other training media such as online training and hands-on instruction. Part 1 introduces Culture General, the foundational knowledge you need to operate effectively in any global environment. Part 2 presents Culture Specific, focusing on unique cultural features of Chadian society and is designed to complement other pre-deployment training. It applies culture general concepts to help increase your knowledge of your assigned deployment location. A superlative and exhaustively researched biography of one of the most complex and controversial figures in twentieth-century world history. Library Journal. Mustafa Kemal Atatürk was virtually unknown until 1919 when he took the lead in thwarting the victorious Allies' plan to partition the Turkish core of the Ottoman Empire. He divided the Allies, defeated the last Sultan, and secured the territory of the Turkish national state, becoming the first president of the new republic in 1923, fast creating his own legend. This revealing portrait of Atatürk throws light on matters of great importance today: resurgent nationalism, religious fundamentalism, and the reality of democracy. One of the world's most respected specialists on Turkey, The New York Times' Mango gives this man one of the least known nation builders of the last century full treatment from his earliest days to his ascension to power and his death from cirrhosis at the age of 57. Few leaders have so modernized an ancient society, instituting radical changes in dress

religion government education even the alphabet Mango's admiration for Ataturk doesn't keep him from displaying the dictator's arrogance ruthlessness and authoritarianism his Turkish expertise enables him to flesh out Ataturk's complex life via sources he translated himself a rounded finely detailed portrait Publishers Weekly Thanks to Andrew Mango's new biography the best in the English language a man both demonized and idolized appears to us in three dimensions The Washington Post A superb biography Dallas Morning News The best concise account I have ever seen of the decline of the Ottoman Empire The narrative is gripping Geoffrey Lewis author of Modern Turkey Quarterly Bulletin of the Providence Public Library Providence Public Library (R.I.),1916 Book Review Digest ,1922 The Militia and the National Guard in America Since Colonial Times Jerry M.
