Reimagining Effective Stakeholder Governance Practices in Higher Education Felix Omal,2023-06-22 This book examines the role of the university governing council and the changing nature of university governance using a case study from a South African university The book considers the key challenging features of South African higher education in relation to current competing international trends in higher education governance It shows how major decision makers within the university operate within competing governance knowledge domains to exercise good practice within turbulent institutional contexts These diverse institutional cultures are examined in terms of their contribution to various governance practices presenting an emerging model of university governance known as the structural systemic cultural model Throwing light on the nature of challenges associated with the governance of universities in the post apartheid era this book will be of interest to academics researchers and postgraduate students in the fields of higher education comparative education and education governance Also it will appeal to university councils and management across Africa

The Urban Ecologies of Divided Cities Amira Osman,John Nagle,Sabyasachi Tripathi,2023-06-12 The book discusses how division affect the fabric of cities and people s sense of identity and agency and are reflected in physical features architecture and urban planning The question of divided cities represents a complex and multistranded urban Ecology at once both social and spatial it cannot be limited to a single science or discipline such as social or spatial fields This suggests integrated and cross disciplinary understandings as well as integrated or parallel approaches and solutions Urban ecologies of division manifest in multiple forms One of their most palpable expressions is conflict with parallels around the world and often with correlations in the spatial fabric Violence in such contexts is often a surface expression of deeper socio economic or ideological differences Whether as a result of intervention by authority or by dissent between groups a divided city inevitably becomes a place of conflict in various forms and intensity eroding the joy of living and sense of collective belonging to the detriment of all In effect it erodes the collective advantage of being part of a more unified society A city exists in collections of social structures which mutually form a society A divided city implies divided social structures and in consequence a divided society The papers compiled in this book present many case studies of divided cities discussing the different causes of divisions and their effects on societies Some of the causes can be linked to conflicts wars colonialism or legislative political systems In response to the serious challenges resulting from these divisions the book aims to provide opportunities for new approaches and possibilities for new interventions and solutions making it significant to urban planners architects and policymakers

Resuscitation of African Languages Isaac Mhute,Zilibele Mtumane,Vimbai Moreblessing Matiza,2025-03-15 This book argues the case for indigenous African languages which have been stripped of their importance and are now often overshadowed both officially through governmental language policies and informally through attitudes and ideologies by former colonial languages The authors present case studies from a range of countries in the region arguing that languages tell us peoples identities and that by dropping their own languages in favour of foreign and imperialist languages they lose their culture history and identity as well The book addresses many of the challenges currently associated with African languages with the intention of influencing policy and practice in favour of their resuscitation This book will be of interest to policy makers academics and tertiary students in fields including Language Policy and Planning Language Revitalisation Heritage Language Learning Indigenous and Endangered Languages and

Language Attitudes and Ideologies **Aesthetics, Arts, and Politics in a Global World** Daniel Herwitz, 2017-01-26 A different set of purposes define culture today than those that preoccupied the world in the immediate decades of decolonization Focusing on art and music in diverse parts of the world Daniel Herwitz explores a world that has largely shifted from the earlier days of nationalism decolonization and cultural exclusion to one of global markets and networks Using examples from India and Mexico to South Africa Australia and China Herwitz argues that the cultural politics and art being produced in these places are now post postcolonial Where the postcolonial downplayed formerly Eurocentric forms and celebrated art with national consciousness the rules for 21st century cultural authenticity are quickly disappearing Young people think of themselves in relation to global culture rather than nation building the project of producing a new and modern art for the incipient and rising postcolonial nation is out of date By examining the shift in which art accesses the past and the rise of trends such as hitching consumer culture to celebrity forms and branding Herwitz s original and engaging exploration of contemporary art captures the ways in which art has given way to a new form of production altering everything from the role of tradition and heritage in contemporary art to the terms of its vision and circulation

Kimmerle's Intercultural Philosophy and Beyond Renate Schepen, 2022-08-11 This book offers a concise overview of the development of intercultural philosophy since the early 1990s focusing on one of its key pioneers Heinz Kimmerle 1930 2016 Building on influences from Gadamer Heidegger Derrida and Ramose Kimmerle s approach to intercultural philosophy is radical and fosters epistemic justice Kimmerle critically reflected on his own western philosophical tradition highlighting the problems of a discourse based on a dominant concept of rationality and of excluding different approaches and participants Instead Kimmerle developed an alternative way of thinking emphasizing the importance Of recognizing philosophies of different cultures He focused particularly on African philosophies in academic discourse In the book the many layers of Kimmerle s intercultural philosophy are revealed exploring how dialectics hermeneutics deconstruction and decolonization can contribute to epistemic justice The author goes beyond Kimmerle and demonstrates how Kimmerle s approach can be further enhanced by using an intersectional approach and by engaging in dialogue with female philosophers and artists This new study which also introduces unpublished and untranslated texts from Kimmerle s work in German and Dutch will be of considerable interest to researchers of continental philosophy intercultural and African philosophy political philosophy decolonial and feminist studies **Transforming Ethnomusicology Volume II** Beverley Diamond, Salwa El-Shawan
