**Queen's Mirror** Shawn C. Jarvis, Jeannine Blackwell, 2001-01-01 This exciting and comprehensive anthology the first anthology of German women s fairy tales in English presents a variety of published and archival fairy tales from 1780 to 1900 These authors of these stories used fairy tales to explain their own lives to teach children to examine history and to critique society and the status quo Powerful and conflicted females are queens girls on quests mothers daughters magical wisewomen and midwives to the fairies they love hate murder save children fight tyranny overcome cannibals and rescue the working poor Jeannine Blackwell s introduction places the tales in their historical social and critical context and Shawn C Jarvis s afterword presents a thematic analysis of the texts and approaches to reading them in conjunction with other European and American tales **The Translation of Experience** Ricarda Vidal, Madeleine Campbell, 2025-02-27 Experience is a

multilayered cumulative affair with transformation at its core Its study a necessary first step for its translation requires an exploration of embodiment the senses and cultural and social environments The second of two volumes this book explores how artefacts as outcomes of experience brought about by the artist/translator perform semiotic work This semiotic work arises through the intervention of their makers but also through their viewers audience often through the latter s direct participation in the artefacts creation which we see as an open ended process Drawing on diverse examples from across the world the chapters explore visual materiality the digital world and the multisensory nature of artefacts such as monuments festivals theatre performances artworks rituals the urban environment and human bodies the embodied perception of which may draw holistically or variously on the haptic olfactory auditory kinetic or kinaesthetic senses Throughout the book experiential translation is framed as a political endeavour that allows experience to be shared across linguistic cultural generational or gendered divides in the form of artefacts that facilitate transformation and the acquisition of knowledge This book and its companion volume *The Experience of Translation Materiality and Play in Experiential Translation* include an international range of contributions from graduate students and early career researchers ECRs to tenured academics in translation studies comparative literature performance arts fine arts media and cultural studies as well as educators artists and curators It will be of particular interest to translators and arts practitioners scholars and researchers in the transdisciplinary field of humanities **Pieces of the Soul** Amy N. Turner, 2009-10 Amy Lyre Turner brings the magickal

and the mundane to life simply and powerfully in *Pieces of the Soul* her first collection of poetry Take your time and enjoy the

works within and experience just how freeing the words can be     Index of English Literary Manuscripts Margaret M. Smith,1989-11-01 Eleven authors are included in this final part of Volume III of the Index beginning with Laurence Sterne and concluding with Edward Young It also includes the final cumulative first line index of all the verse which is described in the manuscript entries or mentioned in the Introductions in Parts 1 4 of Volume III     **Magic Tales and Fairy Tale Magic** R. Bottigheimer,2014-07-01 This book examines magic s generally maleficent effect on humans from ancient Egypt through the Middle Ages including tales from classical mythology Jewish Christian and Muslim cultures It shows that certain magical motifs lived on from age to age but that it took until the Italian Renaissance for magic tales to become fairy tales

Not-Forgetting Rosalyn Deutsche,2022-12-21 Explores contemporary art that challenges deadly desires for mastery and dominion Amid times of emboldened cruelty and perpetual war Rosalyn Deutsche links contemporary art to three practices that counter the prevailing destructiveness psychoanalytic feminism radical democracy and war resistance Deutsche considers how art joins these radical practices to challenge desires for mastery and dominion which are encapsulated in the Eurocentric conception of the human that goes under the name Man and is driven by deadly inclinations that Deutsche calls masculinist The masculinist subject as an individual or a group universalizes itself claims to speak on behalf of humanity and meets differences with conquest Analyzing artworks by Christopher D Arcangelo Robert Filliou Hans Haacke Mary Kelly Silvia Kolbowski Barbara Kruger Louise Lawler Martha Rosler James Welling and Krzysztof Wodiczko Deutsche illuminates the diverse ways in which they expose question and trouble the visual fantasies that express masculinist desire Undermining the mastering subject these artworks invite viewers to question the positions they assume in relation to others Together the essays in Not Forgetting written between 1999 and 2020 argue that this art offers a unique contribution to building a less cruel and violent society     Utopia Parkway Deborah Solomon,2015-10-13 Deborah Solomon s definitive biography of Joseph Cornell one of America s most moving and unusual twentieth century artists now reissued twenty years later with updated and extensively revised text Few artists ever led a stranger life than Joseph Cornell the self taught American genius prized for his enigmatic shadow boxes who stands at the intersection of Surrealism Abstract Expressionism and Pop Art Legends about Cornell abound the shy hermit the devoted family caretaker the artistic innocent but never before has he been presented for what he was a brilliant relentlessly serious artist whose stature has now reached monumental proportions

