Until the Final Hour Traudl Junge, 2012-11-15 To have such an uncomplicated unaffected witness present at some of the key defining moments of the 20th century was fortunate for historians her testimony rings absolutely true when other politically motivated accounts of the last days of Hitler do not Andrew Roberts Traudl Junge was 22 years old and dreamt of a career as a ballerina until the opportunity of her life beckoned and she was appointed as Adolf Hitler's secretary From 1942 until his death she was at his side in the bunker typing his correspondence his speeches and even his last private and political will and testament It was only after the war that the horrible reality of Hitler's regime began to dawn on her and she became racked with guilt for liking the greatest criminal ever to have lived Her journal written in 1947 is a startling eyewitness account of Hitler's court during its final years and of the building sense of doom as the war progressed

Hitler's Last Secretary Traudl Junge, 2011-09-01 In 1942 Germany Traudl Junge was a young woman with dreams of becoming a ballerina when she was offered the chance of a lifetime At the age of twenty two she became private secretary to Adolf Hitler and served him for two and a half years right up to the bitter end Junge observed the intimate workings of Hitler's administration she typed correspondence and speeches including Hitler's public and private last will and testament she ate her meals and spent evenings with him and she was close enough to hear the bomb that was intended to assassinate Hitler in the Wolf's Lair close enough to smell the bitter almond odor of Eva Braun's cyanide pill In her intimate detailed memoir Junge invites readers to experience day to day life with the most horrible dictator of the twentieth century Inspired by True Events Robert J. Reimer, 2010-04-01 German film is diverse and multi faceted its history includes five distinct German governments Wilhelmine Germany the Weimar Republic the Third Reich the Federal Republic of Germany and the German Democratic Republic two national industries Germany and Austria and a myriad of styles and production methods Paradoxically the political disruptions that have produced these distinct film eras as well as the natural inclination of artists to rebel and create new styles allow for the construction of a narrative of German film While the

disjuncture generates distinct points of separation it also highlights continuities between the ruptures Outlining the richness of German film *The A to Z of German Cinema* covers mainstream alternative and experimental film from 1895 to the present through a chronology introductory essay appendix of the 100 most significant German films a bibliography and hundreds of cross referenced dictionary entries on directors actors films cinematographers composers producers and major historical events that greatly affected the direction and development of German cinema The book's broad canvas will lead students and scholars of cinema to appreciate the complex nature of German film *The ^AHitler Conspiracies* Richard J.

Evans,2020-10-22 *The Hitler Conspiracies* focuses on five of the most enduring conspiracy theories involving the Nazi period including those that accompanied and even buttressed Hitler's rise A distinguished work of history this book offers equally a hard look at our own troubled times a post truth era in which alternative facts have gained new standing *Hitler* Michael Lynch,2025-04-01 Adolf Hitler is the most notorious political figure of the twentieth century The story of his life how he became a dictator and how he managed to convince so many to follow his cause is a subject of perennial fascination Balancing narrative and analysis this biography employs a chronological approach to describe the main features of Hitler's career Set against the background of developments in Germany and Europe during his lifetime the text tells the extraordinary story of how an Austrian layabout rose to become Führer of the Third Reich This second edition has been fully updated to incorporate the research and literature from the last ten years including several major studies by British and German scholars that have added to our understanding of Hitler and the Third Reich New light has been shed on the character of National Socialism and on Hitler as a person and a political figure Fresh insights have been made into the Hitler cult and into the charismatic nature of Hitler's rule over Germany Modern historians continue to wrestle with questions that still demand an answer why did the nation that had made a unique contribution to European culture willingly follow Hitler on his nihilistic path Using an essentially narrative approach to the Hitler story the new edition incorporates the key findings of current research into the political socio economic and military features of the Third Reich that Hitler sought to create before his irrationalities destroyed it Referencing the major historiographical disputes and drawing on the new perspectives that modern research provides this second edition addresses the issues that historians regard as central to the study of Hitler's Germany Michael Lynch provides a balanced guide to this most difficult of figures that will be enlightening for students and general readers alike *Guarding Hitler* Mark Felton,2014-08-04 A hive of interesting facts and almost unbelievable stories about Adolf Hitler Well worth a look Well worth a read War History Online Based on intelligence documents personal testimonies memoirs and official histories including material only declassified in 2010 *Guarding Hitler* provides the reader with a fascinating inside look at the secret world of Hitler's security and domestic arrangements The book focuses in particular on both the official and private life of Hitler during the latter part of the war at the Wolf's Lair at Rastenburg and Hitler's private residence at Berchtesgaden the Berghof *Guarding Hitler* manages to offer fresh insights into the life and

