Reflections of South African Student Leaders: 1994 to 2017 Ntokozo Bhengu,Denyse Webbstock,2020-05-13 Reflections of South African Student Leaders 1994 2017 brings together the reflections of twelve former SRC leaders from across the landscape of South African universities Reviews of the previous volume 1981 2014 suggested that it contributed significantly to a better understanding of the stringent demands of visionary and transformative leadership required by university leaders in the fastchanging and increasingly complex public higher education sector This volume is based on comprehensive interviews with former student leaders each of whom provided a personal account in their own words of their experience in the position of student leadership The interviewees are from different backgrounds and of diverse political persuasions The book is important for current and future leaders of higher education institutions as it provides insights into the thinking aspirations desires fears and modus operandi of student leaders Such insight can contribute to developing and implementing appropriate strategies for achieving meaningful and constructive engagement with current and future student leaders

Land Reform in South Africa Brent McCusker,William G. Moseley,Maano Ramutsindela,2015-11-05 This thoughtful book explores the history and ongoing dilemmas of land use and land reform in South Africa Including both theoretical and applied examples of the evolution of South Africa s current geography of land use the authors provide a succinct overview of land reform and evaluate the range of policies conceived over time to redress the country s stark racial land imbalance Drawing on compelling case studies from across South Africa they illustrate not only the progress of land reform but also how reforms fit within the larger historical context of racialized land use This is the first book of its kind to fully apply geographical theory to the case of South African land reform Rather than rely on one dimensional technicist explanations to discuss the shortcomings of the country s land reform program this rich study places it in the context of bitter battles between groups seeking to exploit land policies for their own benefit **Trade and Industrial Development in Africa** Moyo,

Theresa,2015-03-02 This book revisits the perennial challenge that scholars economists and politicians have been grappling with since the 1960s Development in this book has been defined in a context that projects it as a multidimensional and complex process which seeks to enhance the human social economic and cultural welfare of the people This book calls for a rethinking of trade and industry for Africa s development It uses data drawn from national development plans and strategies and trade and industry issues have been prioritized at the continental level in key policy documents On the whole Africa s industry and trade performance have been poor in spite of national regional and continental plans The contributors to this volume propose some alternative strategies and policies which are necessary for trade and industry to grow and to contribute to the well being of Africa s people It calls for a developmental trade and industry policy which fundamentally must be people centred African states should invest time energy and resources to develop policies which will take into consideration African realities The different contributors are aware that Africa has experienced strong economic growth in the recent past but this growth has largely been due to a strong demand for Africa s primary commodity exports It has also been a result of increases in productivity and domestic investment and remittances from Africans living in the Diaspora It is important to note that despite this unprecedented growth performance the impact of trade and industry on development has been limited The book argues that a structural transformation of Africa s economies is inevitable if Africa is to achieve the shift from the dominant paradigm of production and export of primary goods The various contributors to this book agree that there is need to rethink policy and strategy in order to achieve industrial development in Africa There is no unique solution or answer that can fit all situations as African countries are not the same While Africa can draw lessons from other regions which have successfully industrialized this book argues that policies and strategies will have to be adapted to country specific situations and circumstances

DECOLONISING GEOGRAPHY This book presents an extraordinarily sensitive account of geography's histories in five African countries subjected to British colonial rule Craggs and Neate draw together political and imaginative processes of decolonisation through an innovative biographical approach that humanizes and enlivens the story of our academic discipline It will be an invaluable resource for those seeking a deeper understanding of decolonisation its recent trajectories and far reaching implications on the African continent Shari Daya Affiliate Associate Professor in Environmental and Geographical Science University of Cape Town By placing the experiences ideas and practices of African geographers in the center of their analyses Craggs and Neate provide an unprecedented account of historical and contemporary decolonizing struggles within Geography and the academy This book should be required reading for all those looking to decolonize the discipline and dislodge it from its Global North histories institutions and ideologies Mona Domosh Professor of Geography The Joan P and Edward J Foley Jr 1933 Professor Dartmouth College This meticulous work explores how colonialism decolonization and postcolonialism shaped African geography and geographers It sheds light on efforts to Africanize the discipline a process which I was both witness to and a participant in Stanley Okafor Professor of Geography Retired University of Ibadan How did a generation of academic geographers engage with constitutional decolonisation during the end of the British empire in Africa In *Decolonising Geography Disciplinary Histories and the End of the British Empire in Africa 1948 1998* Ruth Craggs and Hannah Neate explore how the teaching research administration and activism of geographers in Africa shaped the discipline and the post colonial geopolitics of the continent The authors follow the professional lives of individual geographers to provide fresh insights into decolonisation in the former British Empire in Africa drawing from extensive archival research and more than 40 oral history interviews with geographers in Ghana Nigeria South Africa Tanzania and the UK *Decolonising Geography* is a must read for any reader in the UK and Africa with an interest in the relationships between geography and decolonisation

The Archaean Geology of the Kaapvaal Craton, Southern Africa Alfred Kröner, Axel Hofmann, 2019-02-20 This book provides a comprehensive overview of the evolution of one of the oldest and best exposed Archaean cratons on this planet There is currently a renewed interest in the early Earth and the Kaapvaal craton has long served as a model for early crustal evolution This unique multidisciplinary resource features information on geology tectonics geochemistry and geochronology It offers a wealth of new data on various aspects of the craton as well as contributions on

the various crustal units by international specialists Chants of Freedom Mathews Phosa, 2015-06-03 Mathews Phosa developed his love for poetry as a young boy growing up in rural Mpumalanga and Limpopo. Mostly written while in exile as the commander of an MK unit, *Chants of Freedom* vividly recreates the feelings of anger, defiance, frustration, shame, pain, and ultimately hope that characterised the exiles' experience of the struggle to abolish apartheid in South Africa. Writing in a lyrical style, Phosa addresses such themes as oppression, violence, death, and hatred, and recalls the atrocities and tragedies of the migrant labour system, the murders of innocent children, the detentions without trial, the bannings, and the state-sanctioned executions that characterised the apartheid era. He recalls the influences on his life from his grandparents to struggle leaders and pays tribute to the role played by women and the youth in the liberation struggle. He celebrates the victory over apartheid and eulogises all those who contributed to the fight for democracy, black and white. *Chants of Freedom* provides raw, powerful, and unprecedented insight into the consciousness of a freedom fighter and ultimately reveals his humanity.