*Twice upon a Time* Elizabeth Wanning Harries,2018-06-05 Fairy tales often said to be timeless and fundamentally oral have a long written history However argues Elizabeth Wanning Harries in this provocative book a vital part of this history has fallen by the wayside The short subtly didactic fairy tales of Charles Perrault and the Grimms have determined our notions about what fairy tales should be like Harries argues that alongside these compact tales there exists another complex tradition tales written in France by the conteuses storytelling women in the 1690s and the late twentieth century tales by women writers that derive in part from this centuries old tradition Grounded firmly in social history and set in lucid prose

Twice upon a Time refocuses the lens through which we look at fairy tales The conteuses saw their tales as amusements for sophisticated adults in the salon not for children Self referential frequently parodic and set in elaborate frames their works often criticize the social expectations that determined the lives of women at the court of Louis XIV After examining the evolution of the Anglo American fairy tale and its place in this variegated history Harries devotes the rest of her book to recent women writers A S Byatt Anne Sexton Angela Carter and Emma Donoghue among them who have returned to fairy tale motifs so as to challenge modern day gender expectations Late twentieth century tales like the conteuses force us to rethink our conception of fairy tales and of their history

**More Than Meets the Eye** Herbert Rowland, 2006 Americans and other English speakers have long associated the name of Hans Christian Andersen exclusively with fairy tales for children Danes and other Scandinavians however have preserved an awareness that the fairy tales are but part of an extensive and respectable lifework that embraces several other literary forms Moreover they have never lost sight of the fact that the fairy tales themselves address adults no less than children Significantly many of Andersen s coevals in the U S knew of his broader literary activity and the sophistication of his fairy tales Major authors and critics commented on his various works in leading magazines and books establishing a noteworthy corpus of criticism One of them Horace E Scudder wrote a seminal essay that surpassed virtually all contemporary writing on him in any language The basic purpose of this study the first of its kind is to trace the course of American Andersen criticism over the second half of the nineteenth century and to view it in several American contexts

**Enchantments** Marci Kwon, 2021-04-06 This book uncovers a largely overlooked strand of American modernism in Cornell s work that engaged with current issues through the metaphysical aspects of vernacular objects and experiences

**The Global Face of Demons** Shawn Armstrong, 2025-09-07 Delve into the shadowy realms of the supernatural with Demons Across Cultures an illuminating exploration of demonology that spans the globe and traverses the annals of time This comprehensive volume defines demonology while contextualizing its historical evolution revealing how diverse cultures have interpreted the malevolent forces that haunt human existence From the ancient civilizations of Mesopotamia and Egypt to the philosophical implications in Greco Roman thought each chapter unveils the multifaceted nature of demons Discover classifications from good to evil elemental to folkloric and meet notable entities like Lilith and Beelzebub Engage with religious perspectives as demons play pivotal roles in Christianity Islam and beyond The book further examines demonology s influence on literature art and contemporary media illustrating how these entities continue to shape cultural narratives today With insightful case studies and a glossary for deeper understanding Demons Across Cultures not only educates but also invites readers to reflect on the enduring relevance of these dark figures Embark on this fascinating journey your exploration into the mysterious world of demons awaits

*An Anthology of Complete, Incomplete, and Random Works* by Colin Kohrs Colin Kohrs, 2013-10-16 An anthology of different works I have written varying from short stories I wrote in elementary school to prose I wrote this year

*The Philosophy of Enchantment* R. G.

Collingwood, 2005 This is the long awaited publication of a set of writings by the British philosopher historian and archaeologist R G Collingwood on critical anthropological and cultural themes only hinted at in his previously available work At the centre of the book are six chapters of a study of folktale and magic composed by Collingwood in the mid 1930s and intended for development into a book Here Collingwood applies the principles of his philosophy of history to problems in the long term evolution of human society and culture This is preceded in Part I by a range of contextualizing material on such topics as the relations between music and poetry the nature of language the value of Jane Austen's novels the philosophy of art and the relations between aesthetic theory and artistic practice Part III of the volume consists of two essays one on the relationship between art and mechanized civilization and the second written in 1931 on the collapse of human values and civilization leading up to the catastrophe of armed conflict These offer a devastating analysis of the consequences that attend the desertion of liberal principles indeed of all politics as such in the ultimate self annihilation of military conquest The volume opens with three substantial introductory essays by the editors authorities in the fields of critical and literary history social and cultural anthropology and the philosophy of history and the history of ideas they provide their explanatory and contextual notes to guide the reader through the texts *The Philosophy of Enchantment* brings hitherto unrecognized areas of Collingwood's achievement to light and demonstrates the broad range of Collingwood's intellectual engagements their integration and their relevance to current areas of debate in the fields of philosophy cultural studies social and literary history and anthropology

