Sensing Law Sheryl Hamilton, Diana Majury, Dawn Moore, Neil Sargent, Christiane Wilke, 2016-11-25 A rich collection of interdisciplinary essays this book explores the question what is to be found at the intersection of the sensorium and law's empire Examining the problem of how legal rationalities try to grasp what can only be sensed through the body these essays problematize the Cartesian framework that has long separated the mind from the body reason from feeling and the human from the animal In doing so they consider how the sensorium can operate variously as a tool of power or as a means of countering the exercise of regulatory force The senses it is argued operate as a vector for the implication of subjects in legal webs but also as a powerful site of resistance to legal definition and determination From the sensorium of animals to technologically mediated perception the ways in which the law senses and the ways in which senses are brought before the law invite a questioning of the categories of liberal humanism And as this volume demonstrates this questioning opens up the both interesting and important possibility of imagining other sensual subjectivities

The Urban Ecologies of Divided Cities Amira Osman, John Nagle, Sabyasachi Tripathi, 2023-06-12 The book discusses how division affects the fabric of cities and people's sense of identity and agency and are reflected in physical features architecture and urban planning The question of divided cities represents a complex and multistranded urban Ecology at once both social and spatial it cannot be limited to a single science or discipline such as social or spatial fields This suggests integrated and cross disciplinary understandings as well as integrated or parallel approaches and solutions Urban ecologies of division manifest in multiple forms One of their most palpable expressions is conflict with parallels around the world and often with correlations in the spatial fabric Violence in such contexts is often a surface expression of deeper socio economic or ideological differences Whether as a result of intervention by authority or by dissent between groups a divided city inevitably becomes a place of conflict in various forms and intensity eroding the joy of living and sense of collective belonging to the detriment of all In effect it erodes the collective advantage of being part of a more unified society A city exists in collections of social structures which mutually form a society A divided city implies divided social structures and in consequence a divided society The papers compiled in this book present many case studies of divided cities discussing the different causes of divisions and their effects on societies Some of the causes can be linked to conflicts wars colonialism or legislative political systems In response to the serious challenges resulting from these divisions the book aims to provide opportunities for new approaches and possibilities for new