routine of the Führer and most importantly the often indiscreet opinions observations and activities of the little people who surrounded Hitler but whose stories have been overshadowed by the great affairs of state It covers not only the plots against Hitler's life but the way security developed as a result His use of doubles is examined as is security while traveling by land or air As little has been written about the security and domestic life of Adolf Hitler Guarding Hitler allows the reader to delve deeper into this previously overlooked aspect of the world's most infamous man A fascinating view into the close world Hitler inhabited and which shaped his life and decisions Fire Reviews **Kill Hitler** Neil Short,2013-05-20 Although far from a typical raid the 20 July Plot Operation Valkyrie was still a daring and audacious attack undertaken by a small very brave group of individuals determined to kill Hitler Hitler was badly shaken by the blast and despite the fact that numerous other attempts had been made on the Führer's life since he came to power the July 20 Plot has achieved an almost mythic status Numerous books both factual and fictional have been written on the subject There have been several TV dramatisations and reconstructions including a MythBusters production which considered whether or not the attempt would have been successful if the bomb had been planted in Hitler's bunker German resistance to Hitler has also been depicted on film most notably by James Mason in The Desert Fox and more recently by Tom Cruise in Valkyrie an accurate and acclaimed version of the July 20 Plot *The Hitler Book* Henrik Eberle,Matthias Uhl,2009-03-25 Stalin had never been able to shake off the nightmare of Adolf Hitler Just as in 1941 he refused to understand that Hitler had broken their non aggression pact he was in 1945 unwilling to believe that the dictator had committed suicide in the debris of the Berlin bunker In his paranoia Stalin ordered his secret police the NKVD precursor to the KGB to explore in detail every last vestige of the private life of the only man he considered a worthy opponent and to clarify beyond doubt the circumstances of his death For months two captives of the Soviet Army Otto Guensche Hitler's adjutant and Heinz Linge his personal valet were interrogated daily their stories crosschecked until the NKVD were convinced that they had the fullest possible account of the life of the Führer In 1949 they presented their work in a single copy to Stalin It is as remarkable for the depth of its insight into Adolf Hitler from his specific directions to Linge as to how his body was to be burned to his sense of humor as for what it does not say reflecting the prejudices of the intended reader Joseph Stalin Nowhere for instance does the dossier criticize Hitler's treatment of the Jews Today the 413 page original of Stalin's personal biography of Hitler is a Kremlin treasure and it is said to be held in President Putin's safe The only other copy made by order of Stalin's successor Nikita Khrushchev in 1959 was deposited in Moscow Party archives under the code number 462A It was there that Henrik Eberle and Matthias Uhl two German historians found it Available to the public in full for the first time The Hitler Book presents a captivating astonishing and deeply revealing portrait of Hitler Stalin and the mutual antagonism of these two dictators who between them wrought devastation on the European continent Hitler Michael J. Lynch,2013 Adolf Hitler is the most notorious political figure of the twentieth century The story of his life how he became a dictator and how he managed to convince so many to follow his

cause is a subject of perennial fascination Balancing narrative and analysis this biography employs a chronological approach to describe the main features of Hitler s career Set against the background of developments in Germany and Europe during his lifetime the text tells the extraordinary story of how an Austrian layabout rose to become F hrer of the Third Reich The chapters incorporate into their narrative the major debates surrounding Hitler s ideas behaviour and historical significance Particular attention is paid to his experience as a soldier in 1914 18 and to the reasons why his original left wing sympathies transmuted into Nazism Arguments over the real character of Hitler s dictatorship are analysed and a measured assessment is offered on the disputed issues of how far Hitler initiated the Third Reich s domestic and foreign policies himself and to what extent he was controlled by events His destructive leadership of wartime Germany is now a subject of close scrutiny among historians and the book s final chapters deal with this theme and offer a set of reflections on Hitler s relationship with the German people and his legacy to the German nation Michael Lynch provides a balanced guide to this most difficult of figures that will be enlightening for students and general readers alike
