**Long Ago and Far Away** Robert Fyne, 2008-05-20  
The Second World War was the greatest social political and economic upheaval of the 20th century. As a popular Hollywood subject, WWII still enthralls viewers six decades after Allied commanders affixed their signatures on the victory document in Tokyo Bay. Recreating flag waving charges, frontal beachhead assaults, commando raids, and even home front heroics, these motion pictures for better or worse provide the primary learning experience for postwar generations. After scrutinizing hundreds of screenplays, Robert Fyne has written an in-depth study of World War II films, analyzing the different storylines, points of view, and contemporary events found in each. In *Long Ago and Far Away: Hollywood and the Second World War*, Fyne examines WWII films from 1941 to the present, explaining how the content and mood in these productions paralleled national mores and politics. Some titles are laudatory, even chauvinistic, while others are frivolous or sophomoric. Biographical screenplays both glorify and damn various leaders. Some films bombard viewers with horrific experiences, while others, such as goofy science fiction titles with their wraiths and flying saucers, seem inappropriate. Love stories are examined as well as films revealing Japanese prisoner-of-war deprivations and Nazi concentration camp atrocities. From *Above and Beyond* to *Zone Troopers* and *The Best Years of Our Lives* to *Flags of Our Fathers*, this is a compelling look at how filmmakers have dramatized this pivotal period in history. For historians, movie watchers, or social commentators, *Long Ago and Far Away* complete with an elaborate filmography, offers new information about Hollywood's diverse interpretations of the Good War.