*Reframings* Diane Neumaier, 1995 This diverse and compelling collection of contemporary feminist visual art is now available in a paperback edition *Reframings* makes visible what has been for too long nearly invisible contemporary feminist visual art that represents a remarkable range of perspectives styles and subject matter The forty five women who created these works artists and writers such as Deborah Willis Carrie Mae Weems Nan Goldin and Carm Little Turtle are connected by a belief that images are political and that today's feminist concerns cannot be separated from such issues as ethnicity class age and sexuality They share a consciousness that historically women have been framed and can now be reframed Author note Diane Neumaier is Associate Professor of Visual Arts at Mason Gross School of the Arts Rutgers University

**Art-Based Supervision** Barbara J. Fish, 2016-06-23 *Art Based Supervision* is a unique text for graduate supervision classes and seminars as well as a resource for post graduate supervisors and practitioners It offers a new view of supervision one that incorporates both images and words as tools to investigate and communicate the interactions that occur in therapy and in the systems in which clinicians work The fundamental principles of supervision provided in the book are useful for anyone interested in exploring the use of images to support reflection understanding and empathy in their work Full color images further enrich the narrative In addition to supervision courses *Art based Supervision* may be used for introductory art therapy psychology social work and counseling courses for readers interested in a broad range of intimate examples of the challenges of therapeutic work and the use of response art to grasp nuanced

communication      **Internet Children's Television Series, 1997-2015** Vincent Terrace, 2016-08-04 Created around the world and available only on the web internet television series are independently produced mostly low budget shows that often feature talented but unknown performers Typically financed through crowd funding they are filmed with borrowed equipment and volunteer casts and crews and viewers find them through word of mouth or by chance The fifth in a series focusing on the largely undocumented world of internet TV this book covers 573 children s series created for viewers 3 to 14 The genre includes a broad range of cartoons CGI live action comedies and puppetry Alphabetical entries provide websites dates casts credits episode lists and storylines      **Black and Blue** Carol Mavor, 2012-09-25 Postwar French works that register disturbing truths about loss and regret and violence and history through aesthetic refinement anchor this exquisite image filled rumination on efforts to capture fleeting moments and comprehend the incomprehensible      *Warriors of Art* Yumi Yamaguchi, 2007 Recently the West has been inundated by a steady flow of images from manga anime and the video games that are a key part of today's Japanese visual culture At the same time Japanese contemporary artists are gaining a higher profile overseas many Westerners are already familiar with Takashi Murakami's brightly colored cartoonlike characters or with Junko Mizuno's grotesque Lolita style girls Perhaps less familiar are the absurd fighting machines of Kenji Yanobe the many disguises of Tomoko Sawada or the grotesque fairytale landscapes of Tomoko Konoike *Warriors of Art* features the work of forty of the latest and most relevant contemporary Japanese artists from painters and sculptors to photographers and performance artists with lavish full color spreads of their key works Author Yumi Yamaguchi offers an insightful introduction to the main themes of each artist and builds up a fascinating portrait of the society that has given birth to them a Japan that still bears the scars of atomic destruction a Japan with a penchant for the cute and the childish a Japan whose manga and anime industries have come to dominate the world *Warriors of Art* takes its title from a phrase used to describe Taro Okamoto 1911 1996 perhaps the first truly influential contemporary artist to emerge in postwar Japan who fought to bring modern art to a wider audience Following in Okamoto's footsteps the forty artists featured in this book are a new generation of warriors attacking our senses with a shocking mix of the cute the grotesque the sexy and the violent forcing us to sit up and take notice of their vision of Japan      **Feminism in the Worlds of Neil Gaiman** Tara Prescott, Aaron Drucker, 2012-10-06 This collection of new essays looks carefully at the broad spectrum of Neil Gaiman's work and how he interacts with feminism Sixteen diverse essays from Gaiman scholars examine highlights from Gaiman's graphic novels short stories novels poems and screenplays and confront the difficult issues he raises including femininity the male gaze issues of age discrimination rape and feminine agency Altogether the essays probe the difficult and complex representation of women and issues of femininity in the worlds of Neil Gaiman
