Untitled Book English Edition:

Gnosis and Hermeticism from Antiquity to Modern Times R. van den Broek, Wouter J. Hanegraaff, 1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one's true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement

Studies in Gnosticism and Alexandrian Christianity Roelof van den Broek, 2020-10-26 The discovery of the Nag Hammadi Library 1945 has given an enormous impetus not only to the study of ancient Gnosticism but also to that of early Christianity in general Most of the studies contained in this volume deal with mythological conceptions and theological ideas found in various Nag Hammadi writings The gnostic views on the nature of God and on creation and salvation receive particular attention ranging from Philo to the medieval Cathars The Nag Hammadi Library also shed new light on the development of early Alexandrian Christianity and its theology The book contains six studies which explicitly deal with these topics This volume is of interest to students of Gnosticism early Christianity and Graeco Roman religious and philosophical ideas in general
