In the Shadow of Mistrust Mahmood Monshipouri,2022-07-15 Since the 1979 Iranian Revolution the normalisation of relations between Iran and America has appeared unrealistic if not inconceivable given that the Iranian state has vigorously pursued an anti American ideology This account of US Iranian relations examines the efficacy of external pressure such as sanctions as well as domestic grassroots reform movements within the Islamic Republic The Obama presidency marked a rare high point in the Washington Tehran relationship as negotiations between the two countries and other powers produced an unprecedented nuclear deal the Joint Comprehensive Plan of Action However the Trump administration s unilateral withdrawal from the JCPOA and re imposition of new sanctions in pursuit of maximum pressure had devastating economic consequences undermining the Iranian middle class which has consistently been the voice of political moderation and supported Iran s integration into the global economy Crucially sanctions have also driven Iran further into the arms of China while rendering it an even more recalcitrant and aggressive adversary Monshipouri s central conviction is that negotiations are pivotal to dismantling the mistrust that has long characterised US Iranian relations and to seeking détente between Iran and its Arab neighbours a critical priority since gradual US withdrawal from the region is all but certain

NeoConservatism C. Bradley Thompson,2015-11-17 An obituary so soon Surely the reports of neoconservatism s death are greatly exaggerated C Bradley Thompson has written with Yaron Brook the most comprehensive and original analysis of neoconservatism yet published and in the process has dealt it a mortal blow Neoconservatism An Obituary for an Idea reveals publicly for the first time what the neocons call their philosophy of governance their plan for governing America This book explicates the deepest philosophic principles of neoconservatism traces the intellectual relationship between the political philosopher Leo Strauss and contemporary neoconservative political actors and provides a trenchant critique of neoconservatism from the perspective of America s founding principles The theme of this timely book neoconservatism as a species of anti Americanism will shake up the intellectual salons of both the Left and Right What makes this book so compelling is that Thompson actually lived for many years in the Straussian neoconservative intellectual world Neoconservatism therefore fits into the breaking ranks tradition of scholarly criticism and breaks the mold when it comes to informed incisive nonpartisan critique of neoconservative thought and action **The 20th Century Go-N** Frank N.
